

THE CONDON GLOBE.

THURSDAY, OCTOBER 31, 1901.

NOTICE.
The Globe has the correspondence from all parts of Gilliam county. We are thankful for the interest and assistance of our readers in the city of their respective neighborhoods. Correspondence should be signed by the writer, and if possible, the address, but an envelope of good paper, and the editor assumes no responsibility for opinions expressed by correspondents.

President Roosevelt's action in inviting Booker T. Washington, the eminent Negro, to dine with him at the White house has raised a storm of criticism and unfavorable comment all over the South. While this smashing of social precedent is very like Roosevelt and his sense of propriety as well as his social good taste and political acumen may well be called in question by people of Southern birth and breeding, still it may safely be asserted that a large number of people in every section of the country, will at heart admire the president's independence and "nerve" in thus daring to "take a fall" out of old Mr. Establishment Social Custom, and in shaking his fist in the redoubtable Mrs. Grundy's face. It is likely that the more President Roosevelt is criticized by Southern democrats on account of the Washington incident, the more likely he will be to invite some other dark skinned gentleman to share in the bounty of his table and he will no doubt keep right on appointing good southern democrats to federal offices whenever he fails to find honest and efficient southern republicans to fill the places. This is why the people take to Roosevelt; he refuses to be the tool of any machine or to do the bidding of any clique. Roosevelt runs Roosevelt and Roosevelt is President of the United States.

Stops the Cough and works off the Cold.
Laxative Broom Quinine Tablets cure a cold in one day. No Cure, no Pay. Price 25 cents.

Governor T. T. Geer is back in Ohio making campaign speeches and teaching the Buckeyes how to vote. In his first speech he told the gaping crowds that "the democrats are worse than the trusts" and he made the statement in such an earnest, impassioned manner that the Buckeye yawns seemed to believe him. No doubt Governor Geer is correct in that assertion—from his own standpoint. We have never heard of any of the trusts being "forfeited" Governor Geer's political aspirations but we can find several democrats—and a few republicans—who will pledge fidelity to the charge. The average Oregon politician seems to condition his estimate of men in proportion to their willingness to boost him into office. We don't wonder that Mr. Geer has decided that "the democrats are worse than the trusts."

A Typical South African Store.
O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which anything can be purchased from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record. For sale by Hudson Pharmacy."

Cafe De Schriver.
On account of ordinary delays in inaugurating any new business Mr. Schriver informs us that his new restaurant, which will be known by the above caption, is not yet fully prepared to accommodate the public. The lunch counter is now open and all kinds of shell fish, clams, crabs, etc., smelt, salmon, and other fine fish foods are now on hand. He makes a specialty of the finest Blue point eastern oysters for sale, either at the lunch counter or by the can. Mr. Schriver expects to have a first class cook in the establishment in a few days when he will be prepared to cater to the most fastidious tastes in the line of fine eatables. Hungry people will always look for Cafe De Schriver.
