THURSDAY, NOVEMBER 28, 1901.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

## LOCAL NEWS.

Joe Trivet visited Trail Fork Sunday.

Mrs. F. Adlard was in from Ajax Monday.

R. W. Cooke visited friends at Wasco last week.

Emmett Summers was in from Matney Flat Monday.

H. N. Anderson was in from his ranch on Lost Valley Fork Monday.

Dr. Wood was called to see Manley Keizer Tuesday night.

Frank Palmer was in from Ferry Canyon Saturday and Sunday.

Elder Swift will hold service here next Sunday morning and evening.

Hay Moore is on the sick list with symptoms of typhoid. Dr. Wood is in attendance.

Mrs. Juliette returned from Portland Tuesday.

Hon. Geo. Miller was out from Arlington during the week on business or politics or both.

Fred Wilson is on the sick list this week. His condition was rather serious last evening.

Wayne Grider and Elgin Myers distributed a load of big fat Thanksgiving turkeys around town Tuesday.

Herbert Halstead is putting lumber on the ground for a fine new residence near the Baptist church.

Manley Keizer has sold his ranch to a Willamette valley man. The consideration is said to be \$2800.

Stewart Campbell, the popular young Scotchman, is over from Mayville spending a few days with his friends.

J. O. Portwood wore the marshal's star and looked after the peace of the city during Marshal Downing's absence.

Wm. Stewart of Lone Rock was in town Monday. Bill talks of visiting Denver and other parts of the East this winter.

Mrs. Wilson arrived from Michigan Saturday. Frank Wilson met his mother at Spokane.

Walt, Brendon and White have returned from the Wallows country where they did a job of surveying for the government.

Wm. Kennedy a veteran of the Spanish-American war, who left here last June, and has since been in Southern Oregon returned to Condon Monday.

John Magee was in town Saturday. He says work has been commenced on the barb wire telephone line which is to connect his neighborhood with Condon.

Miss Lilla Clark entertained her classmates and other friends Monday evening the occasion being her 16th birthday. A most pleasant social evening was spent.

Geo. Perry, J. R. Fraser and Jeff Neel were in town over Sunday. Mr. Neel lately returned from Nome, Alaska, where he spent the Summer. He says that is a pretty bum camp.

Mrs. Maddock returned from a protracted visit at Portland Saturday. Her health is much improved from her outing. Her daughter, Miss Maggie is attending a business college in that city.

Our thanks to Seary and Cooke the famous goose hunters for a toothsome gosling received the other day. We understand these gentlemen are supplying the Portland market with Gilliam county geese.

Main street is "chock a block" with wheat teams about one half of the time lately. Anyone who can see the wheat rolling out this year will not have to study long to become convinced that Condon must and will have a rail road.

Fred Anderson, who has been at his home in Lone Rock for some time on account of sickness, has returned to town and is again at work in the Glens office. He will not return to school this winter but will devote all of his time to the art preservative.

Mr. Morris, of Lebanon, this state, was here for a few days during the week looking over the country and town with a view to locating. He was well pleased with the outlook and expects to return in the Spring and will, perhaps be accompanied by his brother.

The Gilliam County Teachers Reading circle has been organized here. The circle meets every Tuesday evening for mutual improvement. It is hoped that all teachers and those who are fitting themselves for that work who are within reach will become members. At present the meetings are held at the home of School Superintendent Neal.

"Doc" Hawson, formerly of Arlington, writes the Glens from Grangeville, Ida., to have his copy of the paper sent to that address. "He is engaged in the wholesale liquor business there. Harry Ladd, who is also well known here is with him. George Washington Good, who practiced law in Condon in the early days, is also there practicing law and is held in the same high esteem as he used to be in Gilliam county.

W. A. Campbell, who is familiarly known as "Sandy" all over the best part of the Pacific slope, has returned from his recent visit to the Buffalo Exposition and to his old home in Canada. To the surprise of all his friends he returned a bachelor—still enduring the torments of single existence—but he admits that it is not because he loves the Canada girls less but that he loves the Condon and Canyon City girls more. Of the two latter he seems to be unable to choose between but as he is an old friend of mine (we played together over sixty years ago) we will presume to whisper in his ear this old quotation "Of two evils choose the least." The Condon girls have never boasted much of their stature or avoirdupois.

## Will Not Accept.

W. S. Myers was in town Saturday for the first time since his attack of rheumatism. He is still rather lame but otherwise says he feels well. To a representative of this paper Mr. Myers stated that he will not accept the appointment as county commissioner to succeed W. R. Boyer, deceased, which was recently tendered him by the county court. He, like many other republicans, is of the opinion that, as a matter of political courtesy, the appointee should be a democrat.

## A Sermon on Roads and Other Matters.

Matney, Nov 24, 01.

Evron Glens: Surveyor Darling and his gallant band have been surveying roads Nos. 123 and 124 during the past week so that the aborigines of the Lone Rock country can be gotten out into civilization. The one road leads to Fossil, where they get their flour and other luxuries and the other winds its way to the county seat where they are taken notice of in stereotyped paragraphs and their grievances redressed. The viewers were Messrs Madden, Kiser and Johnson and Lon Stevens packed the hammer. At noon Mr Whyte treated the party to a *Dejeuner* but perhaps the least said about that the better. I will not eulogize farther than to say that their work as viewers of roads will stand for years as a monument to their good judgement for the benefit of the traveling public with the least possible damage in securing right-of-way.

## The County Court would do well to enroll all of these gentlemen as officers of the court and grant them a salary without applying to the legislature.

Roads and schools are about the only direct benefit the taxpayers get for their money and some of the roads, especially that section of the main artery running from Black Butte to the Wheeler county line are often in a deplorable condition; with rocks in the ruts and streaks of blue profanity, left by the hundreds of teamsters who pass and re-pass to the timber, in the air.

I have had to move back my fence to give the campers room, open my gates to let their teams water and many other accommodations. Sometimes a bad man will cut my fence and split my posts to make his coffee, but otherwise they all treat me as gentlemen.

Now why can't our county court give the people who travel this road some relief? Put in a pump at the crossing of Thirty-mile with a large watering trough attached. Employ a steady, middle-aged man on this section of the road during the summer months, let him pick out the rocks and throw them away, remove other obstructions and fill up the chuck holes with gravel or small rocks. Then instead of expletives their praises would be sung by teamsters of all political parties. This thing of placing a galoot with a pair of buck skin gloves and a white shirt and a garden rake at the earliest convenience of the supervisors, and just before they do their own hauling, they merely incur an expense to the county and their work counts for naught. When they do put in a lick they take out the gravel and small rocks which should be left in the road bed and pile up the larger rocks on the edges, which is often from one to two feet higher than the road bed. Many of the rocks roll back again. Then a team is hitched up and a load of straw is brought about four miles followed by a bunch of cows and stray hogs, the straw is dumped into the chuck holes and what is not eaten and rooted out by the stock and wagon wheels is blown away by the wind. A bill is then hatched after due cogitation which is brought into court.

## ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always insures a good night's rest. "It will cure the cough too," writes Mrs. S. Himelburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and never found it equal for Coughs and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50 cents and \$1.00 at the Condon Pharmacy. Trial bottles free.

## To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health. HALPS S. MYERS 84-Thirty-seventh St., Wheeling W. Va. For sale by Hudson Pharmacy.

This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack.
