

THE CONDON GLOBE.

THURSDAY, DECEMBER 10, 1901.

NOTICE.

The Globe invites correspondents from all sections of Gilliam county. We aim to make this paper the leading news medium of the county and invite our readers to assist us by writing in the news of their respective neighborhoods. Correspondence must be signed by the writer, and necessarily for publication, but an evidence of good faith, and the editor assumes no responsibility for opinions expressed by correspondents.

Although the court of inquiry finally found Schley guilty on 11 counts the finding will not affect the esteem in which the people of the United States hold the gallant old Admiral. He is still the "hero of Santiago" in the eyes of the people and will continue to be so in spite of all efforts of intriguing politicians to cast discredit on him.

Saw Death Near.

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly help, could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It is absolutely guaranteed for Coughs, Colds, Bronchitis, Asthma and all Throat and Lung diseases. 50c and \$1.00 at Condon Pharmacy. Trial bottles free.

From all appearances Condon will be a busy town next Summer in the building line. The flouring mill and school house are assured and it is known that a large number of residences will go up, and there is good prospects that two or three modern business blocks will be built. The man who owns property in Condon is in luck. Just watch us expand next Summer neighbors.

Food Changed To Poison.

Poisoning food in the intestines produce effects like those of arsenic, but Dr. King's New Life Pills expel the poisons from clogged bowels, gently, easily but surely, curing Constipation, Biliousness, Sick Headache, Fevers, all Liver, Kidney and Bowel Troubles. Only 25c at Condon Pharmacy.

THE ARGUMENT FOR PANAMA.

The Panama route is the better. It is shorter, safer, cheaper. It has natural harbors at either terminus, while an entrance to a Nicaragua Canal can be kept open only by continuous dredging. All these facts are brought out clearly in the report of our commissioners. One of them Mr. George S. Morrison—whose name we may say without disrespect to his associates, carried the greatest weight among engineers—squarely declares for the Panama Canal, even if the cost of buying it as it stands be \$109,000,000. His colleagues think this price prohibitory, and turn to the Nicaragua plan only because, as they say, the "terms offered by the new Panama Canal Company" were unsatisfactory. At a satisfactory figure—say \$50,000,000—it is clear that they would all agree with Mr. Morrison and recommend the Panama route.

The Panama route may yet be adopted. There have been important happenings since the report of our commissioners was drawn up, M. Hutin, president of the Panama Company, has denied that he intended to fix \$109,000,000 as the sum his corporation would demand for the transfer of all its rights and titles. He appears to have mentioned some such amount merely as a basis for chaffering. This was a great mistake as he himself later perceived, since he called upon the President on Tuesday to make a formal offer of the Panama property to this Government. The price was presumably much lower than that reported by our commissioners—at any rate, it should have been. M. Hutin must see that it is with his company a case of reasonable sale or absolute ruin. President Roosevelt it is certain has shut no door upon an advantageous offer. His message speaks only of an "isthmian canal." There is no official commitment to the Nicaragua route. Surely the facts being as they are, it ought not to be impossible for French lucidity and American "horse sense" to get together and prevent the squandering of millions and the choice of an inferior canal.—New York Evening Post.

A Good Cough Medicine.

[From the Gazette, Townsville, Australia.] I had Chamberlain's Cough Remedy in an excellent medicine. I have been suffering from a severe cough for the last two months and it has effected a cure. I have great pleasure in recommending it—W. C. WOODRUM. This is the opinion of one of our oldest and most respected residents, and has voluntarily been given in good faith that others may try the remedy and be benefited as was Mr. Woodrum. Sold by Hudson's Pharmacy.

for a rail road to build in because indications were never before so favorable for the early completion of a road into Condon, and when actual work begins Condon property values will surely advance 100 per cent.

For a Railroad

will make this town. Condon is bound to grow, however, even without a rail road. It has the county seat, it has an unlimited supply of pure water, it is centrally located in the heart of a rich country and must always enjoy a large and growing trade. Don't procrastinate about this matter

LONE ROCK.

The public school will have but one week vacation for the holidays.

A new restaurant was opened up in the city this week. Erv. Wilks is the proprietor.

Bill Matlock made a trip to Heppner for a six horse load of goods for his store this week.

Mrs. J. R. Bennett has been quite ill the past week but we are pleased to note that she is able to be out again.

The late snow has about all gone from the lowlands and the weather being quite warm there has been no need of feeding stock yet.

W. C. Brown passed through here the first of the week with 40 head of yearling steers which he had bought of Gilman French & Co. The price paid was \$21 per head.

The folks of this burg are trying to put the big kettle inside little one the coming Christmas in the way of having a Christmas tree and other appropriate exercises on Christmas Eve.

The Lone Rock and Heppner mail seems to have been getting in and out in all sorts of time excepting the right time of late. Teamsters seem to get over the roads fairly well but Uncle Sam's foreman declares they are a fright.

Some of our horse raisers took cavalry stock to Condon for sale a few days since but the sales were not very flattering. It is generally understood that one of our rustlers started out with 15 head of horses to sell for cavalry purposes last Spring and has been chasing about after the buyers till his stock is worn out by travel and light feed but he finally succeeded in selling one at Condon last week and he says the market is beginning to look up a little.

A. J. Snell wanted to attend a party but was afraid to do so on account of severe pains in his stomach, which he feared would grow worse. He says, "I was telling my troubles to a lady friend who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two does cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summer Hill, N. Y. This remedy is for sale by Hudson Pharmacy.

A MERRY CHRISTMAS.

To our friends and patrons one and all we wish a MERRY CHRISTMAS and a happy and prosperous NEW YEAR.

We are too busy to write a big ad but, as usual, our store is filled with useful and beautiful reasonable goods. Special attention to mail orders.

Pullman Ordinary Sleepers

The tourist travel between the East and the Pacific Coast has reached enormous proportions in the last few years, and calls for a special class of equipment.

To meet this demand the Pullman Co. has issued from its shops what it technically calls the "Pullman Ordinary Sleeper."

These cars appear similar to the regular sleepers being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger.

Each car has a stove for making tea and coffee and doing "light housekeeping", and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths; keep the car clean, and look after the wants and comforts of the passengers.

In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman Ordinary Sleepers".

The car attached to the "Chicago-Portland Special" goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger.

Much of the first class travel is being carried in these cars, the rates being lower, and the service nearly equal to that in the palace sleepers.

For rates and full information, including folders' write to A. L. CRAIG, General Passenger Agent, O. R. & N. Co., Portland, Oregon.
