Pullman Ordinary Sleepers

The tourist travel between the East

and the Pacific Coast has reached enor-

mous proportions in the last few years,

and calls for a special class of equipment.

To meet this demand the Pullman Co.

has issued from its shops what it tech-

nically calls the "Pullman Ordinary

Sleeper." These cars appear similar to

the regular sleepers being built on the

same plan, but not furnished with the

same elegance. They are equipped with

mattresses, blankets, sheets, pillows,

pillow-cases, towels, combs, brushes,

ect., requiring nothing of the kind to

be furnished by the passenger. Each

car has a stove for making tea and coffee

each section can be fitted with an adjust

panies each car, his business being to

make up berths; keep the car clean, and

look after the wants and comforts of the

passengers. In each of the trains which

are dispatched daily from Portland by

the O. R. & N. Co. is to be found one

of these "Pullman Ordinary Sleepers"

The car attached to the "Chicago-Port-

land Special" goes through to Chicego

without change, and the one in the

"Atlantic Express" runs to Kansas City

without change. Passengers in this car

lower, and the service nearly equal to

that in the palace sleepers.
