were drawers and shelves, room for a ble he trunk, and little cubbyholes for storing fore. things, until really in that one wall, twenty feet long and ten feet high, was room for more stuff than nine-tenths

of people have. "I forgot to say that the inside of the high closet for clothes was a mirror 2 white, but he held his nerve. When

of household conveniences in amazement, and when he had shut it all up

again, leaving the handsome, well-lighted sitting-room. I could scarcely realize that I was not in the home of a magician who touched the walls and brought forth what he wished. My friend told

me he had more conveniences in mind for rather larger rooms, one being a shower bath to take the place of the wash stand. He said his idea was, that this kind of a room could be used in houses of any kind, but he designed it especially for the apartment house of the future, where in small space a man or a woman might get some of the com-

forts of a home in a room that would cost only \$15 a month rent, and still be Mount Blanc at Chamounix, which that good time is coming," concluded

ROSA BONHEUR'S LIONS.

Clareti's Personal Recolletcions of the

Noted Painter. I do not know why, but instinctively ever in my thoughts I place George Sand and Rosa Bonheur side by side. I have known them both intimately. and they have left me the same impression of repose, of touching naivete, of simplicity and goodness.

George Sand possessed a unique charm in her expressive eyes-those

lost its nutritive qualities, has become thin walks abroad in Nohant, the little birds and watery. It is in just such cases that winged their flight to her instinctively, sity there, the total aggregating nearly

magnetic power over them. The fierce watchdogs of the house at By were like lambs in her presence. Tame lions she had about her, too, those majestic creatures that she so loved to paint, and whose manes she would smilingly caress with her delicate hand. The deer of the forest contemplated her

with a glance of recognition, as if they comprehended that she was in truth their painter. M. Gerome, when he

wished to paint llons, visited the tamer, Pezon, at the Jardin des Plantes, and made his studies across the bars of the cages. Bonheur tried a different proves at once, strength plan. She actually gave the freedom of her gardens to the lions of the me-

> by on the road would regard with stupefaction a tawny llon crouching on wall which formed his pedestal.

Sorely frightened, pedestrians would hasten their steps, as if they feared the ferocious beast would leap forth upon them. The lion, however, remained quiet. Possibly he despised these bipeds; or, rather, if we may believe Rosa Bonheur, he was in reality both | tering the house. good and kind. It amused him to see the people stare.
