The roads are getting in fair condition again and wheat teams are beginning to travel.

J. G. Stephenson, of Ferry Canyon, marketed a fine lot of fat hogs at Arlington last week.

Arthur Ames is here from Columbus, Washington looking after his Ferry Canyon ranch interests.

D. W. Ralston, of Mayville, went through town Tuesday with a drove of fat cattle for market.

E. P. Weir was in town Monday on his way to Arlington after a visit with his family at Mayville.

Alex Hardie was in town Friday and Saturday. He reports Mrs. Hardie's condition much improved.

A number of Condon people expect to attend the entertainment at Mayville tomorrow evening.

Lancaster & Pattison advertise two fine tracts of farm lands this week which are bargains. Read their ad on another page for description.

Clarke & Frazer have completed an addition to their store room on Main which will give them double capacity for their increasing business.

Mr. and Mrs. John Hire were in town Friday from Matney. John took home with him a new drill, harrow and gang plow and will soon be busy using them.

A call has been issued for the Socialist state convention which is to meet in Portland March 5th. The socialists propose to put a full state ticket in the field.

John Madden, of Lone Rock was here Monday on his way home from Olex where he went to secure a quantity of alfalfa seed to sow on his Lone Rock ranch.

Mr. and Mrs. H. L. Propst have removed to Spokane where Mr. Propst is interested in the marble business. Their many friends here will wish them success in their new home and business.

J. J. Portwood and family moved out to their ranch on Matney Flat Monday where they will spend the Summer. A. S. Hollen and family will occupy the Mrs. Brown house vacated by them.

Gilliam county may be short on shade trees, corn fields and gold mines and a few other unimportant items but at this season of the year we are reminded that the gentle breezes blow in first-class style.

Andrew Greiner, with six teams, went through town yesterday with a carload of fat hogs for Troutdale. The Mayville country is sending out a large amount of pork this winter and the price is very good.

Hugh Jordan, a former well known resident of Condon, who has been living at Lone for the past year has returned to Condon and accepted a position in Myers' Meat Market. He is occupying the Gilin cottage. Mr. Jordan says he is in Condon to remain permanently.

J. A. McMorris goes to Fossil today to put in a number of telephones at that place. Mr. McMorris will on March 17 begin the construction of a pole and wire line between Robert Spencer's ranch and Olex, a distance 15 miles. He is rapidly connecting up all of this country with his excellent bell systems.

Mr. and Mrs. W. L. Barker came out from Arlington Friday to spend a few days in this locality where Mr. Barker has extensive business interests. While here Mr. Barker invested in some choice residence lots in Condon adjoining other property he now owns here. He intimated that he is likely to locate permanently in Condon in the not distant future.

Captain Billy and his band of aboriginal braves were in town during the week being out on their annual wool pulling round-up. Captain Billy looked too long upon the fire-water when it was white and in consequence acquired a more than comfortable "skate." He was gathered in by Marshal Armstrong and lodged in the skookum house to mediate on the power of undiluted alcohol.

The Shaniko Leader is out with an excellent illustrated number containing much descriptive matter regarding Wasco, Sherman and Crook counties. The number is in magazine form containing 138 pages and is copiously illustrated with numerous excellent half-tone engravings. It is a splendid monument to the ability and enterprise of the publisher Wm. Holder.

While on their way to Trail Fork Saturday evening Mike Sammers, Fred Wilson, Geo. Martin and Stewart Campbell met with a rather serious accident. While going down a grade the team left the road and the surrey in which they were riding turned bottom side up in a deep ditch. The coupling gave way and the team ran quite a distance with the front wheels. Fortunately none of the party were seriously injured but the surrey when brought in next day in an ambulance looked like a relic of the Boer war.

New People Coming.

William Shaw and Mr. Hartshorn and their families of Lamoni, Iowa, are on their way to Condon and are expected here within a few days to locate permanently. Mr. Shaw is a son-in-law of W. M. Hawes, of near town, and will probably locate in town. Mr. Hartshorn was here last year on a tour of inspection and he has bargained for J. H. Downing's ranch one mile north of town. They are shipping a car load of goods including some good horses, and are of that class of well-to-do citizens of whom we cannot get too many. The season promises a big immigration of desirable settlers from the East and we predict a year of advancement for Gilliam county such as has never before been known in its history.

Welcome the new comers and induce them to induce others of their friends to come. There is room for many here.

Married.

A quiet wedding took place Sunday at the home of W. S. Myers, near this city when Miss Stella Adlard, of Ajax, and Mr. Elgin Myers, of this city were united in marriage, Rev. D. L. Dutton of The Dalles, performing the ceremony. Only the immediate relatives of the young couple were present to witness the ceremony. Both parties are well and favorably known here, the bride having been a successful teacher in this and adjoining counties for several years, and is highly esteemed wherever known and the groom—well everybody knows Elgin as one of the most popular young men of the county. He has lately engaged in business in town and is already recognized as one of Condon's best citizens.

The Groom joins their many other friends in all kinds of good wishes and congratulations.

Committed To The Asylum.

C. N. Johnston, who holds a homestead on Hay Creek was arrested yesterday morning and examined as to his sanity before Justice of the Peace Neale the examination being conducted by Dr. J. F. Wood. He was adjudged insane and committed to the asylum at Salem. Johnston's mania seems to be that everybody in the neighborhood had it in for him and wanted to kill him and when arrested he was armed with a large revolver. He is a native of Tennessee and says that his aunt was insane at one time. He is not violent but wanted protection from his imaginary enemies. He will be started for Salem today.

LONE ROCK.

There is considerable sickness among the people mostly on account of the grip. The weather has been warm and delightful for the past week and the new grass is growing nicely.

Jeff Hayes took his wife to Heppner for medical treatment last week. Mrs. Hayes has had a lingering ailment for several months and her case had become critical, but since going to Hepper she is much improved.

Bill Matlock started Sunday morning to take Geo. Perry to Portland for medical treatment. George has not been able to sit up for over two weeks and is gradually sinking from an abscess on the lung but many prayers are going up for his recovery and safe return to his family.

The nomination of city officers in our burg took place Monday and were as follows: for Mayor W. T. Matlock, for Recorder J. R. Frazer, for Treasurer J. M. Williams, for Councilmen P. L. Ham, Geo. Wick, Jeff Hayes and Chas. Cason which everyone thinks is a good selection and leaves no room for kickers to get in.

A careless man put a careless arm around a hatless girl, as over the dusty roads in a horseless carriage they whirl. Like a leadless bullet from a hammerless gun by smokeless powder driven, they fly to taste the speechless joy of endless union given. Though the only lunch his coinless purse affords to them the means, is a tasteless meal of boneless cod with a "side" of stringless beans. He puffs a tobaccoless cigarette and laughs a mirthless laugh, when papa tries to coax her back by wireless telegraph.—Ex.
