

THE CONDON GLOBE.

THURSDAY, JUNE 26, 1902.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Al Moore is building a new residence near the water tower.

Mr. and Mrs. B. K. Seary were in town a day or two last week.

FOR SALE—Thoroughbred Poland China boar. Enquire of J. J. Stevenson.

John Portwood's new house is under way and work is progressing rapidly.

John Portwood's family is down with measles at their home on Matney Flat.

Fred Wilson was using a crutch the first of the week on account of a sprained ankle.

Mrs. Al Seary, and children left Sunday for the Willamette Valley where they will spend several weeks visiting relatives.

Frank Armstrong went to Portland Friday to secure men to work in the brick yard.

T. L. Portwood has moved to town and resumed work at his trade as harness maker and saddler.

Elder A. B. Moore is building a new residence near the Saint's church. Will Livingston is doing the work.

Miss Carrie Danneman, of Clem, visited Mrs. T. G. Johnson and attended the social dance last Friday evening.

O. P. Hulse and son, of Moro, were here last week looking for land. Mr. Hulse is in the real estate business at Moro.

Mr. Van Ordstrand, a druggist of Mitchell, was here a few days visiting his brother who is still seriously ill in the Fliz building.

Miss Dora Downing announces sweeping reductions in trimmed hats and other millinery goods from now until July 4th. Call and see her large stock.

J. G. Stevenson will sell all of his horses, cattle and farming implements Monday, July 7. The sale will be held in Condon. See bills for particulars.

Taylor Brandon and family expected to start yesterday for Wallowa county where they will make their future home. They will engage in the stock business there.

School Superintendent Neal visited the Lost Valley school Monday of which Miss Nellie Brown is teacher. Mr. Neal says it is one of the best conducted schools in the county.

Andy McLaren and Pat Connolly write from Sumpter and Monument, respectively to have their copies of the Globe forwarded. Both are on the Summer range with sheep.

P. H. Stephenson left yesterday for Heppner from where he will ship eight car loads of mutton belonging to Mrs. C. W. White to the Omaha markets. Bob Pattison accompanied him on the eastern trip.

J. W. Miller was a pleasant caller Friday. Mr. Miller is still busy hauling his last year's crop to Arlington and does not expect to be able to finish by the time this year's crop is ready to harvest. Yes we need a railroad out this way.

The dance given last Friday evening by the the Condon String Band was a pleasant affair. The music was fine and much appreciated by the dancers. Another dance will be given by the same management next Saturday evening. See bills.

Cass Simpson left for the mountains Tuesday to look after his sheep interests. Cass has received two or three letters recently warning him not to take his sheep into Grant county this summer but he thinks it is only a josh and says he proposes to go up and see if they mean it.

J. K. Fitzwater returned from Wyoming Friday where he has been for some time looking after his sheep interests. Mr. Fitzwater expected to sell his sheep there this season but found it impossible to do so. He says no one in that country has any money except the sheep men and they all have sheep to sell. Wool is selling there at 11 to 12 cents per pound.

Dr. Wood left for Portland Monday in response to a telephone message which stated that his his mother was seriously ill. The doctor had been on the sick list himself for several days and had intended to go to Portland for a few days' vacation but the word of his mother's illness hastened his departure. He was feeling much better when he left than he had been for several days.

Miss Joyce Hershner, who has been teaching a term of school in Ferry Canyon, left for her home in the Valley Sunday. The announcement made last week that Miss Hershner had been employed to teach the primary department in the Condon school seems to have been premature as the statement has since been made that the contract with her has not yet been closed.

The Arlington Lumber Co. was fortunate in securing two car loads of Best Cedar Shingles during the late strike in Portland, owing to the fact that building was stopped for want of lumber, but the shingle mills kept on getting out shingles thereby overstocking the Portland market for a few days. It's all off now and shingles have advanced in Portland but we are making our friends the \$2.45 price while the two cars last. Sent in your order.

Governor Geer has pardoned Frank S. Ingram, the life term prisoner who lost a leg in the recent outbreak at the penitentiary in his attempt to save the life of one of the unarmed guards. Liberty will not be much of a boon to him in his crippled condition unless some provision is made for him to earn an honest living for himself and it would seem to be only right for some assistance to be given him in a new start in life.

Coronation Postponed.

The coronation of King Edward the VII which was to have taken place today has been indefinitely postponed. The King underwent an operation for appendicitis on Tuesday and, while the operation was successful, the greatest fears are entertained for the outcome within the next 48 hours. The King has been ailing for some time but it was only Monday night that an operation was decided upon. Many of the foreign representatives who were in London to attend the coronation have returned home and the general opinion is that the ceremony will never take place.

The Portage Road.

Paul F. Mohr has been in Spokane for the greater part of the week. He was interviewed by the Chronicle there relative to his long-delayed portage road, and is thus quoted by that paper: "We are not yet in funds but we hope to be." Continuing Mr. Mohr said: "The report that we had already purchased the rails on the right of way is incorrect. They have been bought in by Hofas & Co. of Seattle, who are holding them till we have an opportunity to turn around.

"The Columbia River Company is being organized to take over the assets and complete the work. The opposition of powerful railway interests makes it impossible for us to secure the funds from large money centers. The money must be subscribed by the men who are to be benefited by the road. It is too late now to complete the road this year, but later we hope to show results."

Mr. Mohr's faith in the ultimate success of his plan is of that never-dying and persistent quality that augurs well for eventual success. There is no question whatever but that once the portage road gets into operation, it will open up a territory the traffic from which will reach enormous proportions. At present this cannot be touched, for lack of facilities for transportation.

Might Have Been Serious.

What might have been a serious accident occurred on the Matney Flat road one day last week when John Knox was on his way to the timber with his freight wagons. Mr. Knox had just met and passed R. De Neul's team when from some unknown cause his horses became frightened and turned around in the road upsetting the lead wagon. Just as the wagon turned over Mr. De Neul stopped his team and Mr. Knox's leaders ran into the rear of his wagons which stopped them. Mrs. E. E. Fair, of Lost Valley, was in the wagon with Mr. Knox and when the wagon turned turned over her foot caught in the seat spring holding her fast. Had the team met with no obstacle it is likely that they would have ran and perhaps dragged the lady to death. As it was she was speedily released from her perilous position and fortunately escaped without so much as a scratch. All the damage that was done was a broken wagon tongue for Mr. Knox.

Wanted—A Wife.

George Martin has bought the W. L. Wilcox residence property, on Church street, the consideration being \$1,800. Like many other people the more George has the more he wants and now that he has a house he wants a housekeeper and he wants her bad. He has authorized the Globe to advertise for one and says that any old (or young) thing, maid or widow, from 15 to 50, will fill the bill. No objections will be made to any lady who is worth \$50,000 or \$100,000 in her own right but as George is not mercenary he hopes her fortune will not exceed the latter figure. He promises to be a most indulgent husband and, to prove it, agrees to let her split all the kindling and build the fires if she wants to. This is the chance of a life time ladies. Don't miss it.

More Sheep Shooting.

The strained situation with regard to summering sheep in the mountains grows more and more intense. While the sheep men this side the mountains are "resoluting" the settlers on the other side are shooting sheep on government land within the dead line they argueantly established in the Camp Watson mountains. The latest sheepman to suffer is Wm. Mascall, of Grant county, whose range is just beyond the Wheeler county line. Mascall's sheep were driven into the Black canyon district for summer range, and there about ten days ago 153 head were killed by 12 masked men, who also burned the camp. Later a large quantity of stock salt mixed with strychnine was found on Keeton creek where sheep are accustomed to pass enroute to the mountains. The Woolgrowers' Association of Wheeler county held a secret meeting at Mitchell the other day, to devise means to protect their rights. Many herders are quitting, as they do not like to pose as targets for the guns of infuriated ranchers.—Fossil Journal.

Resolutions of Condolence.

At the annual meeting of the Wheeler County Oregon Pioneer Association held at Mitchell on the 11th and 12th days of June A. D. 1902, the Committee on Condolence reported the following resolutions:

WHEREAS: It has pleased God to remove from our midst Bro. L. G. Edelman, Be it Resolved: That the sympathy of this society be extended to the bereaved family, and that a copy thereof be sent to them and to each of the Condon papers and to the Fossil Journal for publication, and that the secretary be instructed to enter the same in the records by devoting a page thereof to this resolution properly inscribed in mourning.

Wilson's Pharmacy.

Mr. and Mrs. W. J. Smith were in from Matney precinct Monday.

Get Clarke & Frazer's prices on Doors, Windows and Trimmings before buying elsewhere.

Jakie Jacobson, the big musical goods salesman, was here Sunday on one of his periodical business trips.

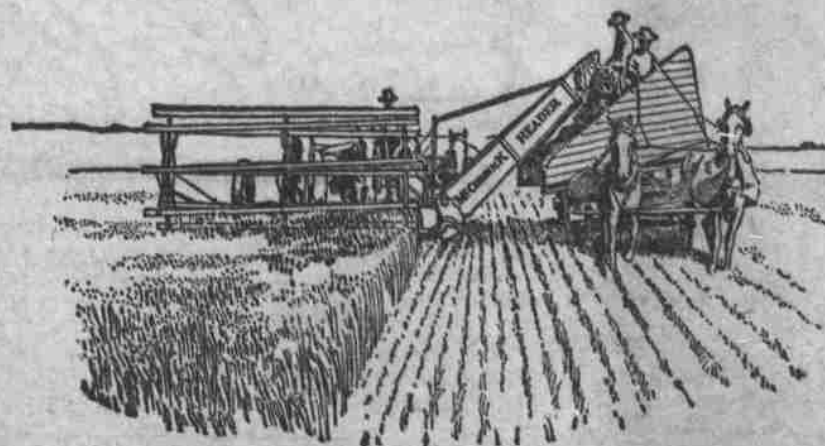

Of what does a bad taste in your mouth remind you? It indicates that your stomach is in a bad condition and will remind you that there is nothing so good for such a disorder as Chamberlain's Stomach and Liver Tablets after having once used them. They cleanse and invigorate the stomach and regulate the bowels. 25c at Condon Pharmacy.

D. S. Dufur left for his home at the Dalles Sunday evening. Jay Bowerman accompanied him on a business trip

Portland had a half million dollar fire last Saturday night. Seven blocks were burned out along the water front on the East side.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. STRICKFADEN, editor World-Herald, Fair Haven Wash. For sale by Condon Pharmacy.

Buy a McCormick Header

This Header has stood every test for years a d all who are familiar with its merits admit its superiority over all competitors. Light running, easily operated, simply constructed, built to wear and a few of its good points.
