**OF IMPORTANCE TO OREGON FARMERS.**

The matter of establishing large stock yards and packing houses at Portland is being agitated and the investigation which has been carried forward along that line has brought to light some surprising facts. According to a statement published in the Oregonian Portland imports annually 325 carloads of hams and bacon, 9,000,000 pounds, worth \$1,250,000, and 3,000,000 pounds of lard, worth \$425,000; all this in addition to the products of 45,000 hogs packed locally. The available market for local packing-houses comprises, besides the 12,000,000 pounds of lard, hams and bacon distributed in the state, 36,000,000 pounds of the same product that Chicago, Kansas City and Omaha are sending to Puget Sound and Alaska. A rapidly growing trade beyond the Pacific is available for Portland packers, if establishments of adequate capacity were here to handle it. Greatly increased stock yard facilities and large packing-houses are required to handle this industry, for which Portland offers advantages superior to those of any other city on the Pacific Coast.

The same paper, after having made direct inquiries of and received replies from a large number of representative farmers in Eastern Oregon and Eastern Washington, is of the opinion that, with proper facilities for handling the output, and a market established on the same stable basis that they are at Missouri river points, the country east of the Cascades would send to Portland, annually, 2,500,000 hogs. Continuing the article says:

"The hog-raising possibilities of all that vast wheat-raising territory are unknown and impossible in the corn raising and feeding states of the East. Scores of Eastern Oregon wheatgrowers have given it as their experience that every 160-acre wheat farm can produce 50 hogs that will weigh 250 pounds each when 10 months old without a dollar's worth of merchantable wheat having been put into them. These farmers last year sent to market carload after carload of fat hogs that had spent their entire life upon the volunteer fields of rye, wheat and barley and on the stubble fields. Such men, by boring wells, and fencing to restrain the hogs, have solved the problem of saving the waste which modern methods of wheat harvesting entails. This experience means that the many millions of acres of wheat land tributary to Portland may in the near future send 2,000,000 hogs to this market, even though every bushel of merchantable wheat be also sold. But sections of wheat country that are a long distance from a railroad are already increasing the hog output by feeding good wheat. Experience has shown many wheatraisers that when hogs are worth 4 cents a pound, wheat can be marketed through those animals for 75 cents a bushel. Hogs now bring 6 1/2 to 7 cents."

While part of the above may be a little in excess of reality there is no doubt but that the establishment of extensive stock yards and packing-houses at Portland would prove a powerful incentive toward extending the hog industry of Oregon and, in this section at least, that industry has already been proven to be the best line of business in which the farmer can engage. Let Portland furnish the packing-houses and stock yards and Eastern Oregon may be depended on to furnish her share of fat hogs and cattle to keep them running.

An editor who has been married just a year remarks: "When the first baby howls at night with the colic, the father and mother look reproachfully at each other as if to say, 'you got me into this scrape.'"

**It Dazzles The World.**  
No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. Its severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest and surest cure in the world. For sale by Condon Pharmacy who guarantee satisfaction or refund money. Large bottles 50c and \$1.00 trial bottles free.

The refusal of Superintendent Lee, of the Oregon penitentiary, to pay over the reward which was offered for the capture and return of Ouslaw Merrill, dead or alive, looks very much like a square backdown on the part of the state in making good its contract. The State offered a stated sum of money for Merrill, dead or alive; Mrs. Waggoner found the body and delivered it to the people who offered the reward. The State is morally and—according to the opinion of many good lawyers—legally bound to pay her. The state should pay up and look pleasant and guard against similar outbreaks in the future.

**A Poor Millionaire**  
Lately started in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. money back if not satisfied. Sold by Condon Pharmacy.

**ARLINGTON.**  
Wayne was up to see his girl Sunday. W. E. Reed was in and took out three harvest hands Sunday. Miss Ollie Smith is spending a few days at Schuttler Flat. Frank Stevens was in from Poplar Farm Sunday and Monday. Ed Dodson and wife made a trip to Mayville and return last week. Henry Hase is down from Walla Walla visiting Jesse and Dora Sweetin. C. E. Hatch made a trip to the oil fields Friday returning Monday. The Arlington ball team will go to Fossil Saturday and play ball Sunday. Miss Mabel Anderson, of Goldendale, is visiting her sister Mrs. H. C. Mason. Bohn—Saturday, July 19th. to the wife of F. H. Robinson an 8-pound son. S. A. Thomas, of Portland, has succeeded S. G. Dorris as foreman of the Record. Geo. Smith was called to the Valley Sunday by the serious illness of his father. The drill has arrived and boring will soon commence in the oil field opposite Castle Rock. Irby, Starr and others made a trip to Castle Rock Sunday after rabbits. They bagged quite a number. F. Babbe went up the river Sunday and caught six young geese. They are almost large enough to fly. Frank Baker was in from Blalock Sunday. He is running a butcher wagon on Blalock and Schuttler Flats. S. G. Dorris made a trip to Portland Saturday and purchased a printing plant for the Bickleton Blizzard. The Arlington Warehouse Co. is excavating on the lot where the Gilmore hotel formerly stood and will erect a warehouse thereon. The Blalock country will be connected with Arlington by phone the coming week. In time Schuttler will be included in the circuit.

**The Best Liniment For Strains.**  
Mr. F. H. Wills, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by Condon Pharmacy.

**Photographs Wanted.**  
The Lewis and Clarke Exposition Co. will have need for a large number of photographs to illustrate publications on the Pacific Northwest which will be issued to advertise the 1905 Fair. Donations of views of landscapes, cities, mountains, farms, growing crops, forests, mines, fisheries, river scenery, seaside resorts etc., suitable for the half-tone process, will be appreciated by the company. Photographers, professional and amateur, who desire to make donations, should address their pictures to Henry E. Reed, Secretary of the 1905 Fair, 246 Washington street, Portland, Oregon. The subject of the view should be indorsed on the back of the photograph, also the name of the photographer, so that no mistakes will be made. Credit will be given the photographer in all cases where use is made of his pictures. Photographs are desired from every section of Oregon. None except those that will make good reproductions are wanted.

**Summer complaint is unusually prevalent among children this season.** A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in the summer time.—Eansing, Iowa, Journal. For sale by Condon Pharmacy.

**THE SAME OLD STORY.**  
J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson S. C. For sale by Condon Pharmacy.

**THE CELEBRATED .. COLUMBIA BREWERY ..**  
AUGUST BUCHLER, Prop.  
Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the laboratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by both old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
