

RHODES SCHEME.

The late Cecil Rhodes was essentially an empire builder and the scholarships which he provided for his will were intended to foster the spirit of imperialism...

As to the Rhodes scholarships, President Harper of the Chicago university sounds the following note of warning: "If the Rhodes scholarships are to be employed to detach from the American environment 100 or more young men of special ability each year and transport them to foreign soil in order to imbue them with foreign ideas at an age when they are peculiarly impressionable; if the purpose of this foundation is to draw all men to a recognition of the doctrine of imperialism as it is embodied in the British empire, the execution of this trust may prove a curse instead of a blessing to those who avail themselves of its privileges."

Their Secret Out.

All Sadville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whitaker, who had for a long time endured untold suffering from a chronic bronchial trouble.

Some railroad presidents seem to have an unlimited amount of undeterred gall.

"Huckleberry Finn," one of Mark Twain's most popular works, has been excluded from the Denver library on the ground that it was immoral, but perhaps Mark will take it as a joke.

Henry L. Shattuck, of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets.

While making a speech in Montana the other day, President J. J. Hill said that the people did not appreciate the railroads enough and more than that he said they might be forced to appreciate them. Rather forcible language Uncle Jim is using.

A YOUNG LADY'S LIFE SAVED At Panama, Colombia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician of Panama, Colombia, in a recent letter states: "Last March I had as patient a young lady 16 years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within 8 hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well."

When on his way to his body was buried acid was poured on his face to destroy it so that some show company would not dig up the body for exhibition purposes.

There seems to be no limit to the inflations of the new trust organizations, and there is no doubt that in time these enormous trust bubbles will be pricked and many are sure to be hurt from the escaping wind.

The following from the Portland Evening Journal seems to indicate that the portage road will be built: President Walter H. Moore of The Dalles Navigation Company has left that city in company with a surveying party to make the preliminary survey for the new Dalles-Biggs railroad.

The meanderings of the road as now outlined will be from The Dalles to Five Mile, thence to Ten Mile, crossing Cooper Pass. The road will cross the Deschutes river near the old Miller bridge, and thence run straight to Biggs, embracing in all about 25 miles of road. Nothing on earth can deter us from the consummation of this proposed outlet to the Inland Empire.

A Cure for Cholera Infantum. "Last May," says Mrs. Curtis Baker, of Bookwiler, Ohio, "an infant child of our neighbor, was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this remedy frequently and have never known it to fail in any single instance."
