Mr. and Mrs. Chamberlain and her sister, Miss Costa, are here from Fossil to locate. Mr. Chamberlain will open a short order restaurant in the Summit saloon building.

Miss Brosseau, of Portland, spent a few days here the first of the week. Miss Brosseau holds a responsible position in the Portland office of the Mutual Life Insurance Co.

Frank Maddock is confined to his bed as a result of an injury he received in the hip joint about two years ago. A fall on the Lone Rock ball ground July 4th, aggravated the trouble and he was finally compelled to submit to treatment to ward off more serious trouble. Frank does not like the prospect of two or three weeks in bed with a weight dangling from his foot a little bit.

Mr. and Mrs. H. W. Paulling, of Portland, are the proud parents of a bouncing baby girl of recent advent. WAS STEAMED UP

Condon Milling Co's Plant About Ready for Active Operations.

Steam was made in the big boilers of the Condon Milling Co's plant, for the first time, yesterday. Everything was in ship shape and the first attempt at getting up steam and starting up the ponderous engine was quite satisfactory to the owners.

It is the purpose of the company to operate the feed mill from now until the entire plant is completed which will be in about 10 days. Then the whole plant will be operated to its full capacity day and night.

The date of the completion of this mill will be a red letter day for Condon and will mark a new era in the town's history.

Popular with the Ladies.

W. A. Campbell, the gentle, genial genius who looks after the welfare of prospective widows and orphans, all through the interior of Eastern Oregon, through the medium of the old line life insurance policy, is here this week diligently prosecuting his labor of love.

All the ladies love him, not only for himself alone, but because of the fine, fat bank account which his unselfish and untiring efforts will enable their present or prospective husbands to leave as a legacy to their weeping widows.

No wonder the Gilliam girls glorify him while the spy Canyon City coquettes are consumed with unconquerable contempt for Condon whenever they hear he's here.

No it's no wonder! We know something about the matter. We need to be young and handsome ourselves but, alas! we was not in the life insurance business.

Arm Broken.

Mrs. Wm. Rogers, of Matney, had the misfortune to fall from a load of hay on which she was riding last Sunday, thereby sustaining a very bad fracture of the right fore arm and wrist.

The bones were crushed and split into the joint and protruded through the flesh. It is feared the injury is of such a nature as will permanently cripple the hand.

Dr. Wood reduced the fracture and is giving the sufferer every possible attention.

These repairs have long been needed and the knowledge that the hall and lodge room are to be renovated and made respectable and in keeping with the requirements of an up-to-date town, will be hailed with delight by everyone. The improvements will cost the company more than \$200.

Henry Conndet is assisting Mr. Darling with the work which begins this morning.

Rate War Over.

The rate war between the erstwhile rival stage companies is over. An agreement was reached Tuesday by which J. W. Jackson & Co. bought out Grant & Co. and hereafter only one line will be operated and the rates will be restored.

The change will not particularly please traveling public, who look to 4-bit fares like a pretty girl to a mirror, but it will be a good stroke for both stage companies. Messrs Jackson are good stage men and have always maintained a first-class service.

Henry L. Shattuck, of Shelleburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by Condon Pharmacy.
