

THE CONDON GLOBE.

THURSDAY, SEPTEMBER 11, 1902.
THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Condon Millinery Co.
John Stitt's baby is very seriously ill. Latest styles in hats at Condon Millinery Co's.

Miss Mary Wehrli returned Sunday from a visit to the Valley.

Mrs. Edelman and her son Frank, of Mayville, were in town Monday.

Mrs. Al Collins was seriously ill during the week but is now better.

Born—Saturday, September 6, 1902, to the wife of Wilbur Pryor, of Ferry Canyon, a fine son.

G. W. Rinehart returned from his visit to Lane county Friday. He is somewhat improved in health.

Herman Pauling was here from Portland Sunday. He expects to return to Gilliam for keeps next Spring.

Dr. Shaw was called to Lone Rock Monday evening to attend Joseph Robinson who was injured by falling from a building.

Note the Condon Pharmacy's new ad. Mr. Wheat their jeweler and optician is strictly first-class in his line and guarantees all his work.

Supt. W. R. Neal and his daughter, Miss Jennie, leave this morning for Monmouth where the latter will enter the State Normal School.

Miss Minerva Neal will go Fossil tomorrow where she will have charge of the primary room of the public school which commences Monday.

At its last meeting the County Court decided to employ an expert to go over the county books. We understand the work will be commenced at an early date.

Mr. and Mrs. Sam Ramsey, of Mayville, and Mrs. Stokes, of Fossil, were passengers on Sunday's stage homeward bound after a visit to Portland and the Coast.

Mr. and Mrs. Christopher Rogers left Tuesday for their old home at King's Valley to spend the Winter. They will make the trip overland and expect to be about ten days on the road.

School will open one week from next Monday, September 22nd. The corps of teachers already employed are: Prof. W. R. Neal, principal; Miss Belle Wilson, intermediate; Miss Hirscher, primary.

Marshal Armstrong "ran in" a trip of "never sweats" the other day to give them a chance to get sober enough to leave town. Condon can get along first-rate without that particular brand of citizens.

Miss Nannie Pattison, of Canonsburg, Pa., who has been here for a couple of weeks visiting her brothers, started on her return to the East Monday morning. Her brother, R. H. Pattison, took her to Arlington by private conveyance.

The Condon Millinery Co. has just opened a fine line of Fall and Winter Millinery in their store on Spring street. Their stock, which has been carefully selected, is fresh and up-to-date and their trimmer is one of the best to be found. All the ladies should call and see them.

C. J. Millis, live stock agent for the O. R. & N. Co., was here during the week looking up data regarding freight tonnage for his Company. He went from here to Mayville and Fossil on the same mission. Dan Thomas, of the Arlington Warehouse Co was with him.

Mrs. Al McConnell and her daughter, Mrs. Carter, of Alvill, Dr. Jack Jarvis, the Mayville apothecary, and Mr. Edelman, a merchant of the same city, passed through town Friday on their way from the historic capital of Ferry Canyon to the modern metropolis of Ferry Canyon. Mrs. McConnell proved to be the "dare" and the Globe was ahead a good news item.

R. L. Smith, of Ajax, was in town Friday on his way home from a trip to the mountains. He has been spending a few weeks in the vicinity of Susanville where his sons are summering their sheep. Mr. Smith is an old time miner and, of course, could not refrain from doing a little prospecting during the trip with the result of holding an interest in a promising quartz location. He thinks there is a rich mineral deposit in the Susanville district and that it will some day be a livelier camp than it is today.

W. S. Myers, Dr. Nicklin, Jean Labous and B. K. Wilson returned Monday from a delightful trip to Armstrong Springs, in Grant county. All were much benefited in health. Mr. and Mrs. B. K. Searey also returned at the same time. B. K. is also much improved. We learn by a letter from our regular correspondent at the Springs, which came too late for our last issue, that Searey and Nicklin both had a relapse the day they were beaten at target practice by a little 13-year-old girl and their friends are hereby requested to refrain from "joshing" them about it. Both have been crack shots and are naturally a little sore over the incident.

C. L. Baker was kicked on the right hand by one of his freight horses, a week ago last Friday, while on his way to Arlington. Although the hand pained him a good deal it did not occur to him that any bones were broken and being gritty he wouldn't quit work for a little thing like that but kept on freighting until last Monday. He then happened to show the hand to Dr. Wood who at once told him that a bone was broken. Charlie did not like to believe it until the doctor "showed him" by taking hold of the thumb and pulling the fracture to place. The doctor then fixed it in a good shape but it is doubtful if Mr. Baker will quit work long for a little thing like that.

The Institute.

The Annual Teachers' Institute which was held at Arlington last week, is spoken of as the most successful ever held in the county. A large number of teachers were present and all evinced a lively interest in the work. State Superintendent J. H. Ackerman, Prof. R. F. Robinson and Prof. L. B. Traver were the instructors, all of whom are recognized as being among the best in that line of work in the Northwest.

Interesting lectures were given at the evening sessions. Supt. Ackerman occupied the platform Monday evening, President P. L. Campbell, Tuesday evening and Rev. Carstens Wednesday evening. Excellent programs of vocal and instrumental music, recitations etc., was rendered each evening by local talent, being highly appreciated and enjoyed by the visitors.

But perhaps the most pleasant feature of the meeting were its social aspects. The keen interest manifested in the success of the institute and the comfort of the visitors by the people of Arlington, made possible the high degree of success attained. Every citizen took a personal interest in making the occasion one long to be remembered in educational circles of this county and all vied with each other in providing entertainment and good cheer for their guests, the visiting teachers, all of whom were entertained most royally in the private homes of the city.

Supt. Neal to be congratulated on the success of the institute for which he has labored so ardently. It shows what a competent official can accomplish for the cause of education when loyally supported by the people of the town in which the institute is held.

Working Day and Night.

The busiest and mightiest little thing that ever was made was Dr. King's New Life Pills. These Pills change weakness into strength, listlessness into energy, brain fog into mental power. They're wonderful in building up the health. Only 25c per box at Condon Pharmacy.

The special given by the Eastern Star in Masonic hall Friday evening was the event of the season. The prizes for the best and the poorest "apple poetry" were won by Geo A. Clough and Postmaster Robinson. Mr. Clough's prize was a large apple pie, 24 inches in diameter and Mr. Robinson's was a small pie only five inches across. The prize winners at the artist guessing contest were Mrs. O. D. Sturgees, who won a fine mustard cup, and Dr. Loxier, who won a fine vase. After a sumptuous supper at 1:00 a. m. all went home happy.

Josh Weshaffer, of Longview, Ind., is a poor man but he says he would not be without Chamberlain's Pain Balm if it cost \$5.00 a bottle, for it saved him from being a cripple. No external remedy is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by Condon Pharmacy.
