

**THE CONDON GLOBE.**

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

**LOCAL NEWS.**

Ferry Ham was in from Lone Rock yesterday.  
Geo. Dukek was over from Beecher Flat yesterday.  
Try Condon Pharmacy's new photo developer.  
Mrs. Coe Barnard, of Fossil, was in town Saturday on business.  
The higher wheat goes the wider grows the farmer's smile.  
The semi-annual statement of Gilliam county appears in this issue.  
The show window at Clarke & Frazer's store is well worth going to see.  
L. B. Townsend is erecting a neat residence on his lots on the West Side.  
L. T. Johnson, of the Roseland Consolidated Mining Co., is here on business.

The Condon Pharmacy has all the latest up-to-date sheet music at popular prices.  
The Stanton boys are building a comfortable cottage on their lots on the West Side.  
Mr. and Mrs. Albert Lovgren, of Hardman, visited her father, J. K. Fitzwater and family, Sunday.  
Pictures, Frames, Rugs and many fancy house decorations at Clarke & Frazer's Hardware and Furniture store.  
Rev. Healey returned Sunday from Salem where he has been attending the annual gathering of the Congregational ministers of the state.  
Let Clarke & Frazer figure with you on building material such as Windows, Doors, Locks, Hinges, Nails and mouldings.  
J. A. McMorris installed one of his telephones in the Condon Flouring Mill and in E. T. Hollenbeck's hardware store during the week.  
Madden & Haves have just received a new line of fall and winter hats. Latest styles in trimmed and street hats. Call and see them.

A grand ball will be given in the I. O. O. F. hall at Mayville tomorrow evening. Everything will be conducted in a first-class manner and a good time is promised. See bills.  
Ed McKinney was in town yesterday. Ed ranged his sheep near Mt. Vernon, Grant county during the summer and says he had a good time—plenty of grass and no trouble.  
Goose hunting will soon be the order of the day. Then will our local sports shine in their greatest glory. Searcy and Cooke will no doubt eclipse their record of last year.  
Will Ladiges, who has been in the mountains all summer with Wm. Smith's sheep, writes this office to send his paper to Crox where the sheep are on their winter range.  
The Condon Meat Co. will erect a new building on Main street this fall to be occupied by themselves as a meat market. It will stand between the Arlington saloon and the blacksmith shop.  
The reading club met yesterday with Mrs. Pitter and elected officers. The time of meeting was changed to Tuesday evenings. The club will meet with Mrs. Pattison next Tuesday evening at 7:30.  
A fine big 12lb boy was born to Mr. and Mrs. J. K. Clark, of Hood River, recently. Mr. Clark writes to friends here that he is thinking of returning to Condon to live and raise the new son and heir.  
Fred Anderson has returned to his old position in the Globe office after spending a few months rustication on the ranch. Any marked improvement in this moral family journal may therefore easily be accounted for.  
Rev. Flowers returned from Roseburg Friday where he went to attend the meeting of the Baptist association. He reports having had a delightful trip and was highly pleased with the country which he saw for the first time.  
Carl Margardson returned from Portland Saturday. He had a very successful trip in finding a ready market for the surplus product of the Condon mill over and above what is required to supply the local demand. A large order from Portland is now being filled.  
Ed Palmer, of Snipson, has purchased an interest in C. O. Cantry's harness shop and the firm is now known as Cantry & Palmer. Mr. Palmer is a popular young man and the new firm will no doubt draw a large trade. Read their ad then call and see them.  
Dr. R. H. Barber received a telephone message Monday evening announcing the death of his stepdaughter at Sheridan, this state. He left at once to attend the funeral. Deceased was a young lady eighteen years of age and had been a sufferer from consumption for some time and her death was not unexpected.  
Henry Wilkins, of Olem, was kicked on the head by a horse Monday and it was at first thought that he was seriously injured. Dr. Luna was called from town and found that a severe scalp wound was the worst result of the accident. Had the blow fallen a trifle lower the result might have been fatal.

**Another Outrage.**  
Another outrage has been committed by the sheep shooters and J. M. Cameron is out over 200 head of sheep.  
In moving his bands out of the Buckhorn country, back of Lost Valley something over 200 head were lost out of the mutton band and were not missed until the next day. When the loss was discovered, a man was sent back to look for them but was not successful in finding them. Charlie Ladiges, who was returning from the mountains with Barker's sheep, happened to run on a corral on one of the Britton ranches, between Lost Valley and Buckhorn, in which were 155 of the missing sheep dead. They had been corralled and killed. Some were shot and many had their throats cut. After the sheep were lost Mr. Cameron, who was in Condon, was called to the Lone Rock phone and informed by some person unknown to him that he had taken up the sheep and that unless Cameron agreed to pay \$50 he would turn them loose again. Mr. Cameron told him that he was a little high but to hold the sheep and he would pay him well for his trouble. He does not know who the party was but hopes to soon get a clue and be able to make it hot for the perpetrators of the outrage. A number of other sheep were found dead on the hills outside the corral. Mr. Cameron had the Britton place rented when the sheep were killed. With the sheep killed in July, this makes nearly 300 head lost by Mr. Cameron during the summer.

**A Typical South African Store.**  
O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store of typical South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about 25 miles from the nearest town. Mr. Larson says: "I am favored with the customs of farmers within a radius of 30 miles to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps 60. Of these within the past 12 months, no less than 14 have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record. For sale by Condon Pharmacy."

F. M. Pitter left for Portland Sunday on a business trip.  
Rev. Mount, formerly of the Baptist church at Fossil, passed through town the other day on route to Hepper to take charge of the church work there.  
H. W. Game and W. S. Rhodes arrived in town yesterday looking for a location. Both gentlemen are Britishers and Mr. Rhodes is a second cousin of Cecil Rhodes.

Portland wheat market—Walla Walla 66 to 67c, Bismarck 70 to 72c. The California crop is reported one-third short and the prolonged drought in Australia makes that country a heavy buyer from this coast. Ocean freights continue to fall and the outlook is promising for the grower.

**What's Your Face Worth?**

**Tot Causes Night Alarm.**  
"One night my brother's baby was taken with croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "and it seemed it would strangle before. We could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for Croup, Colds, Throat and Lung troubles. Only 50c and \$1.00. Trial bottles free at Condon Pharmacy.

**In New Quarters.**  
Dunn Bros. are busy moving their big stock of goods into their new brick store and hope to finish the work by the close of the week. Carpenters and painters are busy rushing the finishing work and the shelves are being filled to overflowing with reasonable goods.  
Besides the big stock of goods now being moved from the old store, a regular mountain of new goods has been arriving so that when the goods are all in place and the establishment is ready for business it will contain by far the largest and most complete stock of goods ever seen in Condon. The sale room is 30x70 feet with a commodious ware-room in the rear 15x30. The ware-room is celled leaving a second floor above it which overlooks the main room and is reached by a flight of steps. Clothing etc. will be kept up stairs. The grocery department occupies half of the south side of the main room and such a display of staples etc. is enough to create an appetite in a graven image. Next comes the shoe department with something like 2,500 pairs of shoes for men, women and children. This stock is comprehensive enough that all may be readily suited and only the best qualities are carried in stock. Across from the shoes is by far the biggest display of men's furnishings ever put on sale in Condon, and adjoining this comes the dry goods, notion and ladies' furnishing department.  
The store and stock is most complete and will be appreciated by the firm's army of customers.  
When fully completed the interior of the store will present a very handsome appearance, the finishing work, painting and decorating being of the highest order. Messrs. Roy Price and S. S. Grier are doing the carpenter work and Boleus & Gengler the painting and graining. This means that the work is all of the best quality and it is such as will pay any one to call and take a look at whether they want to buy goods or not.

The excitement incident to traveling and change of food and water often brings on diarrhoea and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Condon Pharmacy.
