

THE CONDON GLOBE.

THURSDAY, NOVEMBER 6, 1902.
THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

County court is in session this week. Geo. Schott is building a residence on his Ferry Can you ranch.

A social dance was given in the Armory hall last Friday evening.

Bonn—Friday October 31, 1902 to Mr. and Mrs. G. W. Wright a son.

Call at Dunn Bros' new store and inspect their new stock of goods.

Read Dunn Bros' new ad in this impression. It will interest you.

John Jackson and J. Q. Jarvis each have a change of ad in this issue. Read them.

Measels are again prevalent in town and a number of scholars are absent from school on that account.

The first flurry of snow came Sunday night and early Monday morning the scene was a rather wintry looking one.

The sale of Kiehlley & Hendricks' horses at Springton & Rogers corral was well attended and good prices were realized.

Madden & Hawes have just received a new line of fall and winter hats. Latest styles in trimmed and street hats. Call and see them.

Gerald Burns, a brother of Jim and Will Burns, arrived here Saturday from Toledo, Ohio, and has taken a position in Dunn Bros' store.

Clum Jackson was here the first of the week looking after his stage line interests. The Jackson Bros. put up the best stage service to be found anywhere in Eastern Oregon.

There was some excitement in town Monday due to a free flow of fire-water among the boys and in the mixup the Chamberlain chop house was badly wrecked. Red sweaters were much in evidence.

A. Herman and W. E. Stauffer, of Spokane, are here this week looking for investments in Gilliam county real estate. If they can be suited as to prices etc. they will buy several thousand acres of wheat land.

The Condon Furniture and Hardware Co. have almost completed their big building on North Main street and are already doing considerable business. They are papering and painting the interior this week.

Ed McKinney and B. K. Searcy left Sunday for the goose country on the Blalock flats. They expected to slaughter a wagon load or so and as they are both old hunters and dead shots they are likely to do so.

Boise, Idaho, is suffering from a big mining boom. The discovery is ten miles from town, the ledge is seven feet wide and the ore is said to be worth \$10,000 per ton. The Klondike country is not in it with Boise for a minute.

H. L. Propst, a former resident of this neighborhood, now of Spokane, came in Saturday to spend a few days here looking after his business interests. He was somewhat surprised to see the many improvements here since his last visit.

P. M. Hanratty, who has been in the mountains with sheep during the summer, in the vicinity of Austin and Bourne, has returned to town. He was with Brown's sheep and reports having had a very good summer. The sheep came out in very good shape.

R. E. Armstrong went to Arlington Tuesday with his teams to bring out the new steam well drilling outfit for the Condon Well Drilling Co. The difficulty with regard to the boiler has been adjusted by the company that sold the machine and it will soon be ready for operation.

A grand shooting match will be held at Olex, Tuesday November 25. There will be shotgun and rifle shooting for prizes of fat turkeys and fine beef. The management have provided two traps and plenty of clay pigeons and the affair will no doubt be a great success. See bills printed at this office.

Dan Rinehart, who took his father to a Portland hospital a week or so ago for medical treatment, returned home Sunday. The old gentleman does not improve but continues to grow weaker and his recovery is considered doubtful. He and Mrs. Rinehart returned with Dan to Arlington where they now are.

William Brassfield, a former resident of this county, now of Baker county, was in town Monday. Mr. Brassfield with his father and brother are engaged in the sheep business on Burnt river and, he says, are getting along nicely. It is a better sheep country he says, than Gilliam county. They still have land here and he may remain here during the winter to look after it.

The Condon public school now has an average daily attendance of about 100 pupils. This number of young ideas must keep three teachers bustling pretty lively and take up the available floor space to the limit. All of which is only a gentle reminder that very early next spring is the time when we must, by all means, begin to commence to get ready to start work on that new school house. The town cannot afford to "get along" with the old shack another year.

Geo Moore returned to Condon Saturday after spending about four months visiting his brother at Medford, in Southern Oregon. Mr. Moore is well pleased with that part of the state and says it is a fine fruit and stock country. Cattle and hogs are the principal stock and the hogs are turned loose in the timber where they grow fat on wild nuts and berries. George came back though and that indicates that Gilliam is good enough for him.

W. S. Myers has contracted his wheat at Arlington for 62 cents per bushel. He has until July 1st to deliver it.

Fred Munroe, the genial host of the Grande hotel, Arlington, has our thanks for the gift of a fine, fat wild goose.

P. M. Hanratty reports that some one out the wire fences on his Tenmile ranch during his absence in the mountains.

J. K. Fitzwater, who has been confined to his room for six weeks or more with a serious attack of typhoid, was able to be on the street for the first time Thursday.

E. D. Huber has rented his wheat ranch, four miles south of Olex, to Mr. Nott and will spend the winter visiting friends in the Willamette valley and on the Sound.

John Madden was in from Lone Rock Monday. He says his country had a rather wintry looking aspect that morning. There was more than an inch of snow on the ground.

The fine painting and graining done on the interior of Dunn Bros' new store by Boleus & Gengler, is without question the best work of the kind ever done in this section of the country. These gentlemen are artists in their line and it gives us pleasure to commend their work.

Messrs Moltzen and Estes, who are at work on the county records, are making a good start having just finished the first two years of the county business. They expect to get along faster now that they have the early kinks straightened out and are getting on to the system.

They work evenings till 8:30 or 9:00 and seem to be hustlers in that line of work.

Ed Huber was in town from Olex Tuesday. He says the railroad survey is still under way the party now being at the Fleet ranch. No one knows where it will go from there, but the Glanz learns from good authority that the people of Lone Rock are expecting the road to come that way. Ferry Canyon is also expecting a depot and Fossil is confident of being the terminus. Condon is so busy growing and taking care of the big Fall rush of business that she is not giving much attention to railroads.

H. T. McIntyre, St. Paul, Minn., who has been troubled with a disordered stomach, says, "Chamberlain's Stomach and Liver Tablets do me more good than anything I have ever taken."

For sale by Condon Pharmacy.

Was Near the Fire.

Mrs. R. G. Robinson was in town Saturday. Mrs. Robinson and daughter recently returned from an extended visit with friends in the Willamette valley and at Castle Rock, Washington. They were at Castle Rock during the great forest fire of last summer and had some experience with the dense smoke. One day it was so dark from the pall of smoke that it was impossible to go along the streets without a lantern until late in the afternoon. Mrs. Robinson was rendered ill by the smoke and was forced to keep her bed for a day or two. They were less than 20 miles from the place where two parties of campers were overtaken by the flames and all perished.

Mrs. Robinson is suffering from an injury sustained by a fall while visiting in the park in Portland and is still quite lame.

"Hit the Road."

The population of Condon was diminished by one Saturday when one of the "tin horn" brigade "hit out" to escape an expected drubbing. The fellow had been dealing a game in one of the saloons and made a practice of "swiping" chips from the players. One of the proprietors of the place heard of it and strated out to hunt the fellow but he saved his hide by traveling. Report says that there are others of the same stripe who have drifted in here lately and the town would be better off if the authorities would give all such a broad hint to move on.

To The Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully, yours for health, RALPH S. MEYERS, 64—Thirty-seventh St., Wheeling, W. Va.

For sale by Condon Pharmacy.

Low Rates to Portland.

The Oregon Irrigation Association convention of over 400 delegates will assemble in Portland Tuesday and Wednesday November 18 and 19; also the Oregon Bar Association meets here on the same days, on which occasions the railroads have made reduced rates, tickets good for six days on all lines from points in Oregon to Portland.

Portland proposes to entertain all visitors over the railroads on the occasion with a ball or concert, free theaters, with visits to wheat ships, public library Oregon Historical Society rooms, the \$500,000 City Hall, and the \$1,000,000 Federal custom house, a steamboat ride on the Willamette and Columbia Rivers, and in other ways as will best show Portland's enterprise, hospitality and desire to become better acquainted with the people of the whole state and they with it.

Jumped on a 10-Penny Nail.

The little daughter of Mr. J. N. Fowell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual with absolutely no discomfort. Mr. Fowell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. Sold by Condon Pharmacy.

We Have KODAK Supplies

ALSO
