

THE CONDON CLOSE.

THURSDAY JANUARY 1, 1903.

Happy New Year!

Binger Herman, Commissioner of the General Land Office, has resigned at the request of Secretary Hitchcock. This means, in ordinary jargon, that he got "fired."

Condon and Gilliam county have enjoyed a prosperous season during the past year. Now let us all get in and pull together for a still better year in 1903. All things come to those who rustle is the way it reads now.

President Roosevelt is not averse to "mixing" with a grizzly bear or a wild cat, upon occasion, but when it comes to acting as arbiter of Venezuela's quarrels—he squawked—and thereby showed his excellent judgement and solid "horse sense."

Only for one thing the GLOBE would, in to-days issue, announce the name of Oregon's next senator and stop this everlasting squabble among our brother editors. That "one thing" which causes us to withhold such important information is that we don't know. And, come to think of it, who does know.

A GOOD MEASURE.

Representative Burleigh of Wal-lowa county, will introduce a bill at the coming session of the legislature to give the state county attorneys instead of district attorneys. This certainly would be an improvement on the present system and is the plan now in force in most of the states. Each county in Idaho, for example has its attorney and it has proved much more satisfactory to the people than the old system of districts comprising a large number of counties. Our legislature, the Ontario Democrat believes, should pass an act giving each county in Oregon its own attorney, who should look after all its business and not have his duties distributed throughout the various counties comprising the districts under the present system.

A Cure for Lumbago.

W. C. Williamson, of Amherst, Va., says: "For more than a year I suffered from lumbago. I finally tried Chamberlain's Pain Balm and it gave me entire relief which all other remedies failed to do." For sale by Condon Pharmacy.

THE SWEARING HABIT.

In a little town out west there has just been organized an Anti-Swearing Club. The object of this club will be to cultivate the habit of correct speech among its members, and through them to influence for the better the speech of the entire community. The profanity habit is not the worst in the world, but it is bad enough; and if the club just organized can stop or materially curtail the habit it will be thanked by a great many people. It is painful in the highest degree to hear the holiest names in the vocabulary of our human speech kicked and banded about like footballs! This is a wonderful world in which we live, with its day and night, winter and summer, seedtime and harvest; its wide-reaching continents, rolling seas and grand old firmament! And in the midst of it all are ourselves with our "bursts of heart and slips in sensual mire," with our good and evil, our smiles and tears, our hopes and fears! The world and ourselves! Together they make a tremendous fact, a fact that keeps us busy trying to account for it. In thinking about it we come to the conclusion that behind the mystery—the mystery of the world and ourselves—stands GOD. It is the largest, the holiest word ever pronounced by human lips, because it stands for the largest, holiest thought ever born of the human brain! And it is not good manners to use this great word as many are in the habit of doing. The man

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prender-gest, merchant, Annapolis Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia which in this instance was undoubtedly warded off by Chamber-lain's Cough Remedy. It counteracts any tendency of a cold toward pneu-monia. This remedy is sold by Condon Pharmacy.

The base ball war waxes warm.

Salem complains of too many holdups lately. Salem should be accustomed to such as that since the big holdup of '97.

"I have noticed that the sale on Cham-berlain's Stomach & Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than to have people call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when you are troubled with constipation, and you are certain to be delighted with the prompt relief which they afford.

Remarkable Cure of Croup.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere, of Good-win S. D., and when I got home with the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine my boy would not be an earth today. JOEL DEXTER, Luwood, Iowa. who flings that snow-ball around prodigally may not be bad at heart but there is no escaping the conclu-sion that he is criminally careless. But one closer even than the word GOD we often hear kicked and cuffed around the curbstone and allies by thoughtless mortals. That is the name JESUS. Do you know you who are in the habit of baudy-ing that name about in your silly oaths, what it stands for? Have you read the little book called the New Testament? Have you read it seriously with a desire to under-stand it? If you have you are prepared to agree with us that Je-sus was not only the purest being that ever lived on this earth but also the kindest. Reader! Jesus was the best friend our poor old humanity ever had. He lived for but one purpose—to make us better and happier and at last He died a martyr to the truth which out of His love for us He could not desert. And how ungrateful of us to take that noble man's name upon your lips and blow it about as you do the froth of your beer. That name is worthy of a more respectful treat-ment at your hands. You should be ashamed to use it as you do! But quite apart from all this the fact remains that words are the symbols of our thoughts, hopes and noblest ideals, and to lightly treat the symbols of these thoughts, hopes and ideals is to lightly treat and eventually to despise our bet-ter selves. Profanity of speech leads to profanity of thought and desire and the man who has no re-ference for the symbol is in danger of losing his reverence for the thing of which the symbol is the reflec-tion. It is as sure as anything can be in this world that the young boys growing up today with the habit of profane swearing fixed upon them will not have as much faith in themselves and in the world as much hope for the future or as much beauty in the present as their forefathers had, who were taught to hold high names in reverence and to speak of their high hopes in a low voice and with a bowed head. We cannot afford to lose our rever-ence. Between our sky-scrapers and our sky-reaching aspirations the latter are of far the most value. We could get along first-rate with-out skip-scrapers—in fact for a very long time we did get along without them very nicely—but without the great thoughts and hopes we are at best but a lot of greedy, savage dogs fighting over the poor little bone of this little animal existence. "The words of our mouths" as well as the "meditations of our hearts" should always be such as to be ac-ceptable in the best company. And by the best company is meant not the bepowdered, bejeweled favorites of fortune known as "society" but the company of clean-hearted clean-minded men and women who con-stitute the real aristocracy of God. —S.F. Examiner.
