John Madden, of Lone Rock, met with a serious accident last Saturday. He had started to Condon in a lumber wagon and while coming up a grade soon after leaving home his team became frightened and started to run throwing Mr. Madden to the ground. The fall rendered him unconscious and when he came to his senses after a couple of hours he found that the team had stopped a short distance above him. With much difficulty he crawled to the wagon climbed in and drove home. He has since been confined to his bed unable to move but at last accounts was improving slowly.

At a meeting of those interested in the Blue Mountain reserve, held at Canyon City last week, Forest Supervisor H. D. Langille explained that the government range would be allotted first to those living within the reserve lines, then to those who own land therein, next to those who are adjacent to the reserve, and lastly to those living at a distance, the farthest away getting the last and least allotment. No charge is to be made this year for range within the reserve. The allotment as explained by Mr. Langille will be somewhat hard on Wheeler county sheepmen and will almost put Gilliam and Sherman counties out of the sheep business. —Fossil Journal.

### A Thrilling Record.

A gentleman was spending the winter in Condon had a somewhat thrilling experience last Monday evening of which this story is a correct record. He is a gallant gentleman and when he learned that two ladies of the house at which he is staying wished to attend church that evening and had no escort he gladly proffered his services in that capacity which the ladies as gladly accepted. It will be remembered that a full grown chinook had been doing business in Condon that day and when the party called forth the mud and slush on the sidewalkless streets in the southwest part of town was most abominable. Carefully picking their way along the fences and over the improvised stepping stones they finally reached the covered sewer which crosses the street diagonally at the Rinehart restaurant corner and cheered by the firm footing which the planking gave them they made for port, which in this case was the sidewalk. At that point the sidewalk is a couple of feet above the sewer and as the beam of the party attempted to make the ascent his feet suddenly parted company and with a yell of dismay "kerplunk" he went into the yawning abyss. (At the particular point where he lauded the sewer was uncovered.) Fortunately there was only about a foot and a half of water running in the sewer at the time and by strenuous efforts the ladies, aided by two other ladies who happened along, pulled and tugged until they succeeded in rescuing their escort from his perilous and uncomfortable position. It was a narrow escape for it is said that the gentleman, who is of portly build, fitted into the sewer's mouth like a plug and thus literally dammed the water so that it must have soon overwhelmed him. The Record does not state whether he dammed anything else or not. The Record says that the gentleman stated that he did not know which one of the ladies pushed him into the sewer but that if either of them did so he thinks it is a poor way to induce strangers either to locate in Condon or to attend church. It may also be made a matter of record that the gentleman will not be a candidate for sewer inspector at the next city election.

Something That Will Do You Good. We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children always keep it in their homes as a safeguard against croup. —Camden (S.C.) Messenger. Only 25c at Condon Pharmacy.

Loaded Shot Gun Shells and cartridges. Large assortment at Clarke & Frazer's Hardware and Furniture store.

Grain Sacks Contracted. Frank Moore has been canvassing the Condon and Ferry Canyon section during the past week taking orders for grain sacks for the Arlington Warehouse Co. The company contracts the sacks to the farmers at 6 1/2 cents apiece and agrees to give the farmers the benefit of the fall in price should there be any before delivery. Mr. Moore contracted 70,000 sacks in this section and we understand that the Warehouse people have already contracted about 250,000 in the county. This indicates that the farmers of Gilliam county expect to raise some wheat this year.

When you lack energy, do not relish your food, feel dull after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. Sold by Condon Pharmacy.
