

THE CONDON GLOBE.

Judge J. B. Mattingly is spending a few days in town.
Geo. B. Dink was over from Mayville during the week.
H. N. Anderson and J. H. Bond were in town yesterday.
Mrs. J. Q. Jarvis has been on the sick list for a few days.

The "hour" will resume operations Tuesday morning after a short lay-off.
The postage road bill has passed both houses and is now up to the governor.
We'd add out. When you see us ask us what you owe us. Springing & Rogers.

The Condon Drilling Co. last week drilled wells for G. Schilling and Carl Becker.
Jeff Neel has bought the interest of his partner, Newt Loderholm, in the Model Saloon.

Another dance will be given in Armory hall tomorrow evening for the benefit of the school.
Horse Building Material is Clarke & Frazer's specialty. Car loads coming. Get their figures.

Revs. Ayers and Flowers, of the Baptist church, went to Heppner last week to start a revival meeting.

ABERTINE cold water paint. Will stand the weather and is the cost of oil paint. Clarke & Frazer.

They do say that Johnny did not forget his mother's rheumatism plaster in the rush to catch the train last Tuesday evening.

Hate from now until spring at and below cost. Anyone needing millinery goods will find great bargains at Mrs. E. L. Madden's.

Wm. Cornett has purchased the low property of W. L. Barker now occupied by W. B. Neel. He will take possession as soon as school closes.

J. W. Apple, of near Olex, last week sold his ranch consisting of 800 acres at \$10 per acre. Mr. Apple is thinking of locating in Ferry Canyon.

The fine weather of the past week makes us think that the ground hog must have had a bag in his clock when he predicted six weeks of winter.

Jas. Snipes came out from The Dalles during the week to close the deal on his ranch which he sold a short time ago. While here he sold his cattle to John Dyess.

Hats, millinery goods, toys, fancy goods etc. for the holidays. Great reduction in prices on millinery goods until after the first of the year. Miss Dora Downing's.

The entertainment given in Armory hall last Thursday evening by the Salt Lake Relief Society was a grand success and the large crowd which was present went away more than satisfied.

Rev. Healey wishes to announce that revival meetings will commence in the Congregational church immediately after the close of those now in progress at the Baptist church. He hopes to secure the assistance of Rev. Clapp.

Word reached here yesterday that the youngest daughter of J. R. Frazer, of The Dalles, died at that place a few days ago. The heart-broken parents will receive the sympathy of a large circle of friends in this community.

Manager Thomas, of the Arlington Warehouse Co., informs us that the Globe was in error last week in stating that his company had contracted 250000 grape racks in this county. The number sold does not near reach that figure. The intention of this paper is to give only reliable news but once in a while, as in this case, we are misinformed, but we are always glad to correct any erroneous statement made.

At the examination last week the following applicants were successful: Miss Belle Rappaport and Ivan M. Many each received a 1st grade certificate; Miss Martha Trumble received a 2nd grade and Miss Mamie Scoggin received a 3rd grade. Miss Scoggin's average was 90 per cent but she had not taught the required length of time to receive a higher certificate. Miss Belle Wilson applied for a State diploma and her papers, have been sent to Salem for examination.

The Columbia River Development Co. operating near Castle Rock in oil and gas development work, have struck a strong flow of artesian water which necessitated abandonment of work at that point and removal to higher ground about a mile distant from the first hole. The indications for oil and gas are considered very favorable and a large amount of land has been recently leased by different companies. Seven new drilling outfits are preparing to commence operations in the district at an early date and there is no doubt but that the district will be thoroughly prospected during the coming summer. Experts who have visited the field are sanguine of rich strikes being made during the present era of development.

Stockdale.
Mrs. Helen Summers Stockdale died at Pendleton on February 6th, of typhoid pneumonia, aged about 20 years. She leaves a husband and infant son six months old, father, mother, five brothers and one sister to mourn her loss.
Deceased was a cousin of Mrs. M. E. Summers and a niece of Mrs. B. H. Boyer, of this place, and formerly lived here where she had many friends. The funeral took place on Sunday, February 8th from the Catholic church at Pendleton being conducted by Father Neel. The services are said to have been very impressive.

Something That Will Do You Good.
We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children always keep it in their homes as a safeguard against croup. — Camden (S.C.) Messenger.

He will carry a complete line of their remedies. See their ad in this impression.
