

THE CONDON GLOBE.

THURSDAY FEBRUARY 28, 1903.

SENATOR CHAS. W. FULTON.

Mr. Charles W. Fulton, succeeds Mr. Joseph Simon as United States senator from Oregon, by act of the Legislature.

The Journal greets and congratulates Senator Fulton feeling that the confidence imposed in the gentleman is deserved and that he will represent the people of Oregon irrespective of section and political faith.

Senator Fulton will grow even larger and broader under the heavy responsibilities of the office, weighing accurately and equitably the many and varied influences which made him Senator.

Senator Fulton's success is not sullied by bad methods, nor by offensive manipulation, nor by the use of money. His election was clean and gratifyingly free from the taints of the unclean and unhealthy. From this standpoint as well as others, his election is a credit to Oregon, and the Journal predicts it will be fruitful of good results in bringing the different sections of the state into closer relationship and sympathy.

Portland is big enough, generous enough, broad enough to put aside her regrets, such as they are, occasioned by the failure of the honor to fall on one of her "favorite sons," and extend the "glad hand" to the Senator-elect, with no other object in view than to enlarge and advance the great interests of a great commonwealth, that present and future generations may enjoy a grander and better Oregon.

In this day and age there is no room for reason for ill will between individuals, nor sectional jealousies between peoples, for such attitudes determine a narrowness and selfishness that, in the nature of things, are destructive of good, and exceedingly discreditable to a thinking and progressive race of men.

The Journal takes pleasure in pledging such support as it may be able to give in making Mr. Fulton's work easiest to him, and at the same time most useful to the people of Oregon.—Portland Journal.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, cold and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with much good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children always keep it in their homes as a safeguard against croup.—Cameron (S.C.) Messenger.

An exchange gets even with some one as follows: After you get on your ear and make up your mind to stop your paper to make the editor feel humiliated just poke your finger in water and pull it out and look at the hole. Then you will know how badly you are missed. The man who thinks that a paper cannot survive without his support had better go off and stay a while and when he comes back he will find that half of his friends didn't know he was gone. The other half didn't care a cent, and the world at large didn't keep account of his movements whatever. You will probably find something in your home paper that you cannot endorse. Even the bible is very plain and hits some hard licks. If you were to get mad and burn your bible, the hundreds of presses will go on printing them, and if you were to stop your paper and call the editor all sorts of ugly names, the paper would still be published. And what is more you would sneak around every week and borrow a copy of your neighbor. It is better to keep your vest pulled down, your temper under control and your subscription paid up.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs colds and croup I have ever used in my family. I have not words to express my confidence in this Remedy.—J. A. McMorris, North Star, Mich.

The scalp bounty law has been repealed.

Still the Venezuela squabble has not been settled.

Just keep your eye on Condon and watch her boom during the coming summer.

Lester Belding will expiate the crime of double murder on the gallows on March 27.

Summer range for Gilliam county sheep will be almost out of question if the recent forest reserve rulings are enforced.

Mr. Wheeler Got Rid of His Rheumatism.

During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well and was cured and have worked steadily all the year.—R. WHEELER, Northwood, N. Y. For sale by Condon Pharmacy.

EDITING A NEWSPAPER.

An Indian Territory editor has this to say of his work:

"Editing a newspaper is a pleasant business—if you can stand it. If it contains many advertisements, a subscriber complains that they take up too much space. If there is lack of advertising, it is unpopular and the people won't have it.

If we attend church regularly, they say we go for effect. If we stay away from church, they say we are monstrously heathenish.

If we go to the opera house, they say we go on 'free tickets. If we are seen upon the streets too often, they say we neglect our business. If we avoid going upon the street, they say we don't hustle around after the news.

If we publish a man who has brought disgrace upon his family, the friends of the family never forgive us. If we, out of goodness of heart, decline to say anything on the subject, the man's enemies are disappointed, and we are branded as white livered cowards."

Working Overtime.

Eight hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work night and day curing indigestion, biliousness, constipation, sick headache, and all stomach liver and bowel troubles. Easy, pleasant, safe, sure. Only 25c at Condon Pharmacy.

Mark Hanna's pet scheme, the ship subsidy bill has been knocked in the head for this session of Congress at least. In spite of the pressure brought to bear to have the bill reported favorably it was lost by a close vote. After a heated argument there was a call for the vote which resulted in 10 to 7 against reporting the bill. It is thought that Hanna will not bring the bill up again in the face of such popular opposition.

Senator Fulton will grow even larger and broader under the heavy responsibilities of the office, weighing accurately and equitably the many and varied influences which made him Senator.

A terrible blizzard is raging in the East and thousands of dollars worth of property has been destroyed. In these states the people are freezing to death in the winter and when summer comes will suffer from the intense heat and will be obliged to flee for their lives to the cyclone cellars, the grasshoppers will devour the fruits of their fields, politicians will work their grafts and the people will be oppressed generally. No wonder they flock to Oregon, and especially to Gilliam county, in large numbers. Here they can enjoy the comforts of life without fear of being frozen, scorched, or worked by political schemers, where we have winters mild as spring and summers cool and balmy as the breath of the sea, where rain falls when it is needed, the grasshoppers don't eat the shingles off the houses and where everybody is happy. Yes come to Oregon.

Had To Conquer Or Die.

"I was just about 'goin'," writes Mrs. Ross Richardson, of Laurel Springs, N. C. "I had Consumption so bad that the best doctors said I could not live more than a month but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well." It's an unrivaled life-saver in Consumption, Pneumonia, La Grippe and Bronchitis; infallible for Coughs, Colds, Asthma, Hay Fever, Croup or Whooping Cough. Guaranteed bottles 50c and \$1.00 at Condon Pharmacy. Trial bottles free.

Ferry Canyon School Notes.

(MAY RICHMOND, Editor.)

School began January 27 with W. F. Allen as teacher.

There were from 2 to 3 pupils absent each day last week on account of sickness.

The Algebra class is working in Simple Equations.

The 7th grade class was studying the continent of Africa, and working in Denominate Numbers this week.

School was kept on the 14 to make up for the first day which was lost.

Our school is equipped with an Unabridged Dictionary, a set of school charts and a reading table.

Lincoln's birthday was observed on the 12th by each pupil reciting a quotation at the close of the day written as spoken by Lincoln.

The directors, Mr. White, Mr. Chesier and Mr. Patee were here on the 14 but did not stay long.

Quite a commotion was caused a few days ago by the stove-pipe falling down, but teacher and pupils went to work and after a time succeeded in putting it up again.

We earnestly request all who are interested in school work, especially parents, to visit our school as often as possible.

Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by both old and young.
