THE CONDON GLOBE.

THURSDAY APRIL 2, 1903.

The last legal execution to take place in Multnomah county occurred last Friday when A. L. Belding was swung into eternity for the killing of his wife, her paramour, and her mother. Hereafter all legal executions will take place in the State penitentiary at Salem. This is a step in the right direction. The farther the infliction of the death penalty can be removed from the public gaze the better for public morals. The state prison is the proper place in which to carry out this unfortunate but necessary act of justice.

A VALUABLE MEDICINE
For Coughs and Colds in Children.

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicince, and they are all as well pleased as myself over the results.

Rev. Jenkins Lloyd Jones, of Chicago, who has been delivering a course of lectures in Portland is of the opinion that the two greatest evils which confront the nation are the voter who refuses to split his ticket and the man who can see no good in any religion but his own. There is much of truth in this opinion. The "yellow-dog-if-on-my-ticket" voter and the "I'm-all-right you-are-all-wrong" churchman are much alike. Both are guided more by prejudice than by reason and neither would be likely to recognize a new truth if it were thrust in their faces. Prejudice in that degree leads to intolerance whenever opportunity offers and intolerance has no place in 20th century America either in politics or religion. No man should decline to accept a truth because he stumbles on it unexpectedly in an unlooked for place for

"Truth is truth wherever found,
On Christian or on Pagan ground."

Will Make High Patent Flour.

The Condon Milling Co has inaugurated an important change in their plant and in the future instead of making a straight grade flour they will make a high patent and a low grade. They have succeeded in finding a market in Portland for the low grade product, which is sold exclusively to the export trade while the high patent will be used to supply the home market. Messrs Hollen and Marquardsen are highly pleased to be able to make this change and from now on will be able to supply their customers with the very highest product of the miller's art. They feel that the home trade demands the very finest brand of flour that first-class machinery and skill can produce and this change puts them in a position to produce that kind of an article. A point which will appeal strongly to their customers is the fact that they have determined not to raise the price on the new and finer product but to supply it at the same figure at which the straight grade "Our Best" brand has been sold. The new grade will be known as the "Pride of Condon" and will be the equal of any high patent flour produced in the West.

Good For Rheumatism.

Last fall I was taken with a very severe attack of muscular rheumatism which caused megreat pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm which I saw advertised in the South Jerseyman. After two applications of this Remedy I was much better and after using one bottle was completely cured.—SALLIE HARRIS, Salem, N. J.

Fired the Jail.

If Portland is still hunting for a real live fire bug on whom to rest suspicion for the recent big fires in that city Condon is ready and willing to supply her big sister with a true specimen of the genuine article. He gives his name as Edward John James Joseph Cunningham, his occupation as a "placint workin' man" and his besetting sin seems to be a consuming desire to consume all the rot gut whiskey within reach. He was locked up Sunday for being "full of the enemy" and Monday morning the marshal allowed him to go down street to secure money to pay his fine. He failed to raise the coin but it is supposed he found some one willing to sell him a bottle of tanglefoot for after he returned to jail and was again locked he developed a "jag" of no small proportions. He stood at the window of his cell and delivered himself in language more forcible than polite to everybody within sight or hearing until the marshal finally shackeled him to the floor to keep him away from the window and give him a chance to meditate. About four o'clock' while the wind was blowing great guns a dense smoke was seen to issue from the jail and when the door was opened Ewdard John James Joseph Cunningham was found in a miniature inferno. He had set fire to his bed and part of his clothing and had a merry blaze going. The fire was put out the man with the manifold name was searched for matches and again left to the quiet of his own thoughts. In about half an hour another smoke was seen and this time he had a nice little bon fire going on the floor of his cell. This time the fire bug was temporarily extinguished in the steel tank of the county jail. If Portland or any other town wants Edward John James Joseph, Condon will relinquish all right, title, claim and interest without a struggle.

"A neighbor ran in with a bottle of Chamberlain's Colic and Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it my son regained consciousness and recovered entirely within 24 hours" says Mrs. Mary Haller, of Mt. Crawford, Va.
