THE CONDON GLOBE.

THURSDAY APRIL 23, 1903.

ADDITIONAL LOCAL.

Elder J. L. Swift, of Eight-mile, is here this week attending the Moore-Goodwin debate.

Elder S. O Pool, of Plaza, Washington, arrived here Tuesday to take part in a discussion with Elder Goodwin.

Elder Moore, of the Church of Christ, observed the ordinance of baptism at 30-mile last Sunday. One person was baptised.

The Condon Furniture and Hardware Co, has lately received a fine line of new goods. The display in this store is now very attractive.

Prof. Allen, of the Ferry Canyon school is taking a vacation this week and while resting is looking after things on his ranch north of town.

Jim Dunn, who spent the winter near Mayville, was in town a few days during the week and went on to Arlington and The Dalles for a visit.

Summit Lodge No. 130, I.O.O F. have elected E. W. Moore and W. R. Neal as representatives to the grand lodge which meets in Portland next month.

Wm. E Hines, who recently purchased the Geo. Moore place 15 miles south-east of Condon, was in town Monday and had his name placed on the GLOBE list.

Rev. Father Kelly, of the Catholic church, came over from Heppner Friday and held service in the Catholic church here Sunday. He went from here to Mayville Monday.

Hawes & Price's well drill is operating this week on Charlie Baker's property in town. The well at Cooke Bros.' is completed at a depth of 153 feet with 48 feet of water.

H. H. Little has lumber on the ground and has started work on a building on the Clark property on Main street which he will occupy when completed as a confectionery store.

Mr. Brown, a brick maker, arrived Sunday to take a position in Armstrong's brick yard for the season. The yard is being put in shape for business this week. A lot of improved machinery will be put in to facilitate the work.

The county records were moved Monday from the old vault to the county court room where they will be kept until the vault in the new building is completed. Deputy Clerk Carter will sleep in the court room to guard the valuable books and papers.

J. Britt White circulated a petition Saturday asking the city council to provide for a ball ground, grand stand, etc., the city to take all gate receipts until fully re-imbursed for the investment when the grounds are to be turned over to the Condon Base Ball Association. The petition was signed by practically all the business men of the town.

A quiet wedding was solemnized at the Condon hotel last Friday when Mr. Winnie Keizur, of this place, and Miss Myrtle Sharp, of Mayville, were united in marriage, Rev. Healey, of the Congregational church, officiating. Both parties are well known and popular here and the GLOBE joins in hearty congratulations.

Rev. Healey has accepted a call to the Congregational church at Summit, Idaho, and will leave for his new field of labor next Tuesday. Mr. and Mrs. Healey have many warm friends in Condon who will regret to lose them from the town and whose best wishes will follow them. Mr. Healey will preach his farewell sermon to the Condon church next Sunday evening.

F. Ochs and Barney Livenioes, of Michigan, arrived in town Sunday to locate. The gentlemen are friends of Simon Kuster and are being shown the sights by him. This is Mr. Ochs' second visit to Gilliam county his father having brought his family here 16 years ago at the same time Dunn Bros. came here. The Ochs family did not like the country however and after a short stay returned to Michigan.

Carl Marquardsen, of the Condon Milling Co., left yesterday for his former home in Newton, Kansas, where he will spend two or three months for the benefit of his health. Since having the measels, several months ago, Mr. Marquardsen has been troubled with a severe cough and he believes the milder climate of Southern Kansas will soon restore him to perfect health a hope in which his many Condon friends most fervently join.

O. Kinersly, who travels for Blake McFall & Co., of Portland, is at his home in The Dalles with a well developed case of smallpox. He was at Shaniko the day the hotel was quarantined, but evaded the officers and left town. His action at that time was severely censured as it was thought that he had been exposed to the disease but Kinersly seemed to think it a good joke on the health authorities. He went to Prineville, back here for a day or two while selling to our merchants, then on to several railroad points and the disease did not make its appearance until he was on the train going home. He exposed to the dreadful disease no telling now many people on the train, then carried it into his own home and exposed his family. He probably regrets all this as much as any one but all the regrets in the world won't save lives or prevent pits.—Antelope Herald.

Notice is hereby given that order No. 7 of school district No. 10, of Gilliam Co., Oregon, issued in favor of Naomi Stengle has been lost. All parties are warned against purchase of same.

Ferry Canyon School Notes.

(MAY RICHMOND, EDITOR.)

The 4th grade is ready to begin Compound Quantities in Arithmetic.

Both the 7th and 8th grades are studying Person and Case in Grammar this week.

Elsie Van Blaricum, who was absent last week on account of sickness returned to school Monday.

The 9th grade is working on page 155 in Algebra, and studying plants and animals in Physical Geography.

The 6th grade has completed the year's work in Mental Arithmetic and the 7th grade is almost through.

Mr. Allen and several of the pupils attended the exercises at Alville Friday night and report an enjoyable time.

Friday, after recess in the afternoon, was spent in supplementary reading after which the following questions were asked all of which were answered correctly.

Which is farther north, Tallahasse, Florida, or Naples, Italy.

Which is farther east Chicago, Ill., or Rio De Janerio, S. A?

What waters would you pass through in going from Halifax to Triesta, Austria?

Which is the larger and how much Kansas or Ireland?

Which is the larger Japan or the Central States.

Which is the farther west Cape Horn or Cape Prince of Wales.

LONE ROCK.

Farm hands are scarce, so are potatoes.

The lambing season is well under way and a light crop of lambs is expected.

Bill Matlock is arranging to ship his cattle to the Okanogan country about the 10th of next month.

J. E. Reynolds was here last week trying to buy cattle but at the price he offered no one seemed to want to sell,

Mrs. R. M. Johnson was taken ill suddenly Sunday night with stomach trouble. Dr. Luna was summoned Monday and Mrs. Johnson seems to be much better at present.

Mr. Kelly went to Condon Monday and when he returned Tuesday he brought with him a young lassie and her ma. The question is, which one did Kelly go after?

John Rice, an old time resident of this country who with his two brothers went over in the Prineville country last fall to get in on the big land boom came back Tuesday and reports the boom business so far as opening up the farming country to be a pretty windy affair and from appearances John struck it pretty hard as he had to sell his cook stove and rocking chair to get money enough to get back with.

Olex.

The Modern Woodmen lodge was organized here last Saturday with 37 charter members.

Dr. Kennedy left for Walla Walla we understand to convey a patient to the hospital at that place.

The Georgia Harper Dramatic Co. is staying at Olex this week but will show only three nights during the week, Thursday, Friday and Saturday.

J. F. Thomas's machine shop is kept crowded to its greatest capacity to do the work that is required to be done here and is behind with its work.

The scare is over in regard to the smallpox in this place in fact no one has been exposed to the dread disease though quite a number have been vaccinated.

Fine weather prevails here now and crops are beginning to show the effects of it. Fruit trees are in full bloom and the wheat fields and hillsides have taken on a verdant cast.

W. L. and F. L. Tobey returned home on the 18th inst. having performed the last sad rites at the deathbed of their father O. P. Tobey who was well known in this neighborhood and had the respect of all who knew him.

Of the product of this well-known brewery the United States Health Reports for June 28, 1900, says: "A more superior brew never entered the labratory of the United States Health reports. It is absolutely devoid of the slightest trace of adulteration, but on the other hand is composed of the best of malt and and choicest of hops. Its tonic qualities are of the highest and it can be used with the greatest benefit and satisfaction by both old and young. Its use can conscientiously be prescribed by the physicians with the certainty that a better, purer or more wholesome beverage could not possibly be found."
