Through the untiring efforts of R. W. and J. F. Cooke, who took the initiative and many other progressive citizens who promptly fell in line, the Condon Driving Association has been organized and 20 acres of ground has been purchased from Mont Ward, just east of town, on which a first-class 1/2-mile track ball etc. will be constructed. The price paid Mr. Ward was \$27.50 per acre. The tract was surveyed Monday and we understand work will commence on the improvements at an early date.

Obituary.

After a lingering illness, the last few days of which was fraught with much suffering, the spirit of Mrs. Elizabeth J. Lancaster was released from earthly bondage last Sunday morning and was taken to that spirit land which lies beyond the sunset of life. Her suffering was borne with a degree of patience and fortitude which is seldom witnessed and her sorrowing children and the many friends whom she had won during a brief residence here take comfort in the thought that she is now enjoying the beauties of an eternal morning.

Mrs. Lancaster was born in Greenbrier county, W. Va., August 28, 1826. At an early age her parents removed to Ohio where she grew to womanhood and where she was married to John Lancaster. As a result of this union 12 children were born, five of whom survive her. The surviving children are J. E. Lancaster and Mrs. L. T. Price, of this city, Frank Lancaster, of Seattle, Mrs. W. G. Sparrow, of Victoria, B. C., and Mrs. C. S. Mustard, of Long Beach, California. Mrs. Lancaster was left a widow in 1874 and two years later removed with her family to Illinois where they resided until 1882 when they came to Washington and since that time she has resided in Oregon and Washington. She was a resident of Condon about two years and was universally loved and respected by all who knew her. The funeral took place Monday afternoon from the Baptist church, of which organization she was a consistent member, the service being conducted by Rev. F. C. Flowers.

W. L. Barker has purchased B. K. Seary's interest in the Condon barn.

Mrs. Estelma, of Mayville, returned Tuesday from The Dalles where she took her son some two weeks ago for treatment. He is under the care of an osteopath and is improving. Miss Pearl Shelton returned with Mrs. Estelma and went on to Mayville.

J. E. Reynolds, the well known cattle buyer of Lincoln, Nebraska, received about 900 head of stock cattle at this place last Saturday. He also received about 700 head at Rock Creek making a total of 1,600 head taken from this county. The prices paid were \$18 for yearlings \$25 for two and 27.50 for cows and calves. The cattle will be shipped to Nebraska.

Dr. W. T. Brown, M. D. arrived Tuesday and expects to locate here. The doctor comes to us well recommended. He is a graduate of the medical department of the University of Tennessee and has taken post graduate courses at New Orleans, New York and Chicago. He also holds certificates from Tennessee, Indian Territory, Oregon, Mexico and Honduras, C. A. and has had the advantage of years of practice. Dr. Brown will office in the Condon Pharmacy building corner Main and Summit streets.

Why Bill Smiles.

W. N. Brown, of Snipston, was in town Tuesday. Mr. Brown delivered 170 head of cattle to J. E. Reynolds here Saturday. He relates with keen relish an incident which occurred while his yearlings were being "counted in." Brown and Reynolds both counted the stock but failed to agree as to the number. Brown knew he was right and Reynolds was so sure his count was correct that he agreed to wager a \$30 suit of clothes that Brown was wrong. The bet was made and the cattle were strong out and carefully counted by all hands. Brown won in a walk. Reynolds paid the bet and looked pleasant and to show that he is all right gave Brown an additional \$30 as an extra premium on his bunch of cattle. That's why Bill smiles.

It Fixed the Mites.

J. A. Richmond was in from Ferry Canyon Tuesday evening. Mr. Richmond told of a plan he has of ridding his hen house of vermin which, he says, works to perfection. He saturates a torch with plenty of coal oil and cremates the little crawlers wherever he finds them. He used this remedy the other day and after scorching the whiskers of a million or so mites he put out all visible signs of fire and went to dinner. A short time later he noticed smoke and going out found the hen house and a granary blazing. It took some quick work to save a lot of valuable farm machinery and wagons and as it was the buildings, a feed mill and 20 sacks of barley went up in smoke. The loss was about \$200. It was a trifle expensive but, Mr. Richmond says it fixed the chicken lice plenty.

Olex.

The weather has been unusually warm lately.

G. H. Snyder was here during the week.

Mr. and Mrs. J. E. Reynolds spent a few days here during the week. Mr. Reynolds received a large number of cattle while here. He will ship about 1800 head to points in Idaho, Montana, and Nebraska.

Messrs Mobley, Wale and Schott have returned from Hay creek where they rounded up many cattle to be delivered to Mr. Reynolds.

We noticed several loads of fine fat hogs going through this week enroute to Troutdale.

To Organize a Band.

A movement is on foot to organize a brass band in Condon and a number of members of the old band have requested the Globe to state that a meeting will be held at O. W. Propst & Co's. store on next Saturday evening, May 9th., to take steps toward an organization. All members of the old band are specially invited to be present as well as all others who are interested.

A Good Show.

The Globe takes pleasure in commending the dramatic performances being produced at Armory hall this week by the Georgia Harper Company. The show is clean and wholesome, the repertoire varied, the costumes adequate for properly presenting the plays, the acting is excellent and the members of the company deport themselves as ladies and gentlemen. Georgia Harper is away above the average as an emotional actress and the varied character of the different plays gives her a wide field in which to display her versatile talents. In all of these she is ably supported by an excellent company and in none of them are her audiences disappointed. The specialties introduced by different members of the company are first-rate—up-to-date and spicy with nothing to offend the eyes or ears of the most fastidious. The interior country has been up against many aside traveling shows in the past and now that a company of real artists have come among us it is a genuine pleasure to commend them to our friends in neighboring towns.

Tonight the company will present The Old New Hampshire Home, a popular drama very similar to The Old Homestead. The plot is laid among the old New Hampshire hills and many homely old Yankee scenes, brim full of interest, will be produced. The company will play here the remainder of the week and will go from here to Fossil.
