Samuel Wilson, a young man aged about 30 years, died at Alville Monday evening of typhoid fever. He had been ailing for some time with a form of the disease known as walking typhoid and when he finally took his bed the collapse came speedily and death ensued in a short time. He was a brother of J. Wilson, of Thirty-mile, and was unmarried. The funeral took place yesterday at Alville.

The following order has been issued by the state school superintendent to county superintendents: 1. Every district clerk shall enroll, in June 1903, for school purposes, all persons in his district over four and under twenty years of age. 2. Beginning in February 1904, every district clerk shall enroll annually during the last week in February, for school purposes, all persons in his district over four and under twenty years of age.

For Trade. We have a client who wants to go into the stock business and would like to trade an elegant eight room cottage for good range horses or stock cattle. The property is situated three blocks from The Dalles High School has two lots 50x100 feet each; bath; hot and cold water; nice lawn; fine basement; all kinds of bearing fruit and berries; also has a good barn, coal, chicken house and lots carriage house and other necessary out-buildings. The property is nearly new and was erected at a cost of about \$2,500. Would make a very desirable home for a family retiring from active life or wishing to give their children the advantage of a high school. For further particulars see or write Hudson & Brownhill Real Estate & Investment Co., 208 Washington street, The Dalles, Oregon.

Information Wanted. The Globe has recently received a letter from the Oregon Information Bureau asking us to jog the memories of various county officials and business men of Condon to whom the Bureau some time ago sent blanks to be filled out and returned giving information regarding the resources of Gilliam county. This information is desired by the bureau to supply free to prospective settlers and investors and is intended primarily to benefit this county. The business men of Portland have contributed \$16,000 to a fund to maintain this information bureau and it looks like a small thing to ask of the counties to be benefited to supply the information needed. The letter states, however, that not a single person addressed at Condon has taken sufficient interest in the matter to fill out the blanks and return them. The letter closes with the following pertinent queries: "Do your people want any new material to come into their county? We are ready and willing to help you, and will inform people calling here as to your resources if we can be supplied with same. You have a great county. Are your people taking any steps to let it be known? Have you any literature booklets, newspaper articles or anything along this line for distribution? Are they getting out any?" Any exhibit from the county will be displayed to the best advantage. Let us hear from you.

Reply yours, OREGON INFORMATION BUREAU.

A Startling Test. To save a life Dr. T. G. Merrit, Mehoopany, Pa. made a startling test resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first and has not had an attack in 14 months." Electric Bitters are positively guaranteed to cure Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Condon Pharmacy.

For Sale. A good 1/2 section of land in Ferry Canyon, 12 miles from Condon. All fenced; 110 acres in wheat this season. House barn and other fair improvements. Plenty of living water. Price reasonable. This is a snap. For price and terms address this office.

Condon Won the Game.

The Condon base ball team went to Fossil Sunday with a good sized intention of showing the Fossil boys a thing or two about base ball. The first thing they done was to get on to Fossil's 450-month pitcher's curves and send them out of reach of the folders while they spun around the bases in a way that was calculated to rattle any baseball team. The Condon pitcher sent in a few curves that the Fossil boys couldn't touch. Taken altogether the Fossil boys were "interested."

Following is the lineup and score:

Table with columns: Condon, Fossil, Innings, Total. Rows: Condon (20), Fossil (18).

Attraction.

Fox, the king of laugh makers, held the stage at the opera house last night and was met with a good house. They gave a good performance and were greeted with much applause. The dancing of Mr. Fox was especially good, and had much of the clog style which was so popular years ago. The rest of the performers were up to the mark. The low price of admission will no doubt fill the house tonight where they again show—Emmett (Idaho) Index. At Armory Hall tomorrow (Friday) night.

Card of Thanks.

We wish to extend our thanks to our friends and neighbors, of Alville and vicinity, for assistance and sympathy extended during the illness and death of our brother.

WILSON BROS. MR. AND MRS. L. C. LEBECK. MRS. MEYER. MRS. WILLIAMS.

Our Glorious Climate.

At Rockford, Washington, last Sunday, a free-for-all fight occurred, as a result of the ball game, in which two men were stabbed, several knocked senseless with ball bats and about 20 injured.

At Nampa, Idaho, as a result of the game on the same day several men were licked and a police officer was shot by a negro and may die while the noon had a mighty close call from being lynched.

At Fossil Condon "skun" the Wheelers by one score and nobody hurt. Wonderful is the effect of this glorious climate of ours. It would be sacrilege to scrap surrounded by such benign influences.

Surveyors at Work.

A corps of engineers are at work this week between this place and Arlington making a preliminary survey for the Arlington & Pacific coast Railway Co. Surveys have been made up several different canyons leading out of Rock Creek this way with a view to determining the most feasible route. The Arlington & Pacific seems to mean business.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre of Sheperdston, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by The Condon Pharmacy. Trial bottle free. Regular sizes 50c, \$1.00.

ALVILLE.
