

THE CONDON GLOBE

THURSDAY, JUNE 11, 1903. THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Try Jackson's Ice Cream. BARK WIRE and NAILS at Clarke & Frazer's. Will Divenport was over from Mayville Monday. Louisa Hay tools. Best on earth at Clarke & Frazer's. Jim Williams was over from Lone Rock during the week. Jim Cooke went to Arlington Saturday to witness the ball game. Clyde Flint, a well known citizen of Ajax, was in town Monday. School Superintendent Neal visited schools on Rock creek Monday. Perry Ham, a well known citizen of Lone Rock, was in town Tuesday. Milk Shakes, Lemonade, Soda and Ice Cream at Jackson's ice cream parlors. Rob Fitzwater, who has been attending school at Monmouth is home for the summer. The Christian Endeavor will give a basket social and entertainment in Armory hall tomorrow night. The very latest creations in Spring millinery. Buy your Easter hat early and get first choice, at Miss Dora Downing's. Neal & Co have had the front of their place of business neatly painted. This popular resort is now known as the Belvedere. When in need of fence posts give the Lost Valley Lumber Co. a call. They have 20,000 first-class fir and tamarac posts for sale. J. H. Downing and Frank Labous left Sunday evening for Portland where they go to attend the annual meeting of the Masonic Grand Lodge. Edward Amende purchased two fine residence lots on the East Side from J. E. Lancaster. He will build a residence thereon during the present summer. The New Carved Hoisting Single Tree does away with digging heavy rigging at the horses heels; use single or double with derrick or hay fork. Clarke & Frazer. A wealthy widow wishes to correspond with a gentleman of good character over 45 years of age, with means. All letters answered. Address Mrs. K. Wilhelm, Manhattan, Kansas. 13416 Mrs. E. L. Madden has a fine line of Spring and Summer millinery consisting of trimmed and untrimmed hats. Ladies, call and see them. Trimmed hats from \$2.00 up. The Condon Kid ball team crossed bats with the Ridge boys north of town at the Henry Hartman place Sunday afternoon resulting in a victory for the latter. Score 8 to 9. Andrew Greiner was in town Monday morning. His son Ben who was dangerously ill last week is improving rapidly. Mr. Greiner expects to build a fine new residence this summer. Jay Barr and Will Shaw each purchased an acre tract adjoining the townsite from J. E. Lancaster Tuesday. The tracts lay west of the water tower running north to the county road. Stock Inspector Duthie dipped the Thomas Dillon band of sheep the first of the week this being the second dipping this spring. Mr. Dillon has sold his sheep to Pat Connolly who will take them to the mountains. At the regular meeting of Summit Lodge No. 130 I.O.O.F. last Saturday evening the following officers were elected: R. E. Armstrong, N.G.; E. A. Panwitz, V.G.; S.A. Pattison, sec.; R. McKinney, treas. The lodge is growing in membership there being work in the different degrees almost every meeting lately. Forest King, the race horse that won the \$600 handicap at Seattle last Saturday is a Gilliam county horse being owned by Jones Bros., of Oregon City, whose blooded horse farm is situated near Arlington. Forest King made a big cleanup at the San Francisco races last fall and winning about \$30,000 for his backers. Frank Springston and Jim Rogers returned last week from their trip through Idaho where they went to look for a cattle ranch. They failed to find anything to their liking as the range in that country is badly eaten off by sheep. They went as far as the Salmon river and while in the higher mountains experienced much wet cold weather. The engine drawing a passenger train on the O.R.&N. near Bonneville Sunday night was derailed by running over a spike which had been placed on the track. The engine rolled into the Columbia river and several of the coaches were derailed. Wm. Wehrli, of near Mayville, was a passenger on the train. Fortunately no lives were lost. Dunn Bros. exhibited a crepe bedecked figure in their show window during the week which was intended to represent the—no we will not say what, out of regard for our friends, the boys most interested. The figure was headless and supposed to be dead but the boys above mentioned assert that there will be a resurrection next Sunday afternoon. C. L. Rowe received a number of fine photographic views Monday, from his daughter at End, Oklahoma, showing the town as it appeared when submerged by the diess rons flood of a few weeks ago. The flood was caused by a cloud burst some distance above the town and without any warning, about midnight, a wall of water 3 1/2 feet high swept through the town. Fortunately no lives were lost but the property loss amounted to \$300,000. Mr. Rowe's family reside at End but fortunately their home was not in the path of the flood.

Fishing tackle—Large assortment at Clarke & Frazer's. Good No. 8 sock stove for sale cheap. Enquire at this office. Hons. C.A. Danneeman and R. B. Lucas were up from Clem yesterday. Bonn—Saturday, June 6, 1903, to the wife of C.O. Centry a fine son. Dunn Bros. the up-to-date merchants, have a new ad this week. Read it. Finest strawberries and ice cream at Little's confectionery and ice cream parlor. Miss Dora Downing left Friday for Portland where she goes as a delegate to the Grand Chapter O.E.S. Contractor Peterson has the foundation for the new court house completed. It is an excellent piece of work. C. T. Pinkham and family came over from Pine creek Monday and went out to their Ferry Canyon ranch Tuesday. F. M. Hartzer is still on deck at the Wilson Pharmacy with a complete stock of watches, clocks and jewelry. See him. Mrs. R. H. Wain has leased the Condon Hotel from her mother, Mrs. S. A. Maddock. Read her new ad in another column. Mr. and Mrs. J. W. Scrivner, of Gooseberry, were in town Saturday. Mr. Scrivner says crops are looking well in that section. Oliver Ward's eldest daughter was seriously ill during the week with an attack of quinsy. Dr. Brown was called to attend her. Messrs Simmons, Smalles and Finley who were here last week in the interest of the Arlington & Pacific R.R. Co. left for home Sunday. B. W. Crane, of Mayville precinct, accompanied by his friend, Mr. Moon, of Washington county, who is visiting him was in town Saturday. The final eighth grade examination for this year will be held on June 17-18-19 in each district of the county where there are any applicants. Mrs. Birdie Wright, who has been visiting her parents, Mr. and Mrs. J. H. Downing, for some time, left Friday to join her husband at Walla Walla. A young son of Abe Moyer, who lives east of town, fell Monday evening and suffered a bad fracture of the arm near the elbow joint. Dr. Wood reduced the fracture. R. E. Armstrong is on the sick list this week with what seems to be a mild case of typhoid fever. Leigh, who has been teaming for Mr. Armstrong is also sick with the same symptoms. All persons desiring to settle their accounts with us during our absence from town can do so by calling at the Condon Pharmacy where our books have been left. 101 SPRINGSTON & ROGERS. Fred Cornett and Winnie Kelsor went fishing on Rock creek Sunday and each brought home a fine string of good sized trout. Rock creek is said to be the champion trout stream this season. Rev. Mount, of Heppner, will conduct service in the Baptist church Sunday at 11 a.m. and in the evening Rev. James Edmunds, of Burns, traveling S.S. evangelist for Oregon, will conduct the service. Elgin Myers' new hotel building is about completed. When ready for occupancy will be the most commodious hotel in the city and will be known as the Palace hotel. See change of ad in this impression. Mrs. J. W. Snover arrived Saturday from Goldendale to join her husband at this place where they will make their future home. Mr. and Mrs. Snover will occupy the house formerly occupied by Mr. and Mrs. S. E. Van Vector. Dr. D. C. Lazier, of Arlington, left last week for Chicago where he will take a post graduate course of several weeks duration. His wife goes with him to the East. The doctor will return to Arlington to resume his practice about August 1st. Sam E. Van Vector returned Friday from Hamilton where he defended Oscar Jayne and John Laforgy who were arrested on the charge of driving sheep over range infected with scab. Van cleared his clients in a walk the procedure of the prosecution not having been in proper form. Gomer Hawes, son of W. M. Hawes, met with a serious accident Saturday. He was driving a team on his father's farm attached to a float or drag, when the team became frightened and ran away throwing the boy off. His leg was broken just above the ankle. Dr. Wood reduced the fracture and made the patient as comfortable as possible. The Condon ball team went to Arlington last Saturday and crossed bats with the Arlington team Sunday. The hard trip Saturday afternoon through the heat and dust and the insufferable heat of Sunday put the Condon boys in bad form and the result was the Arlington team won out. The Arlington team will come to Condon next Sunday when the home team hopes to redeem itself with interest. Married, in Portland, a few days ago, Mr. Bert Edwards and Miss Gertrude Putnam, both of Fossil precinct, in Wheeler county, Oregon. The groom is a member of the firm of Edwards Bros. & McBride, one of the leading cattle-raising firms of Wheeler county. The bride is the eldest daughter of W. N. Putnam, and is a beautiful and accomplished girl. Many friends in Wheeler and Gilliam counties extend congratulations to the happy pair.—Journal. A. S. Rice recently returned from an extended trip through Washington. He went first to Spokane then to the Okanogan country returning via Seattle, Tacoma and Portland. The Okanogan country, Mr. Rice says, is a fine cattle country the hills being covered with luxuriant grasses while in the valleys, where irrigation is possible alfalfa grows to perfection. It is also a fine fruit country. Land sells at \$100 to \$125 per acre.

The Crop Prospects. The north wind which has prevailed for several days has been disagreeable but so far as we have been able to learn, has as yet done no material damage to the crops. The fall sown wheat is needing rain but the spring grain is said to be growing finely with plenty of moisture yet in the ground. Heavy showers passed around south and east of us Tuesday evening and the indications, at this writing, are somewhat favorable for more precipitation. The season has been unusually backward but the outlook is not yet entirely discouraging. The Ferry Canyon and Mayville sections have had more rain than the immediate vicinity of Condon has had and prospects are quite bright in these sections for an average crop. Were Forced to Dip. Barker & Pitzer delivered about 10,000 head of sheep at Arlington last week to Courtesey, of Seattle. Considerable trouble arose between buyer and seller over the deal and a government inspector or required the sheep to be dipped before being shipped. This entailed a heavy expense to the sellers who had to build vats and dip the entire band. One thousand head were rejected by the buyer and were brought back to the range. The fact that although several experts were there and carefully examined the sheep for scab and failed to find a single insect reflects great credit on our county stock inspector, A. L. Duthie, who had looked after the bands before they were sold. Mr. Duthie is thorough in his work and is making an ideal officer. There is talk of big damage suits as a result of the deal. More Water Needed. The phenomenal growth of Condon lately has made necessary a greater supply of water for the use of the city and the members of the city council who are in town have lately been busy considering the most feasible plan for augmenting the supply. Councilmen Hollen and Kiser spent most of the day Monday investigating the spring on the Clark estate one mile south of town which it has been suggested could be pumped up to town. They found an apparent good flow of water coming from the spring but it was not in shape that any test of the actual flow could be made. If, when cleaned out and opened up, the spring proves to be of sufficient volume to afford an adequate supply of water, it will be secured by the city and a steam pumping plant will be put in to force the water to town. The spring is about 275 feet below the city water tower. The steam well drill was put to work Tuesday morning sinking a well for the city on the lots where the water tower stands. Should the spring be of sufficient volume to supply the city the well will only be sunk to the first vein of water but if the spring should prove insufficient it is probable that the new well will be sunk 500 feet or more if necessary to secure a sufficient flow to supply the city's needs. A new 3 1/2 h p gasoline engine has been ordered and will be at once placed in position at the well which was sunk last winter and the old engine will be kept at work at the old well. Jay Barr, an expert gasoline engineer, has been placed in charge of the pumping plant and is getting all the water which the two wells afford. LONE ROCK. The sheep owners are busy hauling their wool to Heppner. Most of the sheep have gone to the mountains for summer range. A strong move is on foot now to get a government reserve established along the mountains south of Lone Rock. Some of our people attended the pioneer meeting over in Wheeler county and report having had an enjoyable time. Jeff Hayes hauled over a fine 2-year-old Hereford bull from Heppner this week which weighed about 1300 pounds and was the property of Joseph Frazell he having purchased it from Oscar Minor for \$125. The crops in this vicinity are needing rain badly. While on their way to Heppner last Saturday Irv Bennett and his wife met with quite a serious accident. One of their horses started to kick and one of the lines broke and Mr. Bennett was thrown out while the horses ran away with Mrs. Bennett still in the rig and ran considerable distance before she was thrown out. She was rendered unconscious for several hours. Mr. Bennett was taken to Heppner and is improving but is not able to return home yet. Mrs. Wick went to Condon Monday returning Tuesday. Dr. Butler, the anti-tooth ache man, came up on Monday's stage and will remain in our town several days jerking out old teeth and putting in new ones for the people. Hank Morgan, of Lost Valley, was visible to the naked eye on our streets Monday. Header Box Floors, tanks, and wagon wheel Felloes are kept from shrinking or warping by painting with CARBOLINEUM. It will double the life of a fence post at the cost of one cent per post. Clarke & Frazer. TO CURE A GOLD IN ONE DAY Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c NOTICE IN BANKRUPTCY. Notice is hereby given that on the 23d day of March, 1903, Colby V. Vincent, of Condon, Oregon, was duly adjudicated bankrupt and that the first meeting of his creditors will be held at Room 600, Chamber of Commerce Building, Portland, Oregon, on the 23d day of June 1903, at ten o'clock A. M., at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting. Dated at Portland, Oregon, this 8th day of June 1903. ALEX SWEEK, Referee in Bankruptcy. For Sale. Comfortable dwelling and four desirable lots in Condon. A bargain. Enquire at Globe office. 14-17.
