Dr. Brown and C. W. Crossfield visited at F. M. Springston's ranch, in Lost Valley last Sunday.

We have the agency for the Fairbanks & Morse pumps, windmills and gasoline engines. Clarke & Fraser.
"Work is progressing rapidly on A. S. Hollen's new residence." It will be one of the neatest dwellings in town.

Mrs. Geo. Knox, of Fossil, was a passenger on Sunday's stage on her way home from a visit in the Willamette valley.
The Condon Milling Co. has put on a quick span new delivery wagon for the accommodation of their rapidly growing city trade.
Rev. Frank Simmons filled the pulpit in the Baptist church last Sunday morning. He is a pleasant and interesting speaker.

The very latest creations in fashionable millinery at Miss Dora Downing's. Seasonable goods the year around. Call and inspect goods and prices.
W. L. Barker has just received a consignment of 1800 pounds of bolts, all sizes and kinds. He also has a fine assortment of all kinds of wrenches.
Work has been commenced on M. E. Summers' new dwelling. It will be a modern six room cottage with bath, cold storage etc. Harry Bour is doing the work.

Mrs. E. L. Malden is giving great reductions in all Summer hats some being reduced more than one half. Anyone desiring a cheap hat will do well to call and see her.

W. L. Barker makes a specialty, this season of the Hoag's Header and extras. If you need a header you should call and examine this popular machine. Opposite Condon Livery Barn.
The brick work on Searcy's saloon building was completed Sunday. Contractor Wattenburg is rushing the carpenter work and will soon have the building completed.
J. W. McDonald, who had his leg broken and knee injured some time ago is able to use crutches a little but the injured knee still gives him some trouble. It is worse than two broken bones.
Lon Moore who with his family left here for Medford, Southern Oregon, writes to have his copy of the Globe sent to Looking Glass, Douglas county, they having located at that place.
A fine 10 pound boy was born to Mr. and Mrs. J. A. McMorris last Saturday morning. As the young gentleman has three sisters but no brother his paternal ancestor naturally feels particularly jubilant over his advent.
As a proof that Condon flour is known, and its excellent qualities appreciated in the outside world, more orders for flour in 500 and 1000 barrel lots than can be filled have been received from Portland lately by the Condon Milling Co.
O. S. Munger, who resided near Fossil, was found dead in his bed at the home of his sister, at Albany, where he was visiting, last Wednesday morning. Heart disease was the supposed cause of death. He left a widow and five children.
Mrs. Chas. Carter and little son, returned Sunday from a visit with her mother at Sylvan Grove, Kansas. The weather has been extremely hot in the Sunflower State and Mrs. Carter is glad to get back to the more moderate climate of Oregon.

Rev. F. C. Flowers, pastor of the First Baptist Church, left Tuesday to enjoy a two week's vacation. He will spend some time at The Dalles where he anticipates the pleasure of meeting several former classmates and college chums from his alma mater in Tennessee.
A pump and gasoline engine has been installed at the new city well near the water tower and after a week's steady pumping the water superintendent believes that the supply in the new well is much greater than in any of the others. This should not be construed by citizens as reason for the extravagant use of water, however, as it is to the interest of every property owner to help get the tank full again and keep it that way. A full water tank might be the means of saving thousands of dollars worth of property in case of fire and we cannot expect that the town can always escape a blaze.

Misses Carrie and Bessie Danneman were in town Thursday on their way to Lost Valley.
R. B. Lams has retired from the management of the hotel at Clew to enjoy a well earned rest.
Charlie Horner, the popular post office clerk, is spending his vacation visiting friends at Corvallis.
Miss Abbie Darling entertained a number of Condon friends at Applegate ranch, Hay creek, last Sunday.

A large party of Condon young people enjoyed a pleasant picnic at W. J. Russell's ranch on Trail Fork last Sunday.
Jim Larch and Henry Wilkins, two well known wheat farmers, of Clew, were in town Saturday evening on business.
Yonderfist kick about the dust in this great country but, bless you, it's the dust, when mixed with Oregon mist in proper proportions that makes the wheat grow.
Robert Wilson, father of Fred and Frank Wilson, arrived from Michigan Sunday to visit his family and his sister Mrs. Coulter, of New Orleans, who with her daughter, is spending the Summer here.

The Condon Cornet Band is making excellent progress under the efficient instruction of Prof. Downey. The professor also instructs on the violin and guitar and gives excellent satisfaction. His dancing classes are well patronized.
Deputy sheriff Ray Rogers sold the old county jail building at public auction Tuesday. The building was bid off by Mayor Pitzer for the city for the sum of \$65. It will be moved to the city lot on East Summit street and fitted up for a city jail.
F. M. Brown started for Sumpter Tuesday, near which place their sheep are being ranged and, a little later, will start with 3000 head for Middle Valley, Idaho, where the band will be wintered. He expects to remain in Idaho with the sheep all Winter.
C. W. Crossfield, proprietor of the Condon Pharmacy, has been making some extensive improvements on the interior of his store lately. The wood work has been handsomely grained, the floor painted and new matting put down. Mr. Crossfield is bound to keep his place of business in the front rank among neat Eastern Oregon drug stores.

Ninety-eight in the shade was the record Tuesday and no man in Condon ventured to say to his neighbor, "Is it hot enough for you?" Such a question might have meant instant death or at the best a long spell of sickness. Condon people are not accustomed to 98 degree weather and they will stand no foolishness under such intolerable conditions.
Randle Palmer and family and Dr. Lams returned Tuesday evening from a camping trip at the head of Lone Rock creek. They caught plenty of trout and grouse and saw numerous deer—tracks. Victor Palmer caught the premium trout—15 inches—and, rather than be "daylighted" by a kid Doc caught a bird on his fish hook. They camped at Wineland's lake near the "Notch."

H. W. Pauling's Store Robbed.
H. W. Pauling, who is well known here, now proprietor of a drug store at Oswego, a suburb of Portland, was the victim of burglars last Saturday night. Fifty dollars in cash, 300 cigars and many other articles were taken and two slot machines were smashed and rifled. Mr. Pauling has offered a reward of \$50 for the conviction of the robbers.
Van Stands Pat.
Attorney Arthur P. Tift, of the well known firm of Pipes & Tift, was in town Wednesday accompanied by two Chinamen. One of the Celestials was an interpreter; the other was Chung Wah, brother of Chang Ling, the Gilliam county prisoner who is in jail here charged with the murder of another Chinaman at Heppner Junction. Ling had paid Attorney Van Vactor a stiff retainer to defend him, and Wah, thinking Van wasn't getting Ling out of jail fast enough hiked from Heppner to Portland and engaged Pipes & Tift to take his brother's case out of Van Vactor's hands. As a matter of fact, owing to the serious nature of the charge, no attorney can secure Ling's release for the present and as Van has already got all the money in sight he would seem to be holding the top hand. Mr. Tift and his two Chinese accomplices went to Heppner to argue the case with Mr. Van Vactor, with a view to getting him to disgorge or whack up, but Van denied their suit.
With all due respect to the Portland legal talent there is no doubt that Attorney Van Vactor could put up a stronger defense for a client in a Gilliam county court than could any Portland lawyer. Besides, who ever heard of a lawyer giving up a retainer?—Fossil Journal.

Suicide Prevented.
The startling announcement that a preventive of suicide had been discovered will interest many. A run down system or dependency invariably precedes suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It, being a great tonic and nerve, will strengthen the nerves and build up the system. It's also a great stomach, Liver and Kidney regulator.

Charged With Insanity.
Deputy sheriff Rogers was notified by telephone from Mayville yesterday afternoon that Mrs. Workinger, of near that place, had developed marked symptoms of insanity and that her son had made a complaint before Justice Angell asking to have her taken into custody and examined as to her sanity. Mr. Rogers left at once for Mayville accompanied by Frank Wilson, whom he took along as guard, to bring the unfortunate woman here for examination.

E. T. Hillenbeck has commenced work on his new blacksmith shop on Main street.
Herbert Halstead got his arm seriously injured in the planer at his saw mill last Saturday.
Mrs. D. C. Downer is having a neat picket fence built around her property at the corner of Church and Summit streets. Tom Price is doing the work.

"Have you anything to say," asked the Kentucky judge, "before sentence is pronounced?" "No," answered the defendant; "but you'll hear from my friends if the sentence you pronounce doesn't happen to give satisfaction."—Chicago Record-Herald.
Something of a curiosity from Joe Trevett's garden may be seen at this office in the shape of a multiple corn ear. It consists of a perfect ear surrounded by five other ears which lie as closely around the inner one as a husk and is a sure enough roasting ear bouquet.
Tam, the two-year-old son of Mr. and Mrs. John Jackson, has been quite ill this week with the prevalent bowel trouble. Arrangements were made to start with him to the coast Tuesday night but a marked improvement in his condition resulted in the trip being postponed.
Marshal Armstrong, who was shot in the knee in an altercation with Frank Palmer a week ago yesterday, is getting along nicely being now able to be up and around the house. At the preliminary hearing Thursday Palmer waived examination and was held in \$1000 bail for circuit court which convenes next month.

The following story is going the rounds of the press: A negro preacher was asked by one of his flock how hot it is in hell. "Well folks," he replied, "jee take all de wood in New York state, an' all de coal in Pennsylvania, an' all de oil in de worl' an' den set it all afiah. Den take a man outen hell an' drop 'im in dat bu'iss' mees an' he'll freeze to deff' bawf' he kin hardly light. Dat's how hot hell am."
End of Bitter Fight.
"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes, of DuPont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by Condon Pharmacy
