

THE GLOBE.

THURSDAY, OCTOBER 20, 1903.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Good children bay their school supplies from Jarvis.

Mr. and Mrs. Ode Jarvis returned from Portland Sunday.

For Sale—A good corner lot in Condon Enquirer of Mr. Parker.

County Judge Dunn left Tuesday for Portland on a business trip.

School supplies—pencils, tablets, pens, ink, pencil boxes etc at Jarvis' Pharmacy.

Silk Skirts—Finest line ever offered in Condon. Just received at Stephenson & Wilcox's.

Call and see the elegant line of Jackets Coats and Caps just received at Stephenson & Wilcox's.

Wm. Looney, of Ferry Canyon, is handling lumber this week with which to remodel his home.

We have the agency for the Fairbanks & Morse pumps, windmills and gasoline engines. Clarke & Hartshorn.

Attention Kid! See Jarvis about the things you need for school. Rulers, pencils, pens, tablets, ink etc.

The Condon Cornet Band will give a grand ball here Thanksgiving evening. Watch for bill later.

Mrs. Mont Ward, who is in a Portland Hospital, is improving slowly and is now able to be up for a short time daily.

Alex Duthie brought a four horse load of cabbage into town Monday. Mr. Duthie grows this toothsome vegetable by the car load.

M. E. Summers moved into his new residence Monday and Jeff Neel and family moved into the house vacated by the Summers family.

W. L. Barker has just received a consignment of 1800 pounds of bolts, all sizes and kinds. He also has a fine assortment of all kinds of wrenches.

Miss Nuckolls is prepared to do fashionable dress making. Ladies desiring work done should call and see her at her rooms at the Palace Hotel. 34-35.

A daughter was born to Mr. and Mrs. Blain Maley, of Alville last week. Mrs. Maley is with her mother, Mrs. McConnell, at Mayville, and the advent of the little lady took place there.

At the Congregational church next Sunday morning Rev. Strange will speak on "Marks of the True Church of Christ." At the evening service the theme will be "Progress in the Kingdom."

The Condon Milling Co. expect to have the new electric light plant installed in about 30 days. This modern convenience will be a boon to Condon and will mark a new era in the town's history.

Going to the sharp advance in the price of sole leather we have been obliged to raise our prices on tap soles as follows: Men's nailed work \$1.00; boys 75c; ladies, 60c. For sewed work add 20 to 35 cents. O. W. Propst & Co.

The annual meeting of the Caledonian Club was held in Fossil during the week and the Scotchmen and their friends of three or four counties were in attendance to enjoy the festivities. A large delegation went over from this place and those who have returned report a good time.

J. M. Cameron has returned from the mountains where he spent the summer with his sheep. He had a fine summer and experienced no trouble. He was in the vicinity of Austin in the cattle district and has concluded that the Grant county cattlemen, at least in that locality, are the best people on earth.

Dr. Lazier, of Arlington, has received his new X-ray machine and set it up in his office opposite the bank in Arlington. Dr. Ryan, a specialist from Chicago, is with Dr. Lazier this week instructing him in all the modern treatments by static electricity including X-ray photography. The doctor has a new card in his issue.

B. K. Searcy, the "dearlayer," got hungry for venison the other day and taking Ed Vaughn along as a helper he tied himself away to the wilds of Wheeler county returning in a day or two with a fine buck. Mr. Searcy and all his friends have been living fat since and the writer is in a position to testify that the venison was as fine as could be wished for.

Father Kelley, the priest in charge of the Catholic churches of this district, returned Friday from a trip of several months duration during which time he visited in the East and in England and Ireland. He had an enjoyable trip and returns to take up his work with renewed strength and vigor. Father Walsh, who has had charge of the work here during Father Kelly's absence made many friends while here.

On a new basis from November 1st. We must keep our stock moving. Everything in Lumber, Doors, Windows, Mouldings and Building Supplies as well as Wagons and Buggies of the best makes are going to be sold for cash after Nov. 1 at prices that will justify you in rustling the money. We are not going out of business but want to convince you that cash will help you do business at a profit to yourself. The Arlington Lumber Co. is the place. Arlington and Condon.

Joe Block, the popular young saddle-maker with a painful accident. Sunday afternoon while taking a horseback ride, Joe had borrowed Frank Maddock's saddle horse and the animal being somewhat unruly ran away on East Spring street and after going through a wire fence landed the rider in the lot east of Frank Palmer's residence. Joe was badly jarred and his ankle was sprained but he was not dangerously injured. The horse went through a strong wire fence breaking off two posts and tearing loose the wire but strange to say the animal was not cut or otherwise injured in the least.

RAILROAD NEWS.

Three Companies at Work Surveying.

WARM TIME AT ARLINGTON

Morris Says Will Grade in Two Weeks. Simmons May Choose Lange Canyon.

Interest in the various railroad projects now being pushed in this county remains unabated. The storm center at this time is in the north end of the county, between Arlington and Olex, where the three competing companies each have their engineer corps in the field, locating lines. Engineers of the Arlington & Pacific Co., represented by Mr. Simmons, were camped at the Junction house, at last accounts and were engaged in making a permanent survey. The surveyors in the employ of Mr. Morris, representing the Eastern Oregon Railway Co., have completed their preliminary survey to Olex and are camped at that place, and the Columbia River & Central Oregon company, known as the Ainsworth company, are in the vicinity of the French Charley place on Rock Creek.

At a regular council meeting of the Arlington city council held in that city last Saturday evening the question of granting a franchise through the city to the Eastern Oregon Railway Co. came up for consideration but upon motion the matter was tabled until the next meeting. Mr. Morris was present at this meeting for the purpose of offering an amendment to the franchise which he had previously asked for and before an adjournment was taken he was given a hearing when he took occasion to treat his proposition as amended. The amendment was, in effect, that in addition to meeting the requirements set forth in the original franchise he proposed to execute a good and sufficient bond in the sum of \$5,000 to the city of Arlington binding his company to commence work on the proposed road within thirty days and to complete the road to Condon within one year, and in case of failure to do so the amount of the bond to be forfeited to the city of Arlington.

Messrs. Simmons and Finley of the Arlington & Pacific accompanied by their attorney, Judge Allen, of Portland, were also present and addressed the council. It will be remembered that the Arlington council passed an ordinance several months ago, granting a franchise to Mr. Simmons's company, which was later vetoed by the mayor.

This matter was brought up at the meeting Saturday night by Mr. Simmons and was the subject of some acrimonious remarks by that gentleman directed to the mayor and councilmen. The speaker also paid his respects to Mr. Morris and the company he represents in language somewhat forcible and Mr. Morris responded in such a manner as served to indicate that he was amply able to take care of himself. For a time, it is said, there was blood on the moon and the indications were excellent for a first-class scrimmage. The storm finally spent itself, however, and the meeting was adjourned without bloodshed or loss of life.

The Ainsworth people were not represented at the council meeting only indirectly, by Mr. Tierney, agent for the O. R. & N. Co. at Arlington. That gentleman made a statement to the effect that he was authorized to say that the Ainsworth people would certainly build the road. That they had made satisfactory traffic arrangements with the O. R. & N. Co. and that they were in no way connected with the Simmons company.

J. E. Lancaster, of this city, who returned from Arlington Sunday informs us that Mr. Morris assured him in most positive terms Saturday evening he will certainly build the road and that he will begin active grading operations within two weeks. He will have two grading outfits on the ground by that time. He also stated to Mr. Lancaster that his associate, Mr. Hill, had, up to that time, raised \$28,000 by the sale of bonds to the farmers and business men between the Columbia River and Rock Creek. Mr. Morris expected to be in Condon the present week in the interest of his project.

Mr. Lancaster also learned from Mr. Simmons that that gentleman has secured an option on 40 acres of ground at the mouth of Lange's Canyon, two miles from Arlington, and in case of his failure to secure a franchise through that town he will build his road up Lange's Canyon.

Death of an Oregon Pioneer.

George Brown an old and respected pioneer of Oregon died suddenly at his home in Polk county, near Dallas, on Monday, at the advanced age of 80 years. Mr. Brown and his wife came to Oregon more than a half century ago and secured donation claims of Polk county's finest land where they have resided. W. N. Brown, of the Condon Milling Co., and J. M. Brown, of Skipton, sons of the deceased, received the sad news of their father's death Monday evening and left early Tuesday morning for their old home to attend the funeral. The immediate cause of death was not learned here.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1 bottles guaranteed. Trial bottles free, Condon P. H. & M. Co.

Superintendent Neal's Case.

When the Globe stated last week that the school board had been amicably adjusted it spoke in good faith. This paper has been led to believe all through this unfortunate proceeding that the expiration of Professor Neal's certificate was of recent occurrence and felt that the penalty for what seemed to be an oversight or misconstruction of the law fell altogether on Mr. Neal in the loss of his month's salary. Later developments, however, show that our information was incorrect and that the matter is much more serious and complicated than it at first appeared.

We have had no desire to suppress or cover up anything connected with this matter believing that the public is entitled to the facts in all cases in which the public is interested.

It now appears that Mr. Neal's certificate expired three years ago. When the matter was agitated a few weeks ago he proceeded to call his board of examiners together to be examined for a permit. Only one of the board responded and the examination was proceeded with. This was clearly not legal, although Mr. Neal claims that it has been the custom in this and other counties to conduct special examination for permits with only one member of the board present. The next step taken was the resignation of Mr. Neal, as principal of the school, which was submitted to the board of directors, but upon a protest from the pupils and upon agreement by Mr. Neal that he would convene a legal board of examiners and be re-examined for a permit it was not accepted. On Friday morning of last week a new board was formed and Friday and Saturday Mr. Neal was examined for a permit which was granted.

About this time the fact was made public that his certificate had expired some three years ago and this complicated matters that Mr. Neal handed in his second resignation which was accepted. As yet no teacher has been named to fill the position of principal and that department of the school is closed. The most deplorable part of the whole matter is the injury it will work on the school which will be seriously crippled for the entire term.

Semi-Annual Statement.

The semi-annual statement of the financial condition of Gilliam county, for the six months ending September 30, '03, has been prepared by County Clerk Portwood, from the reports of the several officials and a copy of the same is before us.

The clerk's statement shows that during the half year just passed the county court has allowed claims to the amount of \$18,191.00, for which warrants have been drawn. Of this sum the amounts charged to the various accounts are as follows:

County court and commissioners, \$642.16; circuit court, \$615.35; Justice clerk, \$35.05; sheriff's office, \$1,036.52; clerk's office, \$1,065.71; treasurer's office, \$199.98; coroner's office, \$4.35; school superintendent's office, \$273.21; stock inspector's office, \$99.66; assessor's office, \$727.00; tax rates, \$10.75; current expenses, \$339.64; court house expense, \$9,779.48; Jail \$600.50; care of poor, \$270.60; insane, 10.00; roads, \$2,419.81; miscellaneous, \$2.00.

The Sheriff's report shows that that official has received as taxes and turned over to the treasurer the sum of \$10,835.77.

The treasurer's report shows that official to have received distributed, and otherwise accounted for \$40,854.68 on the general fund and \$8,972.41 on the school fund.

The summary statement shows the total liabilities of the county to be \$301,40.05 with resources to the amount of \$167,03.03. Of this last amount \$11,135.35 is in the hands of the county treasurer applicable to the payment of county warrants and \$5,567.68 is the estimated amount of unpaid current taxes.

This brings the actual liabilities of the county down to \$13,437.02.

Married.

Mr. George Barry, of this city, and Miss Ellen Sedgewick, of Albany, who were married at the latter place, Sunday, October 11, 1903, arrived in Condon last Saturday evening and will make their home here.

Mr. Barry is manager of the Arlington Lumber Co's yard here and is highly esteemed by all who know him as a gentleman of many excellent qualities.

His bride has been a popular and successful teacher for several years and is a lady of high character and attainments.

Mr. and Mrs. Barry have commenced housekeeping in their snug cottage on Oregon Avenue.

Robbers entered the bank, blew open the safe and secured \$7,000 in coin and currency at Sheridan, Oregon, at an early hour last Monday morning. They got away with their booty and have not yet been apprehended.

An entertainment and social will be given in Army Hall Friday evening, November 13, at which some of the best local talent will assist. Vocal and instrumental music, tableaux, colloquies, etc. will make up the program. All invited.

S. M. Van Cleave, a former resident of Trailfork, now of Marion county, came in Tuesday on a business trip. Mr. Van Cleave expects to start in a short time for an extended trip East. He will visit friends in California, Indiana and Kentucky.

J. W. Jover expects to go to Trail Fork tomorrow where he will appear as counsel for plaintiff in a replevin case. The case concerns some logs which are the property of Joshua Hardie which have been taken up by his neighbor, Wm. Parks, and will be tried out in Justice Joe Mattingly's court. It promises to be an interesting case.
