C. L. Rowe and Joe Fair will leave in a few days for Dayton, Washington, to take charge of the warehouse and feed business recently purchased by them at that place. They have secured a fine property and both being thorough progressive business men they will no doubt do well in their new venture.

W. G. Keys was over from Mayville Saturday. To a Glens representative Mr. Keys stated that the work of involving the stock of Keys & Son, which is now in the hands of a receiver for the firm's creditors, was then about completed. He thought the stock would reach a figure somewhere between \$10,000 and \$12,000. The book accounts he says, will reach \$12,000. Mr. Keys hopes the business will soon pay out in good shape and the trouble be adjusted. The Mayville Mill, Mr. Keys says, is not involved in the present difficulty it being the property of his sisters, Misses M. J. and E. A. Keys and was leased to D. T. Minto November 1st.

C. J. Quinn was over from Key's Flat May 1st. Mr. Quinn is feeling about 30 years younger than he used to be because of having recently struck a bountiful supply of the water in his well on his ranch. Mr. Quinn has been hauling water for 20 years and he says Jim Blaine's famous "Twenty Years in Congress" is not in it with the experience of a water hauling rancher. He feels that his strenuous days are about over and that he can now take life easy. Mr. Quinn's well is 147 feet deep and the supply of water is inexhaustible. Two other good wells have been struck on the flat and the water problem in that vicinity has been solved. Ed Palmer did the drilling and his work there has given the best of satisfaction.

No town in Oregon, of the same size, has made the growth and substantial improvement during the past Summer that Condon has done. And the boom has not struck us yet it is still 40 miles away.

One of the stage horses fell and was badly injured yesterday morning this side of Mayville. The animal was dragged under the stage and partly run over before the other horses could be stopped. The roads were in a frightful condition on the Fossil end yesterday.

Earnest Panwitz sold his house and four lots in Condon Monday morning to C. O. Portwood the consideration being \$400. Mr. Panwitz left the same morning for Portland and if he does not secure a position in that city which suits him he will probably go to California to spend the winter.

His camera is one of the very latest models and is provided with all the latest improvements. He is kept busy which shows that his work is fully appreciated by the Condon public.

Charles Davenport, an old and respected resident of Mayville, met with a serious accident at the Mayville hotel where he makes his home, a few days ago by falling down a flight of stairs. Mr. Davenport is 63 years old and has been very frail for a number of years. His advanced age makes it probable that he will never fully recover from the effects of the accident.

C. O. Portwood, Frank Labous, J. M. Cameron, D. S. Brown, Dr. Luna, S. E. Barker and Dr. Wood went to Heppner yesterday to attend some high jinks in the Royal Arch degree of Masonry. We understand the two gentlemen last named are to be the victims of the occasion it being their turn to take their medicine while the others enjoy the fun. The party expect to return home Sunday.

Ed Jones, who has been in this county for a year or so working for different parties was arrested Sunday evening on a charge of larceny it being alleged that he sold a lot of carpenter tools which he had borrowed from Dan Rinehart and failed to return. The tools were sent to Arlington Sunday he having given a bill of sale to another party who had the tools shipped. A civil action was also instituted against him by Mr. Rinehart to recover a board bill which it is alleged that he owed at the Summit hotel.

"A baby was born to a certain minister last Saturday morning," says an Oklahoma paper. "That evening the officers waited on him with \$50 in cash. The next morning when the congregation assembled two wags stood before the church door and one of the ministers would thank the Lord for the money first and the other bet he would thank Him for the baby. When the reverend gentleman arose to pray he said: 'Lord we desire, also to thank thee for this timely encow.' The boys are yet undecided as to which was the winner."

Thanksgiving Service.

The union Thanksgiving service held in the Baptist church last Thursday was attended by the largest congregation that ever attended a similar service in Condon. Rev. Strang of the Congregational church, preached the sermon which was a most able discourse. Mr. Strang is an orator of much ability and his sermon showed that much thought and careful work had been given in its preparation. The special music prepared for the occasion by the church choir was a highly enjoyed feature of the occasion and was among the best sacred music ever rendered in Condon.

To Mr. J. W. Snover, the choir leader, is due much of the credit or the musical treat of this occasion as he labored hard and faithfully in selecting the music and training the singers.

Labor Commissioner Here.

O. P. Hoff, State Labor Commissioner was here last Thursday and Friday. Mr. Hoff is on a tour of Eastern Oregon with a view to becoming familiar with the resources and general conditions of this section of the state. His office is in constant receipt of letters of inquiry from all parts of the country regarding the inducements Oregon has to offer intending settlers and it is his intention to embody a mass of such information, in a concise form, in his annual report. A copy of the report can then be mailed to all such inquirers giving them the information they desire in a condensed, practical form. This work is in every way laudable and will be the means of giving to many of the interior counties a great amount of good advertising which they have long needed but have not had. All wide awake citizens will no doubt give Mr. Hoff every assistance in their power in the prosecution of his work.

He went from here to Fossil and expected to visit Walla Walla county before returning.

It Was a Grand Ball.

The ball given Thursday evening by the members of the Condon Cornet Band was one of the most enjoyable occasions of the kind that has been given in Condon for a long time. A large crowd was present and the music and management were all that could be desired. The band boys favored those present with a number of excellent selections of choice music. The band has made wonderful progress in its skill in making music and is now second to none in this section of the state. The affair was a success financially and will add many shekels to the treasury of the band.

A Costly Mistake.

Blenders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Bile, Headache, Liver or Bowel troubles. They are gentle yet thorough. 25c at Condon Pharmacy.

McMorris Wins.

The glove contest which was billed for Thursday afternoon in Armory Hall did not come off in the place designated on the bills, the city authorities having, on Wednesday evening, decided not to allow the affair to take place within the city limits. Accordingly arrangements were made to pull off the scrap outside the corporation lines in the open air and with this charge the "mill" came off as advertised. The scrap was a hot one all the way through and there was no doubt left in the minds of any of the spectators but that both men were in for the victory. It was sure no fake and those who enjoy that kind of sport agreed that they got their money's worth. McMorris proved himself to be the better man all the way through except, perhaps in the third round which is said to belong to Laurence. In the sixth round Laurence went down and being unable to come to the scratch within the prescribed time he was counted out and the victory and purse were given to McMorris.
