J. M. Downing left Monday morning for Alberta, where he goes to look for a horse market with a view to shipping a lot of horses there in the Spring. He will probably return in a month or six weeks.

Mrs. Carr who lives west of town, who has had a double thumb on one of her hands had one side of the member removed the other day to make it easier for her to wear a glove. Dr. Wood performed the operation.

The registration books are now open at the county clerk's office and it is in order for electors to get in line and have their names placed on the list. It is less trouble to register than to swear in your vote on election day.

Rev. Mount writes from Heppner that he is the proud possessor of a fine young Baptist preacher who arrived at his home January 6. Rev. Mount says he thinks the young minister has more voice than ideas.

All persons knowing themselves indebted to the firm of Clarke & Hartshorn are earnestly requested to call at the store of M. O. Clarke and settle at an early date either by cash or a good note as we are anxious to close the old accounts.

Owing to the scarcity and high price of fuel the Condon Milling Co. found their electric light ventur a losing proposition and the lights were shut off last Friday evening. It is probable, however, that matters will be so arranged in the future that the plant can successfully be put in operation.

Andrew Greiner was over from Mayville Tuesday. His son, Ben Greiner, who is a student in Mt. Angel college recently suffered from another attack of sciatica and has written to his father to come to Portland to be with him when operated on for that disease. Mr. Greiner will leave for the city Monday.

W. J. Edwards, the well known stockman and dealer, of Mayville, went through Sunday on his way to Portland to attend the National Livestock Association which is in session there this week. Mr. Edwards is one of the most progressive stockmen in the county and takes a lively interest in all matters looking to the betterment of the stock industry.

Miss Keys was over from Mayville yesterday. At a special school meeting held yesterday a ten mill tax was voted.

Miss Kate Schott, who is visiting relatives in Condon expects to return to Salem next month.

Dr. Lazier, of Arlington, has been appointed deputy county physician for that end of the county by Judge Dann.

The new school house is ready for occupancy except for the seats, blinds and blackboards which are expected to arrive soon. The building complete will cost about \$6000.00.

Geo. Taylor was up from Olex yesterday. He says that town is starting in on a boom. The new bank is now running, a saloon has been opened and the price of town lots is rapidly advancing. Lots now range from \$50 upwards.

Rev. Austin, of Arlington, will remain here and continue the meetings next week. Rev. Flowers will go to Arlington Saturday and will fill the pulpit at that place Sunday returning Monday to continue the work here.

A. S. Hollen received a letter the other day from his former partner, Carl Magnusson, who is now at Newton, Kansas, which stated that he has fully recovered his health and is feeling better than for years. He has a contract for a large grain elevator at Newton and is working a big crew of men on the job this winter.

The balmy, springlike weather lately has not been conducive to many local happenings. News is scarce. This premature June weather is enervating in the extreme and there has not been enough rustle about the town for a week to bring about a first-class dog fight. At such times the path of the news gatherer is not strewn with roses or new items.

A very heavy rain fell Saturday night and the town was pretty well flooded Sunday Morning. Dunn Bros. lost about \$50 worth of sugar which was stored in their old store building, the water from the hill running and melting the saccharine matter. The old sewer carried a roaring torrent and it is to be hoped that some of the accumulated filth was washed away.

A large audience greeted Rev. King at the Sunday evening service at the Baptist church. It had been previously announced that the sermon at that time would touch on a number of interesting subjects among them being dancing, the social evil, church fairs, socialists etc.

The discourse was a strong one and the subjects named were handled without gloves. The series of meetings at that church will continue next week.

While riding after stock Saturday C. E. Tharpe, who lives west of town, met with a serious accident which resulted in the fracture of his left leg. The horse he was riding slipped and fell and Mr. Tharpe's foot and leg were caught beneath him with the result above stated. The horse regained his feet so quickly that Mr. Tharpe did not lose his seat in the saddle and so was able to ride home. Dr. Brown reduced the fracture and the patient is getting along as well as can be expected.

Mr. Wm. S. Crane, of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. For sale by Condon Pharmacy.

Wonderful Nerve. Is displayed by many men enduring pains of accidental Cuts, Wounds, Bruises Burns, Scalds, Sore feet or stiff joints. But there's no need for it. Buckle's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c at Condon Pharmacy.

Same Here. Already prospective candidates for political honors in this county are repairing their fences and feeling the public pulse. The "still hunt" is now on but the office seekers will soon come out from under cover and old friends whom you thought had entirely forgotten you during the lapse of the last two years, will rush up, warmly grasp your hand and with deep concern written on their beaming countenances tenderly inquire about the welfare of your wife and baby.

Convention in Portland. This is convention week in Portland. The National Livestock Association, the National Fruitgrowers Association and the National Fruitgrowers' Association are all in session. Portland is doing herself proud in the entertainment of her guests and is giving these representative men from all over the country an object lesson of what the city can do on the occasion of the Lewis and Clark Fair. Portland is all right as a convention city and is becoming more popular in that respect every year.

Strayed. One spotted horse about nine years old branded W on shoulder, known as the John Walker brand, of Ferry Canyon. Also one bay yearling colt branded with a triangle on left side. Were last seen in Ferry Canyon. I will pay \$5.00 for their return or for information leading to their recovery.

W. K. FRANCE, Olex, Oregon.

Rare Opportunity for Wide Awake Buyers. Owing to the original purchaser's inability to pay out his contract we have on our hands in Condon a fine upright piano together with a Pianola to match which, rather than to incur the expense of shipping back to Portland, we will sell here for the balance due on the original purchaser's contract. For further particulars and for terms of payment, address Eilers Piano House, Portland, Oregon.

Found a Cure for Indigestion. I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now.—Geo. W. Emory, Rock Mills, Alabama.
