

THE CONDON GLOBE

THURSDAY, MARCH 8, 1904.

THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

J. M. Cameron was in Tuesday from Ferry Canyon.

Hon. C. A. Danneman was in town over Sunday from Clatsop.

Fresh roasted peanuts at Jackson's. Also fresh candies and nuts.

Press Hamilton, of Fossil, visited friends here Saturday.

Condon Pharmacy has a change of matter in their space this week.

George Hardie was in town Saturday. He says the sheep are doing well in his camps.

Walter Jackson, of the stage company was in town for a few days during the week.

Silk Skirts—Finest line ever offered in Condon. Just received at Stephenson & Wilcox's.

Don's fall to see the Talbot Bros. weeder. For sale by the Oregon Trading Co., Wasco, Oregon.

Call and see the elegant line of Jackets Coats and Capes just received at Stephenson & Wilcox's.

Miss Lulu Fitzwater, who is employed in the Forest public school as a teacher spent Sunday in Condon.

Select your plums, hawthorns and drills for the coming season at W. L. Barker's implement house, Condon, Oregon.

Have you seen the weeder? 34 sold in 10 days. Sold only by Oregon Trading Co., Wasco, Oregon.

Insure your success and order a Talbot Bros. Weeder for sale by Oregon Trading Co., Wasco, Oregon.

Charles Johnson paid a \$25 fine in Justice Neal's court last Friday on a charge of assault and battery preferred by W. J. Russell.

Miss Dora Downing who has been at Walla Walla for some time under treatment of an arisier, returned home Thursday. She has fully recovered.

Some sheepmen are reported to be losing heavily lately on account of the scarcity of feed. It was reported here that Downer Bros. lost 30 head in one day recently.

J. B. Crossfield, the well known traveling man and member of the Condon Pharmacy firm, of this city, came in Saturday to look after business matters in Gilliam's capital.

Wagons, buggies, Hucks and all kinds of Farming Implements at W. L. Barker's big Condon implement house. Now is the time to stock up for the busy Spring farming season.

Turns strictly cash. We make a discount of 5 per cent on our former prices. Remember we do all light repairing free on our shoes which means 25c. to 75c. saved on every pair of shoes. O. W. Probst & Co.

Miss Kate Greiner returned from The Dalles Sunday. Miss Greiner has purchased the Springton property on Summit street and she and her mother will occupy it and make it their permanent home in the near future.

Mrs. R. McKinney and her little son are suffering with typhoid. Miss Robinson, of Lone Rock, who has been living with the McKinney family this winter, is also down with the same disease at the McKinney home.

It is a wonder the Walla Walla weeder. Cuts 8 feet only takes 6 horses. We the Oregon Trading Co., of Wasco, Oregon, guarantee them to kill any weed or foal plant that grows and will leave the land in good condition for any crop.

A pleasant surprise was given Dr. Mary Bowerman at the home of her brother Jay Bowerman last Friday evening in honor of her birthday. A large number of Miss Bowerman's friends were present and a pleasant social evening was spent.

J. A. Scoggins, of Klamath, Sherman county, was here during the week and on his return was accompanied by his daughters, Misses Nellie and Manie Scoggins, who have been here for several months visiting relatives. Both young ladies made many friends here and were deservedly popular. The best wishes of a large circle of friends will follow them to their Sherman county home.

The quarantine has been raised and the school is again open to all scholars whether they have been vaccinated or not. The school has been unfortunate this winter in more ways than one but it is to be hoped that for the remainder of the term the conditions will be more favorable for better and more systematic work. Every resident of the district should throw his or her influence towards a better and more successful school. Every one can help or hinder to some extent as they see fit.

Readers of the GLOBE who have been interested in the serial story which has been running on the first page of the paper for some time have a just kick coming at the miserable service they have been receiving in that regard. On three occasions recently installments of other stories have been run in place of the right one all of which is certainly expediting to the reader who has waited patiently for the week for the next chapter. It is but justice to the GLOBE to say that those mistakes have not occurred in this office but are the fault of the Portland house where the outside pages of the paper are printed. Vigorous kicks have been registered with the Portland people and their explanation is that since the disastrous fire which damaged their building some time ago they have been working under great disadvantages and have been obliged to have their printing done outside of their house which accounts for the vexatious mistakes. They promise however that the trouble will not occur again.

R. E. Armstrong who has been seriously ill in California for some time is reported as improving.

The Christian Endeavor society held a pleasant social at the home of Mr. and Mrs. T. G. Johnson Monday evening.

Tom Price has purchased the H. T. Little stock of groceries etc. and opened the store Monday evening. See ad in another column of this impression.

Rev. Flowers, who has been at Portland assisting in a revival, wishes to announce that he will hold regular services at the Baptist church next Sunday morning and evening.

Miss Belle Scott, who has been visiting her sister, Mrs. John Jackson, for some time left for her home in Portland last Friday. Mrs. Jackson and son Tom accompanied them to the city where they will visit relatives for some time.

War news is still scarce and somewhat unreliable. The censorship exercised by both Russia and Japan is very strict and correspondents have much difficulty in obtaining reliable information regarding important movements of the forces.

Henry Stanton, who has been very ill for several weeks but who was believed to be recovering suffered a relapse Sunday and on Tuesday his life was again despaired of. It was thought for several hours that he was dying but he rallied again and yesterday was considerably better. Some hopes are again entertained for his recovery.

Joe Block, the popular foreman in L. E. Palmer's saddle shop, recently turned out a lady's saddle to the special order of Mrs. W. B. Smith, of Ferry Canyon, which is an excellent piece of work. Mrs. Smith is an expert horsewoman and knows when a saddle is built as it should be. She had a number of changes from the regulation sidesaddle model.

Import Game Birds. Andrew Greiner and Chas. Lillie last Friday brought in a shipment of Mongolian pheasants from the Willamette valley comprising fifteen pairs of these magnificent game birds which have been turned loose in Mayville precinct along the banks of Thirty-mile Creek where it is believed they will find a congenial home. Mr. Greiner brought two pair home with him two weeks ago so that at this time 17 pairs of Chinas are doubtless prospecting around in that neighborhood in quest of suitable locations in which to nest and hatch out their young. The importation of these birds has been a matter of no little expense, considerably over \$100 having been invested in the enterprise. The expense has been met by farmers of that neighborhood and it is the intention of those who have put up the money to maintain a strict protection over the birds for a few years until they are firmly established and have increased to such numbers as will insure against their annihilation by hunters. Trespass notices will be posted and published by those interested forbidding hunting on any of the ranches on which the birds have been placed or are likely to make their homes on and the law will be strictly enforced.

The project is not altogether an experiment as there was known to be a few of the species in that neighborhood before the recent importation and these are supposed to be the descendants of a pair of birds which Mr. Greiner brought here and liberated on his ranch several years ago.

Long Creekers Arrested. A Canyon City special to the Oregonian says:

Two men have been arrested on suspicion of complicity in the blowing up of the office of the Long Creek Ranger on February 7. They are W. O. Harriman, editor of the Long Creek Light, and W. B. Myratt, a barber at Long Creek.

The charges against Harriman are both under state and Federal law, one being destruction of property and the other being violence to a United States Commissioner's office. The other prisoner is charged with sending a threatening letter through the mail. His arrest was made under the state law, but the Post Office Department is investigating the case, and a Federal charge may be made.

The investigation was begun a week ago by Officer B. S. Selvaige, of the National Detective Agency at Portland and has progressed so far that other arrests will follow, rumor connecting many prominent persons with the crime. The hearing was set for today before Judge Lewis but was postponed until tomorrow on account of the absence of Harriman, who is very ill. Nine witnesses were brought here, some of whom say they can identify the handwriting in question. L. B. Reeder, of Pendleton, is attorney for the prosecution.

Dr. Henry W. Coe, of Portland, is assisting his brother, Chas. A. Coe, editor of the Ranger, and a reward aggregating \$750 has been offered for the arrest and conviction of the dynamiters.

Republican Committee Meeting. The Republican County Central Committee met in Jay Bowerman's office last Saturday when the apportionment of delegates to the county convention was made, the date fixed for the primaries and convention and other routine business was attended to.

The primaries will be held on Saturday March 26, and the convention one week later, April 2nd.

The following committeemen, or persons bearing proxies, were present at the meeting: J. W. Jackson, C. A. Danneman, F. O. Cornett, F. M. Plitter, Alex. Duthie, Jay Bowerman, B. M. Johnson, Alex. Harvie, E. A. Stinchfield.

Each precinct will be represented in the convention as follows: Arlington, 4; Blalock, 3; Willow Creek, 2; Rock Creek, 5; Ferry Canyon, 4; Condon, 6; Matney, 2; Idea, 2; Lone Rock, 2; Trail Fork, 3; Mayville, 3. Total, 36.

Longfellow and Washington.

A large number of the patrons of the Condon public school were present at the new school building last Friday afternoon to enjoy the Washington and Longfellow exercises which had been prepared by the pupils in memory of these two great and much loved Americans. The programs had been carefully prepared and were well rendered and reflected much credit on teachers and pupils.

A Favorite Remedy for Babies. Its pleasant taste and prompt effect have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures cough, but when given as soon as the croupy cough appears prevents the attack.

Still in the Ring. The Long Creek Ranger came to hand again last week a few days late, somewhat disfigured but still in the ring. The first glance at the paper gave the impression that the Ranger had secured a complete war news service direct from the Orient and had printed it in the original Russian or Japanese. A closer inspection, however, showed that two or three columns had been filled with "pi" which resulted from the explosion, under the heading "Effect of the Blowup." We congratulate Brother Coe on his "grit" in staying with the proposition. A man who cannot be run out or bluffed out or even blown out of business by such a gang as seems to be after him has the right kind of stuff in him and we predict that he will yet come out on top.

Inflammatory Rheumatism Cured. William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many medicines," he says: "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm at a time when I was unable to use my hand or foot, and in one week's time was able to go to work as happy as a clam. For sale by Condon Pharmacy.

Horse Market Good. F. M. Plitter returned from Portland Saturday where he went a short time ago with a shipment of horses. He took down 17 head and disposed of them at good figures. He says that a good class of small horses, about 1000 pounds are in good demand as are also heavy horses of 1500 and upwards. There is but little demand for medium weights of 1200 or 1300, however, unless the dealer goes out among the farmers and hunts his buyers. The Seattle market is said to be very good this season but the same conditions prevail there as to size and weight as at Portland.

More Riots. Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. One 50c. Satisfaction guaranteed by Condon Pharmacy.

Opened Office in Portland. J. E. Lanoster and C. A. Devins have opened a general real estate and brokerage business, corner of Sixth and Morrison streets, Marquette building, in the rooms which are to be used by the Oregon Savings Bank. The gentlemen comprising this firm are well known throughout the entire Northwest, having been identified with real estate in this city, Spokane and Seattle for the past 15 years.—Telegraph.

Proper Treatment of Pneumonia. Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be ward off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. S. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results. For sale by Condon Pharmacy.

Charlie Burroughs was in town Tuesday from Ferry Canyon. Mr. Burroughs came near losing his home by fire last Thursday morning and had it not been that a couple of inches of snow had fallen the previous night he thinks the house could not have been saved. The family was at breakfast when the fire started in the roof from a defective stove pipe and when it was discovered it was almost out, thanks to the snow on the roof above the fire and which melted and acted as an extinguisher. Charlie says that for once in his life he was lucky.

If troubled with weak digestion, belching or sour stomach, use Chamberlain's Stomach and Liver Tablets and you will get quick relief. For sale by Condon Pharmacy.
