UP TO THE DEMOCRATS.

The republicans did not nominate Mr. T. G. Johnson for sheriff last Saturday as many persons supposed they might do and it was good politics for them to leave vacant that place on the ticket. The members of the convention no doubt figured that if they were to nominate him it might cost him some votes in the democratic camp and as they felt confident that the democrats will be accommodating enough to give him the nomination and several votes it would perhaps have been unwise for his republican friends to have jeopardized his chances by any radical action. Political maneuvers of this character are generally most successful when allowed to slip along in the good old fashioned way and the republican leaders no doubt realized that fact. Now if the democrats should happen to tumble to the fact that the republicans are trying to "use" them for the purpose of nominating the republican choice for sheriff of Gilliam county and if the democrats should object so strenuously to such a combination as to nominate a democrat for sheriff and turn Mr. Johnson down it would make, to a disinterested spectator on the outside, a very ludicrous and amusing situation. The proposition is up to the democrats. It is in their power to have some fun at the expense of their old time political rivals and if they fail to take advantage of it it will look like an admission of one of two propositions—either they are playing into the hands of the republicans or else they feel that they are "shy" of requisite brains and ability among men of known democratic proclivities to fill the office.

The businesslike methods which Judge Bradshaw has always applied to the court business of this district, the absolute fairness and justness of his decisions and the interest he has always shown in the welfare of the taxpayers in keeping down expenses and pushing through the business of the court are the primary in the district and for the fact that so far no opposition to his nomination and election has been developed. The indications at this time are that Judge Bradshaw will be renominated and elected with practically no opposition.

Sciatic Rheumatism Cured.

"I have been subject to sciatic rheumatism for years," says E. H. Whildron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment."

JAPAN AND RUSSIA.

The value of a navy is over-rated. Naval victories are not decisive in combats for territory, notwithstanding Actium and Armada. The final result of a war depends on the relative resources of the combatants in men and supplies. If the Russo-Japanese war is fought as a duel, without outside interference, it will result as most wars do, in a compromise, with Russia in the advantage. One of the most interesting results will be the arousing of China. She has millions of men with good Tartar blood in them, and if aroused into a military nation she will undertake to settle a great many questions herself. I cannot understand why Americans should have such sympathy with either Russia or Japan. Japan is seeking to subdue and conquer country of the Koreans, and Russia is seeking to subdue and govern the country of the Manchurians, and war is to the world in general just about as beneficial as the Baltimore fire has been to the United States. War is destruction and the soldier and the sailor are parasites upon the body of industry.—C. E. S. Wood in the Pacific Monthly.

A Thoughtful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of a tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c.

The inclusion in the sundry civil bill of \$100,000 for work on the Celilo canal project will be good news to Eastern Oregon. This plan is due to the joint efforts of Tongue and Moody who secured the authorization of the canal as a continuing work, in the last river and harbor bill, repealing the portage road proposition. The engineers made their estimates of the amount at present necessary for the prosecution of the canal and this amount is included as a matter of course in the sundry civil bill. The acceptance by the state of the proposition of the engineering department that the state procure the right of way, has put the project beyond future controversy.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I they robbed the grave of another victim." No one should fail to try them.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is pleasant to take. Chamberlain's cough remedy meets all of these requirements. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success.
