

THE CONDON GLOBE.

THURSDAY, APRIL 28, 1904. THE OFFICIAL PAPER OF GILLIAM COUNTY, OREGON.

LOCAL NEWS.

Sheep shearing is in full blast. Eight head of cattle for sale. L. W. Darling. Forest Reserve scrip for sale. L. W. Darling. Cash paid for county warrants. Enquire at this office. A 200-acre farm for sale. Six year's time. L. W. Darling. C. W. Crossfield has been on the sick list for the past week. W. L. Barker has a change of matter in his space this week. A case of measles is reported in G. L. Neale's family near town. Fresh roasted peanuts at Jackson's. Also fresh candies and nuts. Clough's Clydesdale stallion at Dams' livery barn after May 15th. 5-18 Gen. Ferry, of Lone Rock, is in Portland where he went last week for medical treatment. A sidewalk has been built on the south side of S. B. Barker's store on Spring street. Dr. E. O. Parker arrived Tuesday and will spend some time visiting with his brother, D. R. Parker. Mrs. D. Z. Robinson, of Lone Rock, left for Portland Saturday where she goes for medical treatment. Select your plows, harrows and drills for the coming season at W. L. Barker's implement house, Condon, Oregon. Bills are out announcing dances Friday and Saturday evenings under the management of the Condon base ball team. The Condon race track has been completed and is now in very good condition. R. W. Cooke superintended the work. Lost—A self pronouncing, morocco covered teacher's bible, about 6x10 inches square. Finder please leave at this office. One man was shot and killed, one fatally and one seriously wounded in an affray in a saloon in Corvallis Sunday morning. Those who want to vote at the June election and at the presidential election should register at once. In about two weeks the books will close. For rent—Bake shop in the Model building, Condon, Oregon, seven rooms, terms reasonable. For particulars call or address Box 158, Condon, Oregon. A. J. Stahl, of Trail Fork, who has been seriously ill for some time with inflammatory rheumatism has so far recovered as to be able to be around again. The notorious carbon bandits, Peter Nedermier, Harvey Van Dine and Gustav Marx were executed at Chicago last Friday. Nedermier twice tried to commit suicide but failed. Wagons, Buggies, Hacks and all kinds of Farming Implements at W. L. Barker's big Condon Implement house. Now is the time to stock up for the busy Spring farming season. Condon fishermen are spending most of their spare time on the banks of 30-mile trying to lure members of the finny tribe from the cool depths of that stream. As yet stories are more in evidence than fish. Ira Luna, who has been in the Willamette Valley during the past winter, arrived in Condon Monday and will remain for some time. Ira is a crack base ball player and will probably strengthen the Condon team this season. Patrick Dougherty, a sheepman, of Butter Creek, was shot and perhaps fatally wounded by William Morton, an employee. The men had some trouble over a settlement when each took a shot at the other with the result above stated. The quarrel was over twenty-five cents. James Hunt, a stockman who lives in the vicinity of Winlock, is the victim of an accident which may result in his death. While riding on horseback and leading two horses, a man rode up from behind and the horses which were being led became frightened and entangling Mr. Hunt in the ropes drag him for some distance before being stopped. The two doctors were called from Fossil but at last reports the unfortunate man was still unconscious and the doctors had but little hope for his recovery.—Spray Courier. Condon's volunteer fire company took a sprint last Monday evening when the wind was blowing great guns and the dust was flying in a manner calculated to confuse most fire companies but it did not affect our boys a bit. They sailed down the street from the fire house, with the hose cart and in an incredible short time had three streams of water playing on the street. Then they took a turn up the street and soon had two more streams going. It will be a hot fire that gets beyond the control of this company. The Condon base ball team went to Olex last Sunday and engaged the team at that place in mortal combat for two hours trying to find out which town had the better players. After the dust had settled and the roosters and fans had ceased their howling it was found that the Olex boys had made four runs to Condon's two. The return game will be played at Condon next Sunday and we give the Olex boys fair warning to play some extraordinary base ball or the Condon boys will put it all over them. This is no joke.

A car load of hog fence. Now is the time to buy your hog tight fence. We can save you money over any fence to be bought, quality considered. Arlington Lumber Co., Arlington and Condon.

Two of Condon's most famous sportsmen went goose hunting Tuesday evening with 30 30 calibre rifles. The nearest shot they got was one gull, 4 rods, 6 feet and ten inches by exact measurement. They didn't get any geese and threatened our life if we mentioned any names. However, they are closely connected with the laundry business in this city.

Following is the lineup of the Condon ball team for next Sunday's game as given us by Manager Siebals: J. Q. Jarvis, pitcher; D. R. Parker, catcher; Joe Block, 1st base; Fred Edwards, 2nd base; Gerald Burns, short stop; Ira Luna, 3rd base; Hall, left field; Bowen, center field; Pearl Jarvis right field. This is a strong lineup and will give the Olex boys something to do if they get the ball out side the diamond. It is the intention of the boys to have the grand stand ready for Sunday's game. This will be a great improvement and will add much to the comfort of the spectators.

A strong effort was made to have the delegation instructed for Hearst but was unsuccessful.

Nothing Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy for Bowel Complaints in Children.

"We have used Chamberlain's colic, cholera and diarrhoea remedy in our family for years," says Mrs. J. B. Cooke, of Netherlands, Texas. "We have given it to all of our children. We have used other medicines for the same purpose, but never found anything to equal Chamberlain's. If you will use it as directed it will always cure."
