A Walkover.

The Condon ball team had a walk over at Fossil Sunday. We don't mean that they walked over to Fossil for they didn't; riding was too good. They simply walked all over the Fossil team after they got there. The whole story may be told in mighty few words; score 5 to 17 in favor of Condon, and there you are.

During the preliminary practice and the first two innings Fossil were a curl on her lip and a sneer in her eye which seemed to indicate that Fossil thought Fossil was if spelled in 10 point caps. The fair and dainty Fossil flirts roasted the Condon boys in a most inhuman manner. They complained that Mc-Bade was too old and fat, Finch's legs were too slim, Black was a pretty girl etc., etc., but as the game proceeded and Condon began to do things with the ball and the Fossil team went to pieces and fell down completely it was different. The rosters forgot to root and the girls quit joshing. The game which began so joyously ended in a rout—for Fossil. Five to 17 is pretty good, thank you. The Condon boys are not pulled up at all, they say it was so easy, but they feel rather comfortable.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Meter, of Shepherdsburg, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Croup, Pneumonia and Consumption. Try it. Guaranteed bottles 50c and \$1.00. Trial bottles free. For sale by Condon Pharmacy.

A boy named Potter, about 15 years old, is in jail here on a charge of horse stealing, preferred by Ira Carter, of Mayville. The boy was arrested at Spray. He will probably be sent to the reform school.

The dates of wool sales in Eastern Oregon have been fixed as follows: Pendleton, May 23, June 10 and 21; Heppner, May 26, June 7 and 23; Arlington, May 31; Shaniko, June 2 and 14; July 1; Baker City, June 17; Elgin, June 28.

A pile of Elwood hog tight fence stacked on our yard last week, melted away in two days just like a snow drift swept by a chinook. We have another chinook billed to strike when the next car load arrives. But if we didn't pile it up it wouldn't get hit. Price the lowest quality considered. If you haven't inspected the Elwood you haven't seen the Best. The Arlington Lumber company sells it. Arlington and Condon.

A mission for Catholics and non-Catholics will be given by Rev. Father Hendricks at Condon commencing on May 24th and ending May 29th. Father Hendricks is one of the most experienced learned and successful pulpit orators in the United States. Among his numerous converts are several Mormon high-pops. His style of lecturing is entirely free from abuse and controversy and his arguments on Scriptural subjects are taken from King James' version of the Bible. He will cheerfully and satisfactorily answer all questions in history and science associated in any way with Christian truth, tradition and discipline. After hearing Father Hendricks you will have to honestly say that he is the most pleasing and wonderful religious lecturer known to the present generation. This, at least, is the common verdict of the Pendleton and Portland people. Everybody cordially invited to attend these lectures. Admission free and there will be no collections.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. Howland, of Hushand, Pa. "At times she was unable to move at all while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried in fact, she never is without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain she was formerly troubled with."

Fats vs Leans.

Next Sunday will no doubt witness the most exciting game of ball that ever has or ever will be pulled off on the Condon diamond. The fats and the leans will go after each other's several hides and each will make most strenuous efforts to decorate the fences with the other fellow's cuticle. Judge Dunn is organizing and will coach the long hungries and Prof. R. W. Cooke is acting in a like capacity for the short well fed. An effort is being made to induce the two managers appear on the diamond in skin fitting tight but the objection has been made that the coat of material will be too great. It is possible, however, that a scheme can be figured out whereby the width of the goods can be used to construct a suit for Cooke while the length can be used to provide suitable habiliments for the Judge. Iced drinks and palm leaf fans will be provided for the fats and hot beef tea, overcoats and mufflers will be furnished to assist in keeping the lean men warmed up. There is no josh about this. It will be a great game and well worth 20 times the price of admission. The man, woman or child who lives within 20 miles of this city on that day and fails to see this game will not cease hating themselves for the next 20 years.

An Open Letter.

From the Chapman, S. C. News: Early in the Spring my wife and I were taken with diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medicines failed to give any relief. A friend who had a bottle of Chamberlain's Cough Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were entirely cured. It is a wonderful remedy and should be found in every household. H. C. Bailey, editor. For sale by Condon Pharmacy.

Meeting of Congregationalists.

A pleasant and profitable meeting of Congregationalists was held in the Condon church of that denomination last Saturday, Sunday and Monday closing a series of fellowship meetings which followed the annual meeting of the Mid-Columbia Association. Ministers present were: J. M. Barker, J. L. Jones, W. L. Strange, C. F. Clapp, Howard N. Smith, Edward Curran and Mrs. Dora Reid Barber. Interesting and instructive programs were carried out at each session of the meeting. Rev. Edward Curran, a former pastor of the Condon church, and who is very popular here, spoke Sunday evening to a large and appreciative audience his subject being "The Church and the Word." Good addresses attended all the meetings.

Quick Arrest.

J. A. Gatlidge, of Verbena, Ala., was twice in the hospital from a severe case of piles causing 24 hours. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pains. 23c This remedy is for sale by Condon Pharmacy.

Answer to Brick Problem.

To the Editor: If a brick weighs 7 lbs. and a half of a brick, it wouldn't be a brick, it would be a brick and a half of a brick. Therefore a brick would weigh 7 pounds plus 3 1/2 pounds which equals 10 1/2 the weight of the brick that weighed 7 pounds and half a brick. If a brick that weighs 7 pounds and half of a brick weighs 10 1/2 pounds a brick and a half of a brick the size of the brick that weighed 7 pounds and a half of a brick would weigh 10 1/2 pounds plus 5 1/4 pounds which equals 15 3/4 which is the answer.

JOHN PULLAM.

A Startling Test.

To save a life, Dr. T. G. Merrit, of Mehoopany, Pa., made a startling test resulting in a wonderful cure.
