

THE CONDON GLOBE.

THURSDAY, JUNE 23, 1904.

LOCAL NEWS.

Races!
Ball games!
At Condon!
June 30, July 1 and 2.
Thursday, Friday Saturday.
Are you coming to the race?
"We are, you bet your life," say all.
Eight head of cattle for sale. L. W. Darling.
Ice cream and hot weather drinks at Jackson's.

Mrs. E. A. Stinchfield was over from Mayville Monday.
Mr. and Mrs. J. R. Wells went to Grass Valley Monday.

These June days are, almost as warm as a Portland pitcher.
Children's Day exercises at L. D. S. church next Sunday.

Fred Wilson returned Sunday from a visit at Pendleton and Spokane.
Mr. and Mrs. Jay Bowman took in the ball game at Fossil Sunday.

Mr. and Mrs. B. K. Searcy went to Fossil Sunday to see the game.
Pat Skelly has fitted up a residence in town and will reside here.

Strawberries by the crate for canning. Leave orders with W. A. Goodwin.
Miss Maggie McLaughlin is in Portland under the treatment of an eye specialist.

Mr. and Mrs. Louis Comini, of The Dalles, visited her parents here last week.
Remember! All light repairing done free on shoes sold by us. O. W. Propst & Co.

Haying is in progress in the Mayville neighborhood and the crop is a good one.
Our line of Sandals, Oxfords etc. is complete. Give us a call. O. W. Propst & Co.

Father Gibbons conducted service in the Catholic church here last Sunday morning.
Alvile and Mayville gangers held a pleasant reunion at the latter place last Saturday.

Misses Dora Downing and Gussie Darling were interested spectators at Sunday's game.
The indications for a banner wheat crop are most promising in this part of grand old Gilliam.

A number of Condon people expect to spend the heated term during July and August at the coast.
James Magee, of Portland, arrived last Thursday to visit his son, John Magee, of Trail Fork precinct.

Select your plows, harrows and drills for the coming season at W. L. Barker's implement house, Condon, Oregon.
Mrs. J. W. Hise and daughter and Miss Louise Merrill were among the Condon contingent at Fossil Sunday.

Mr. and Mrs. Al Wright, formerly of Condon, are conducting a prosperous barber business at Calistoga, California.
Miss May Knox, of Fossil, who recently underwent an operation for appendicitis at a Portland hospital is improving.

Henry Wilkins, a successful rancher, of Clem, was in town Monday. He says rain is badly needed in his neighborhood.
The annual reunion of the Wheeler County Pioneers' Association is in session this week at their camp grounds, ten miles south of Fossil.

Ed Stackhouse has moved his family from the Pflizer ranch, on Matney Flat, to the Taylor house, corner Lincoln and Summit streets in this city.
The Baptist ladies will serve a chicken dinner on Friday, July 1, second day of races. Everybody invited. Borrow some healthy preacher's appetite and go.

Pearl Jarvis is now filling the position of deputy in the county clerk's office vice M. D. Carter who resigned to take a position as bookkeeper for the Lost Valley Lumber Co.
Wagons, Buggies, Hacks and all kinds of Farming Implements at W. L. Barker's big Condon implement house. Now is the time to stock up for the busy Spring farming season.

Dr. Wood has lately received an X-Ray machine which adds materially to the completeness of his office equipment. His office is now one of the most complete in its appointment of any in this section of the state.
The Republican National Convention is in session this week in Chicago. At this writing no nominations have been made but it is conceded that Senator Fairbanks, of Indiana, will be named as Roosevelt's running mate.

R. E. Armstrong, who has been in a hospital at Oakland, California, for several months as a result of the gunshot wound he received here last Summer, returned to Condon Monday. He is improving slowly but still compelled to walk with crutches.
Mr. and Mrs. Fred Adlard, of Ajax, and their family, were all in town Saturday and while here improved the opportunity of having a family group photograph taken at Merrifield's studio. The family consists of parents and 12 children all of whom are living.

J. M. Downing, who recently returned from Alberta, where he quickly disposed of a carload of horses, is buying two more cars to ship to that country. He secured 20 head of fine animals from Hugh Strickland a few days ago. Saddle horses in the class he is buying.
Died—At noon Sunday, at the family home in this city, of cerebral, Kathleen, the infant daughter of Mr. and Mrs. P. H. Stephenson, aged about nine months. The funeral was held Monday afternoon from the residence, the service being conducted by Rev. Stranges of the Congregational church. Much sympathy is expressed for the grief-stricken parents.

Joy in Fossil.

There was joy in Fossil last Sunday evening. Lots of joy, heaps of happiness, piles of pleasure and all because of one little ball game which Fossil happened to win over Condon against four previous games, played during the season, which dropped gracefully and easily into Condon's mit. Fossil felt fine to feel that Fossil finally found favor with the Fates and that her batters also "found" Jarvis once in a while for Jack was again in the box at Sunday's game and he made the boys hit better than before to catch his curves and coral for themselves a safe hit.
The Condon team worked hard but was badly out of luck. Block was still lame from the mix-up he had with Bowen in the last game and perhaps because of this he fumbled early in the game which cost Condon dearly. Burns, Hall, Jerry Jarvis, in fact all the boys, failed to play their usual game and Condon lost by a score of 4 to 10.
Fossil undoubtedly has a strong team and they played their best game Sunday. It is said their pitcher was promised an extra double eagle if he won the game with an additional dollar for every Red he fanned and he sure worked as though there was something in it.
Glass was simple and to many disappointed spectators he appeared to be, so far as base ball is concerned, as verdant as the edge of a broken window pane. It was generally conceded that if Glass knew the game he must have had his knowledge filed away for use on some future occasion. On the proposition of giving Condon a decision Glass seemed to see "as through a glass, darkly," but while looking in the opposite direction he appeared to use a powerful magnifying glass. He needed a telescope all right for he took his position about 15 feet behind the pitcher and there he stood throughout the game as immovable as the big smoke stack of a glass factory. Honor to whom honor is due, however, and in one respect Glass is entitled to much credit. He is the first umpire yet reported this far west who can fill, light and smoke a pipe and at the same time successfully umpire a ball game. And he did the job successfully, too—from a certain standpoint.
But, all jokes aside, Fossil played good ball Sunday and Condon played poor. The result will serve to add new interest to the remainder of the series of games which has been arranged for between the two teams and a star game may be expected on the Condon diamond next Sunday.
Hurrah for Fossil for what she did Sunday!
Hurrah for Condon for what she has done many times and will do again! Play ball!!!

Startling Evidence.

Fresh testimony in great quantity is constantly coming in declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Monteville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles entirely cured me." Equally effective in curing all Long and Throat troubles, Consumption, Pleurisy and grip. Trial bottles free, regular sizes, 50c and \$1.00. Guaranteed.
For sale by Condon Pharmacy.

An Expert Umpire.

A star game of ball was played at Mayville Saturday between the Alvile and Mayville teams. Score 19 to 20 in favor of Mayville. Bill Davenport was umpire and it is said that he held the score about even all the way through in order to make it interesting taking care to have the home team score the last and winning tally. This story may or may not be true but if it is Bill should quit farming and move to Fossil. There is an opening there for an expert umpire who knows how to render well baked but winning decisions.

Thrown From a Wagon.

Mr. George K. Babcock was thrown from a wagon and severely injured. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well known citizen of North Platte, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment.
For sale by Condon Pharmacy.

Might Have Been Fish Story.

Britt White, the insurance hustler, combined business and pleasure on a trip to Lone Rock last week when he angled for both trout and suckers. He caught several dozen of the former a hick he decoyed and got a number of the latter "on the string" which he will go back and land later. Had it not have been for Britt's well known modesty and reticence we might have got a good fish story out of this item.

That Throbbing Headache

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25c, money back if not cured.
This remedy is for sale by Condon Pharmacy.

Will Not Miss Game

J. W. Snover left Tuesday morning for Goldendale, Washington, to look after legal business for some of his clients in that section. If detained too long to see the Red Sox Fossil plenty in the game here next Sunday J. W. says he will hunt up a game somewhere on the Washington side. A Sunday without a ball game would be too dull for Snover.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and pointed and put back, or they may be removed entirely; bones are applied; pipes take the place of decreased portions of the veins; anti-septic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old treatment. Chamberlain's Pain Balm acts on the same principle. It is anti-septic and when applied to such injuries, causes them to heal to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail.
For sale by Condon Pharmacy.

Cattle Poisoned.

R. W. Crane and John Anderson, of Mayville precinct, lost several head of cattle last week in a rather peculiar manner. A package of sheep dip powder had been left lying in a shed to which the cattle had access some ten years ago but it was not until the other day that the bovines tried to eat the stuff. One head licked a little of the poison and all died.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. Satisfaction guaranteed by Condon Pharmacy.

Wedded at Olex.

At the home of the bride's parents, Mr. and Mrs. H. D. Randall, a Olex, Monday evening, June 20, 1904, was solemnized the marriage of Miss Lottie Randall and Mr. Guy H. Nott. Both of the contracting parties are well known and deservedly popular and a host of friends will join in wishing them all the happiness and prosperity that can be imagined.
Mr. and Mrs. Nott left the same evening for McMinville where his parents reside.
