Wagons, Buggies, Hacks and all kinds of Farming Implements at W. L. Barker's big Condon implement house. Now is the time to stock up for the busy Spring farming season.

George Gibbons sr., was over from Mayville yesterday. He says the late rains have insured a heavy crop in his neighborhood and believes many of the fields will make 50 bushels per acre.

J. M. Downing expects to load four cars of horses at Arlington to-morrow which he will ship to Alberta and put on the market there. This is his second shipment to that country this season.

If you want to get the latest and most up-to-date ideas in regard to stock, horses, cattle, sheep or hogs, attend Prof. Haw's school horsemanship. Thursday Friday and Saturday, July 14-15-16 Don't forget the date.

Subject at the Saint's church next Sunday morning and evening will be: "Did God or Christ Ever Delegate Authority to Man to Forgive Sins?" using the Catholic bible as evidence. W. A. Goodwin, speaker. All are respectfully invited.

G. W. Rinehart has returned from the Rinehart family reunion at Sumnerville and reports a splendid time. Mr. and Mrs. W. J. Edwards and Mr. and Mrs. J. W. Dyer, of Mayville, also attended. About 130 members of the family were present.

MARRIED—At Portland, Oregon, Mr. Antie Davis, son of Mr. and Mrs. John Davis, of near this place, and Miss Mildred Tracey, second daughter of Mrs. J. R. Clark, formerly of this city but now of Portland. The happy young couple were expected to arrive in Condon last evening and will make their home in this vicinity. We extend congratulations and best wishes.

Condon Wins Purse.

"There was nothing to it," Condon simply had a walkover and the fact that had been demonstrated so many times during the season was again exemplified, to-wit: that the Fossil team is absolutely out-classed by the Condon Reds.

Fossil has spent money without stint in her efforts to wipe Condon off the map so far as the national game is concerned, and had imported men until her lineup contained but two home men, but it was all without avail. Unfortunately for Fossil her team had won two Sunday games previous to the series and this so excited her fans and sporting men that they came to Condon last Thursday morning "loaded for large game" and with the evident intention of carrying the whole town home with them. They found the "game" all right and every dollar that was offered by them on Fossil's team was promptly covered by Condon people. Fossil left several hundred dollars of good, elegant coin here when they left us.

In Thursday's and Friday's games Fossil played two home men and Condon played seven and on Saturday Fossil had three home people in line and Condon had six.

Thursday's game was a warm one, while it lasted, but was cut short in the middle of the seventh by a terrific dust storm which put players and spectators out of business in about a second. In the first Fossil rolled out a big goose egg and repeated the act in the second and third. In the fourth Robertson, one of their home men, scored and in the fifth another was made. Condon scored two in the first, one in the second, two in the third and one in the fifth. The game opened with Myers in the box and Helteman behind the bat for Fossil while Osborne and St. John did the honors for Condon. Myers had either lost his cunning as a tosser or Condon had completely conquered his curves, for they batted him out of the box in a jiffy and Siebals took his place. It was all the same to the Reds, however, for they batted the second man with the same ease as they did the first. Osborne and St. John played a star game for Condon. Osborne struck out eight men as against three each for Myers and Siebals.

Score—Condon 6; Fossil 2.

In Friday's game the batteries were Myers and Kennedy for Fossil and Jer-man and St. John for Condon. The game was a frost for Fossil. It was worse; it was a hard freeze. They picked up a tally in the second but from that time until the eighth they dealt exclusively in goose eggs. Then they braced up a bit and scored three and in the ninth they picked up two more. Condon didn't seem to play much ball in this game—they didn't have to—but they sure scored like blazes—one in the first, one in the second, two in the third, one in the fourth, five in the fifth and four in the eighth. Jer-man and Myers each struck out 10 men. Parker played a pretty double and St. John made a star hit and a home run.

Score—Condon 14; Fossil 6.

On Saturday Emerick went in the box for Fossil with Kennedy behind the bat, while Condon dropped back to her old, reliable home battery, Jarvis and Parker and it looked good to Condon to see these favorites put up the star game of the season and the lowest score ever made on the Condon diamond. Fossil still saved herself from a shutout with one lonesome little tally while Condon scored five times. Jarvis struck out 14 men while Emerick only got seven. St. John slugged out a safe three runner and again almost saved a home run but was caught at the plate. The game was a quiet tip to Fossil that Condon can still win in a walk with home people—"just as easy."

Score—Condon 5; Fossil 1.

Tom Brierly, of Ione, umpired the series and his work gave universal satisfaction. Mr. Brierly is an old ball player himself and knows the game thoroughly. Besides this he is absolutely fair and so there was no kick coming from anybody.

The series of games at Fossil this week resulted as follows:

Monday—Condon 16; Fossil 4. An easy walk over. Siebals and Bowen each received a broken finger and Emerick a wrenched knee. All out of commission for next game.

Tuesday—Fossil 10; Condon 9. An 11 inning game and a hot one. At end of 9th inning 9 and 9. Tenth inning no tally; in 11th Fossil scored one on Condon's error. Hoover, Parker and Millet, three home men and old standbys, were in Fossil's lineup in this game.

Wednesday—Fossil 10; Condon 9. This gave Fossil the series and the \$150 purse.

Arrested for Horsestealing.

Sumner Patterson, a well known young man of the Olex neighborhood, was arrested at Fossil Monday and brought here where he is in jail charged with horse stealing. Ed. Ward, of Olex, swore to the complaint and it is alleged that Patterson appropriated several head of Ward's horses which, it is reported, were sold near Hood River. Patterson says they have got the wrong man.

Horsemen and farmers report unusual activity among the rustlers this summer and many horses are constantly turning up missing. Further developments are expected soon and knowing ones assert that it will soon be rather fashionable in this county, to be arrested for monkeying with other people's horses.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This remedy is certain to be needed in every home before the summer is over. It can always be depended upon even in the most severe and dangerous cases. It is especially valuable for summer disorders in children. It is pleasant to take and never fails to give prompt relief. Why not buy it now. It may save life.

This remedy is for sale by Condon Pharmacy.

National Democrats Meet.

The National Democratic Convention met yesterday in St. Louis. The outcome is yet problematical. The Parker people claim their man will be nominated on the second ballot but the radical element says no. Hearst is out of the race, personally, but still claims the strength to keep Parker from being nominated. Bryan is still a factor to be reckoned with which bodes no good to Parker.

Negro Killed at Olex.

A tragedy which wound up the celebration of Independence Day at Olex, Monday, resulted in the death of Bob Finley, a more or less notorious Negro, who was shot and instantly killed by City Marshal George Lawrence, while resisting arrest.

Finley was known as a bad man and quarrelsome when drinking and when in an ugly mood was handy with his razor, the favorite weapon of his race. At the picnic at Locust Grove, during the day he had been more or less troublesome and after coming to town in the evening his actions became intolerable. Finally the marshal was called upon to take him in charge and the officer entered the saloon where the Negro was making trouble. Lawrence tried to talk to Finley, urging him to be quiet and avoid trouble but the Negro's only reply was that there was not enough men in Olex to arrest him and that he would die before he would submit. Then Lawrence grasped Finley by the left hand and told him to come along; Finley drew his razor and as he attempted to slash the officer the latter pulled his gun and shot Finley through the heart.

No blame whatever is attached to Lawrence in the matter as the Negro was considered a dangerous man wherever known. Finley was buried at Olex Tuesday evening.

One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets.

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here who first bought a box of them about a year ago. She never tires of telling her neighbors about the good qualities of these tablets.—P. M. Shore, druggist, Rochester, Ind. The pleasant purgative effect of these tablets makes them a favorite with the ladies everywhere.

For sale by Condon Pharmacy.

The Races.

The horse races held on the Condon Park Association track last week attracted good sized crowds on each day of the meeting. There was some good horses present and barring the usual amount of kicking about some of the races being jobbed the meeting seemed to give good satisfaction.

In the quarter-mile dash on Thursday Surprise, owned by Henry Hawk, of Spray, and Lone, Charlie Sperry's mare, divided first money and Cleopatra, owned by Dick Wade, of Spray, took second.

Friday's race was three-eighths of a mile. First money was taken by Surprise; second by Miss Hunter, owned by S. L. Cross, of Spray.

There were two races on Saturday; a one-half mile, free-for-all and a three-eighths mile consolation race. In the first, three horses, Lone, Miss Hunter and Surprise, were supposed to start but for some reason, Surprise's rider held his mare at the pole when the word to go was given and the race was run out by the others, Lone taking first money and Miss Hunter second. Tommy Caine, the rider of Surprise, was sat down on by the judges for his exploit and debarred from riding on this track in the future. Caine claims that an injustice has been done him as he was working for wages and had to obey orders. He says Surprise was only entered to fill out the race and that it was understood the mare would only make a bluff at the start and then be held up. Such might have been the understanding among a few but it is evident that the fellows who bought pools or bet their money on the "mare were not "next"—until after the race. To paraphrase Bret Hart: For schemes that are dark and tricks that are vain, Some boss racing men are peculiar.

The consolation purse of \$75, sweepstakes, for non-winners in other races of the meeting, was won by Frank Kenney's Long Creek mare, Constance.

Dave McAtee, of Heppner, and Frank Wilson and W. L. Wilcox, of this city, served as judges and George Earhart wielded the starter's flag.

No Pity Shown.

"For years late was after me continuously," writes F. A. Gintledge, Verbena, Alt. "I had a terrible case of piles causing 24 tumors. When all failed Bucklen's Arnica Salve cured me." Equally good for burns and all aches and pains.

For sale by Condon Pharmacy.

Hoppers are Thick.

Wm. McKinney was up from Rock creek yesterday with a load of produce. He says the grasshoppers are doing considerable damage in his neighborhood, his own ranch having suffered to the extent of \$300 or \$400. The pests attack alfalfa fields, gardens and orchards and a new crop seems to hatch every day or two. W. G. Flett is saving part of his peach crop by enveloping the trees in muslin covers.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung troubles.
