If Alex Dohie was to be judged by the cabbages he raises he might readily be taken for a Dutchman for no member of the Teutonic race can excel him in the production of that toothsome vegetable. A sample left at this office the other day measured 42 inches around and weighed more than any man could eat in a week.

An important real estate deal was closed Monday whereby J. W. Booth, of Wasco, became owner of the old Skelly ranch one-half mile north of town until then the property of Smith & Patten, of Arlington. The price paid was \$20 per acre. Messrs. Smith & Patten bought the place which consists of nearly 1000 acres a few months ago at \$12.50 per acre besides a lot of personal property and the growing crop which yielded about \$3000 worth of fine wheat. The sale made them a nice profit on the investment.

Block-Darling.

One of the prettiest weddings of the season was solemnized last evening in the lodge room of Masonic hall, in this city, the high contracting parties being Mr. Joseph Block, one of our best known and most popular young men, and Miss Gussie, daughter of Mr. and Mrs. W. A. Darling, who is one of Condon's fairest and most accomplished young ladies.

The guest present comprised the members of Condon Chapter, Order Eastern Star and a few close personal friends of the couple, and the ceremony was performed by Rev. Edward Curran, of this city. Mr. Ira Luna acted as best man and Miss Rhoda Genser, of Salem, a close friend of the bride, was bridesmaid. After the ceremony an elaborate supper was served in the banquet hall of the lodge room. Mr. and Mrs. Block will for the present reside at May's boarding house, on Church street.

Will Open Bank in January.

W. Lord and F. T. Hurlbert were here Saturday and Sunday looking after business interests in this place. While here they let a contract for quarrying and hauling rock for the foundation of the new bank building and hope to have everything in readiness to commence building in the early Spring. Mr. Hurlbert stated that they will probably not wait for the completion of the new building before opening a bank but will secure temporary quarters and open immediately after the first of the coming year.

Jim Burns, of the firm of Dunn Bros., who left two weeks ago for an eastern trip, has been heard from, the letter being written at El Paso, Texas. Mr. Burns took the southern route and after visiting San Francisco and other points of interest in California, he stopped for a day or two at Phoenix, Arizona, to visit his uncle James Dunn, who went there a year ago for the benefit of his health. Mr. Dunn's health has improved greatly and he is feeling better than for years. Mr. Burns will visit the St. Louis fair and his old home in Toledo, Ohio, before returning to Condon which will be within a month.

The Caledonians will meet in this city next Thursday and Friday, October 27 and 28 and it is certain the meeting will be the biggest and most successful ever held by the Fossil club. The pipers, singers and dancers, coming from Portland will be the best ever seen in Eastern Oregon while the local talent which appears on the programme is the best obtainable. Tickets are now on sale and should be secured early.

A 20 horse grading machine was brought from Arlington to the Hastings camp near the Lynch farm this week to be used in making a number of long cuts and fills which are necessary on that section of the new railroad. FINE RANCH FOR SALE.

Three hundred and Twenty acres 3 miles southeast of Mayville, 250 acres good plow land, good house and out buildings, small orchard bearing, plenty of water, close to timber. Apply at place to BERT CRAWFORD.

A report reached here Saturday that owing to some differences between the city of Arlington and the rail road company the latter had started a new survey from a point two miles west of the Arlington depot and that the new line, when constructed, would "cut out" the town. The new survey came above the school building and through the city water reservoir and it seemed that the intention was to place Arlington two miles from the junction depot. Work was temporarily suspended on the grade immediately south of town but we understand it was resumed Monday morning which leads to the belief that the reported differences, if any existed, have been fixed up. We trust this is the case as no one at this end of the line has any wish to see Arlington injured more than is necessary by the new line.

Newspaper Man Here.

Mr. and Mrs. C. A. Devins arrived from Clatsop Falls Sunday and will spend the winter in Condon. Mr. Devins is a real estate man of large experience and is well known in business circles all over the northwest. He is interested with Messrs. Lord, Hurlbert and Lancaster in the Clatsop Falls townsite and has been handling that property for the past few months very successfully. When Mr. Devins went to work at that point there was only one ranch there and the population of the place consisted of four or five men who were employed on the ranch. He has sold a large number of lots and many buildings are going up, the town already being of considerable importance in that section of Crook county. Mr. Devins started a newspaper there a few months ago and although it was his first venture in journalism he has made a success of the paper, having built up a large circulation and a good advertising patronage. The paper is now on a paying basis, and it is recognized as one of the neatest and brightest publications in the state. Mr. Devins will remain here to assist in handling the townsite and other property in which Messrs. Lord and Hurlbert are interested.

Cause of Lockjaw.

Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment.

For sale by Jarvis' Pharmacy.

A party of bear and deer slayers left for the mountains Saturday morning intent on slaughtering all the big game in sight. In the party are B. K. Sney, New London, W. O. Eddon and Col. Pepper. All are old time hunters and it is expected the supply of venison and bear steaks will more than fill the demand when they return.

Chamberlain's Cough Remedy.

For one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substances and may be given as confidently to a baby as to a man. It is so pleasant to take. When all of these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it.

For sale by Jarvis' Pharmacy.

J. R. Wells made a good investment in real estate Monday when he bought 200 acres of fine land 8 miles northwest of town near the Ajax road for \$12.50 per acre. The sale was made by J. W. Booth, of Wasco, who bought the place three weeks ago from L. W. Darling at \$10.50 per acre.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. M. J. Priddy, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well. I prescribe throat and lung disease yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by all druggists. Trial bottle free.

M. J. Priddy and family, of Kennebec, Washington, arrived here last week to locate. Mrs. Priddy is a sister of W. W. Overlander and Mrs. Scott, of this city.

Many Mothers of Like Opinion.

Mrs. Pilmer, of Cordova, Iowa, says: "One of my children was subject to a group of a severe type, and the giving of Chamberlain's Cough Remedy promptly always brought relief. Many mothers in the neighborhood think the same as I do about this remedy and want no other kind for their children." For sale by Jarvis' Pharmacy.

Mrs. Bartley's children who have been suffering from typhoid are recovering. Mrs. Steve Couture, of Ferry Canyon, is also recovering from an attack of the disease.

Better Than Pills.

The question has been asked—In what way are Chamberlain's Stomach and Liver Tablets superior to the ordinary cathartic and liver pills? Our answer is—They are easier and more pleasant to take and their effect is so gentle and so agreeable that one hardly realizes that it is produced by a medicine. Then they not only move the bowels but improve the appetite and aid the digestion. For sale by Jarvis' Pharmacy.

H. A. Hartshorn and Floyd Moore have engaged in the transfer and draying business and will combine with it the delivery of goods from the several business houses. Their ad appears in another column of this impression.

Broke into His House.

S. LeQuinn of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure, 25c at all druggists.
