Mrs. Maybrick has written a book telling all about herself and the famous tragedy in which she was the central figure. That is so much better than going on the lecture platform or on the stage.

The present city council and mayor are going at things as though they mean business and they should be upheld by every citizen in their efforts for the advancement of the city. Condon is a village no longer and old slipshod methods no longer go.

A right step in municipal affairs was taken at the last council meeting when the council voted to take three arc street lights from the electric light company. This number is only a starter and more will be added later. Never since the injunction "Let there be light" was first given was the command more needed than at the present time in Condon.

The city dads have the right idea on the water problem. We have never failed to get water from wells here and it looks reasonable that by sinking a larger and deeper well an adequate supply may be obtained. It is worth trying for at least when it is plainly evident that a gravity system from the mountains is beyond the city's financial capacity at this time.

Fashions for 1905 are delightfully different from what they were a year ago. The ladies gowns are to be chiffony and billowy with an extreme bouffant effect. I don't know what that means but it sounds nice. The bust is to be worn high. Blouse effects below shallow yokes, with sleeves full at the shoulders and finished with deep cuffs will be the style for waists. The breast plate of embroidered taffeta should be worn just below the wish bone. The kicking strap should be made of blue crepe de chine and the throat latch of pastel blue cloth, with fancy braids, shirring, French folds, buttons and a touch of velvet for trimming. Check reins will not be worn.

Why do women change the style every little once in awhile? When Fashion issues her decree why do the women all agree, no difference what her orders are, that what she orders they must wear? A man must wear the same old clothes, why this is so nobody knows. If he should wear chiffon and lace, they'd be considered out of place. A V-shaped waist would never do, with shoulder blades exposed to view! And if he'd put on crepe de chine he'd be arrested and run in.

RECTOR OF ST. LUKES.

Ashburnham, Ontario. Testifies to the Good Qualities of Chamberlain's Cough Remedy.

ASHBURNHAM, Ont., April 18, 1903.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your cough Remedy. I at once procured a small bottle, and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a Godsent remedy. Respectfully yours,
E. A. LASOVELDT, M. A.,
Rector of St. Luke's Church.

This remedy is for sale by Jarvis' Pharmacy.
