

CONDON GLOBE.

Oregon Historical Society

VOL. XV.

CONDON, OREGON, THURSDAY, MAY 11, 1905.

NO. 8.

The Mayor's Message.

At a special meeting of the city council held Monday evening Mayor Dunn submitted his first official message to the council. The paper contains about 2000 words and treats in a concise but thorough manner most of the matters of importance with which the city officers may have to deal during the coming year. Lack of space forbids us giving this interesting paper in full but the following resume of the mayor's recommendations on the subjects treated will be of interest:

HEALTH AND POLICE REGULATIONS.

Attention is directed to the lack of enforcement of existing ordinances against dumping slops and garbage within the city limits and the officials are urged to see that these regulations are stringently enforced. The condition at the mouth of the sewer is touched on and the recommendation is made that a sanitary tank be constructed to receive the sewage and dispose of it in a sanitary manner or that the sewer be extended to a point farther down the ravine. The mayor also recommends that steps be taken to stop the practice of teamsters and others camping and feeding their stock in the streets.

LIQUOR TRAFFIC.

The mayor recognizes the saloon business as a legitimate institution and expresses the belief that the persons engaged in it desire to conduct their business within the intent of the law. He recommends, however, that the existing ordinance against furnishing liquor to habitual drunkards be enforced and suggests that the council should furnish the saloon keepers with a list of all such persons coming within their knowledge.

FINANCES.

Attention is called to the fact that city warrants have for several years been selling at a discount of 5 per cent, which condition, the mayor believes, is without reason or justification and he urges the city officials to make an earnest effort to find a market for city warrants at their face value, pointing out the moral benefit to the credit of the city such a condition will give as well as the direct pecuniary benefit in all city expenditures and contracts. The recommendation is also made that the expense of preparing verified claims by the city recorder be paid by the city and that in case of a non-resident creditor the verified claim may be sworn to before any officer authorized to administer an oath.

WATER AND LIGHT.

The projected new water system is reviewed and the recommendation is made that the advisability of acquiring the present electric plant and operating the same with the same power plant which will be necessary for pumping water be inquired into and, if found practicable that an effort be made to put such a plan in effect.

FIRE DEPARTMENT.

The mayor recommends that an ordinance should be drawn providing for the organization of a volunteer fire company that would have some recognized standing under the city government. That at least 250 feet of new fire hose be procured at once and that a committee be appointed to inquire into the proposition of either a chemical engine or some other additional fire apparatus.

CITY OFFICERS AND EMPLOYEES.

The mayor recommends that a committee be authorized to check up the books and render a report of the city's financial condition in order that an intelligent basis of future business be arrived at; also that all salaried employees of the city be required to devote their full time to the city and that they shall be required to report on duty to some designated official.

STREETS AND SIDEWALKS.

The recommendation is made that, so far as is possible all streets and sidewalks be placed on a uniform grade and that sidewalks and cross walks be constructed as fast as the development of the city requires them and that immediate steps be taken to construct necessary walks from the site of the new depot to the present sidewalk on Main street.

Pure Food Law.

May 18th, the pure food law enacted at the last session of the Oregon legislature goes into effect and from then on it shall be a misdemeanor to sell, offer to sell or to be in the possession of any article of food or drink that shall contain any adulteration unless there is plainly

marked on the label its ingredients and the quantities thereof.

The law especially covers the sale and manufacture of butter and the sale of milk. It specifies that butter must contain at least 88 per cent of butter fat, no more than 16 per cent of water. Milk must contain 3.2 per cent butter fat, 9 per cent solids and have a specific gravity of at least 1.038 per cent.

The law details the manufacture and sale of spices and condiments, cider, vinegar, preserved and jellied fruit and a host of articles of food and drink. For the violation of this law there is a fine of not less than \$25 or more than \$100, with imprisonment of not less than six months attached.

Observe Memorial Day.

Editor Globe:—

The suggestion made editorially in your last issue regarding a fitting observance of Memorial day should touch a responsive chord in the heart of every loyal citizen of Condon and vicinity.

We can offer to the world no valid reason for not observing the day set apart to pay tribute to departed ones. Come, let us seriously consider the matter, all work in unison and make the day one pathos and patriotism. There are a number of speakers in town, any of whose services could be obtained to deliver the address and the Sunday school could prepare a joint program suitable to the occasion.

We are proud of our city, our county, and our state and we can add to the loyalty of all three in no better way than paying homage to the memory of those who have preceded us to the great beyond. Let us act, act in the living present.

Yours truly,
A. E. W.

Miss Talbot, who has just finished a successful term of school in the Armstrong district, Ferry Canyon, left Saturday morning for Goldendale, Washington, where she will visit for awhile with her uncle, S. S. Thomas, before returning to her home in Iowa.

Mrs. Mary Heady, wife of James Heady, of Beecher Flat, died at the Summit hotel, in this city, Friday evening, May 5th. Deceased was a daughter of Sam Grant, of Wheeler county, and was well known in that section. She was only 20 years old and had been married less than a year. The remains were taken to Fossil Saturday morning for interment.

A. S. Hollen has secured a lease on the Condon Milling Co's plant and will put the plant in operation as soon as fuel can be secured and a few necessary repairs be made. Mr. Smith, the head miller in charge for the past year will continue in that capacity and the new management expects to operate the plant to its full capacity. The town is to be congratulated that this important industry is to continue to operate.

A fine son was born to Dr. and Mrs. J. F. Wood last Friday evening since when the doctor's night calls have increased to such an extent as to seriously interfere with his usual rest. In addition to his professional duties he is also practicing the latest step in the midnight cakewalk a la pajama, while searching for the festive tack with his unslipped feet. Doc. is game tho', and swears the new son and heir is the finest ever.

We notice by the Condon papers that Mrs. R. H. Wain has sold her interest in the Condon hotel. Mrs. Wain is one of the best natured landladies in Oregon, whose ambition was to make her guests feel at home. After a hard stage ride over a rough and dusty road many a traveler has lost his nerve, but soon regained it when once her pleasant smile was focused upon him. May success follow her in her future undertakings.—Cline Falls Press.

The many Gilliam county friends of Hon. George J. Cameron, of Portland, will congratulate that gentleman on the splendid vote he received at the primary last Saturday when he was given the republican nomination for municipal judge of that city. Mr. Cameron is well known here having on two different occasions been the principal speaker at the annual meeting of the Caledonian club. He has served his city in the same office before and it is safe to predict that the big vote he received Saturday is but an earnest of what will be given him at the regular election.

Sunday's Ball Game.

The Fossil ball team crossed bats with the home team on the Condon diamond last Sunday and for 5 innings things were doing. Fossil went first to the bat and the three scores they tallied in the first looked big to them until Condon took a whack at the sphere and piled up twice as many. The second inning was tame, Condon making a score and Fossil the same and the third was blank. In the fourth Fossil picked up an easy mark and in the fifth she fell down. Condon came to the bat with lowering clouds and rumbling thunder as an accompaniment and succeeded in counting three good scores before the rain won out. Following is the lineup:

CONDON		FOSSEL
Jarvis	p	Rinehart
Parker	c	Collins
Block	1b	Robertson
Edwards	2b	Stiewer
Scribner	3b	Parker
Burns	ss	G. Robertson
Kennedy	rf	Stinchfield
Kelly	cf	Kelsay
McArthur	lf	Hankins
Umpire, Hoover.	Score, Condon 10, Fossil 5.	

Big Public Sale.

At B. Kiely's ranch, on Eightmile, 8 miles east of Olex, 11 miles west of Ione, 24 miles north of Condon, Saturday, May 27, 1905, commencing at 10 o'clock, a. m.

Twenty head of extra good work horses, mostly young stock and all well broke; Clyde and Percheron stock. Any one wanting good horses should not overlook this opportunity.

Several head of fine young horses from 1 to 3 years old all halter broke.

One fine Jersey cow.
Hedges, drills, seeders, wagons, header beds, plows, harrows, harness for 25 horses, carpenter and blacksmith tools, lumber, posts, wood and shingles.

All kinds of household and kitchen furniture and many other articles too numerous to mention.

Sale will begin at 10 a. m. sharp. Come early to secure bargains. A good lunch will be served at noon. Terms made known on day of sale.

B. KIELY.

Geo. L. NEALE, Auctioneer.

Otis Campbell has been appointed a deputy assessor.

On Tuesday Jay Bowerman sold to I. C. Sanford, the Shorb ranch, six miles west of town, containing 582 acres. The price was \$11700. Mr. Bowerman bought this tract five months ago and in that time cleaned up \$4000 on his investment. There is good money in Gilliam county real estate.

A congratulatory letter has been indited by friends of Judge Cameron in this city relative to his recent nomination for municipal judge of Portland. Coupled with the congratulations is an earnest plea that the mercy of the court be extended to all signers of the epistle if they should chance to be haled before his court during his term of office. Bunchgrasses do well to take some such precautionary measure before trusting themselves to the snares and pitfalls of city life during the Fair.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at all druggists.

Knights of Pythias Convene.

A large number of members of the K. P. lodge assembled here yesterday in attendance on the annual convention of that order in the 9th district which comprises Gilliam, Wheeler and Morrow counties. A work meeting was held in the lodge room last night when the Grand Lodge Degree was conferred on all members qualified to receive it. The following grand lodge officers were present at the convention:

L. M. Carl, G. C., of Albany, L. R. Stinson, G. K. of R. and S., of Salem; W. L. Bradshaw, S. R., of The Dalles, Chas. Royle, G. G., of Spray; E. W. Daggett, D. D. G. C., of Blalock.

The local members left nothing undone to make their visitors' stay pleasant and to set forth the fact that yesterday was one day in Condon's history "When Knighthood Was in Flower."

THE QUALITY STORE LORD & COMPANY

WHEN WE T LK
IT IS SHORT AND TO THE POINT

We need all our time to wait on our trade and keep it supplied with the newest and best that is to be had in Spring Dress Goods, Muslin, Underwear, Hosiery etc.

We have the newest creations in Ladies and Men's Shoes. They are beauties. If you can not come to town write us for samples of our new goods. No trouble for us to show goods.

LORD & COMPANY ARLINGTON, OREGON

YOUR WANTS

Can best be supplied from our large stock of
GENERAL MERCHANDISE
which is one of the largest in Gilliam County.
