Church Endowment Society

YOUR CHURCH, COLLEGE, HOSPITAL AND OTHER INSTITUTIONS SHOULD HAVE A PERMANENT ENDOWMENT FUND. You may not feel able to write your check, as requested, for from \$1,000 to \$10,000 for this purpose; you may hesitate to sign an Endowment note that will compel your family to pay that amount at your death.

Send for Literature of The Church Endowment Society, W. A. WANN, State Manager, EUGENE, OREGON, and you will find that by making a small annual payment, you can help to Endow your Institution without stress to yourself and leave your estate clear at your death.

THREE PER CENT GUARANTEED COMPOUND INTEREST GOLD BOND

It is the only contract issued by any life insurance company that guarantees *any interest whatever* on the premiums paid, which is an important point to be remembered.

A point of superiority over *any* endowment policy of other companies lies in the fact that the *guaranteed cash value* of this bond, including the *guaranteed interest* at the end of twenty years, at all ages over thirty-four, is more than the face of the bond, and more than the face of any endowment contract, in addition to the dividends which will also be paid all in gold.

Furthermore, this guaranteed interest is paid with the bond in event of death, still further increasing the value of the contract. This interest, all guaranteed, ranges from three per cent. to a total at the end of twenty years at age thirty-five of over \$380 per thousand, and should death occur during the twentieth or subsequent years \$1,380 would be paid as a claim.

This total guaranteed interest, if left with the policy, is over thirty-five per cent. of all the premiums paid, which with the anticipated dividend, based on past experience, amounting to fifty or sixty per cent. gives a return (including surplus) of approximately eighty-five

to ninety-five per cent. of all premiums paid, with a paid-up, participating gold bond bearing future dividends.

The compound interest alone is guaranteed to equal over seven annual premiums, so that it would be possible for the insured to pay the last four or five premiums out of his interest without incurring a lien on his policy or disturbing his surplus, which is something impossible under *any* contract of *any* other company.

This gold bond differs from any policy written by this or any other life insurance company in the following essential particulars:

1st. The policy is, by its terms, payable in gold coin. This refers to both the principal sum and the interest.

2d. It guarantees annually, for a specified term of years, three per cent. in gold on all premiums previously paid. These credits may be drawn at the time they are made or at any other time, but as long as they are allowed to remain with the Company, they will be increased by three and one-half per cent. interest, compounded annually, until the end of the said term, and, in the event of death of the insured, any such accumulated credits will be paid with the sum insured.

3d. At the end of the period during which premium

payments are required (ten, fifteen or twenty years, as the case may be), the company, if requested, will exchange this bond for a new one for a stipulated amount, payable at the death of the insured and, in the meantime, drawing three per cent. simple interest annually on its par value, *principal and interest payable in gold coin*. The accumulated surplus or dividend will at the same time be paid in cash, or it may be applied to increase the amount of the new three per cent. bond which will also thereafter participate annually in the dividends of the Company.

In addition to these features which are peculiar to the gold bond, it also combines all the advantages of the Distribution Policies of The Mutual Life Insurance Company of New York, such as full participation in the surplus earnings of the Company, Cash Surrender and Loan Values, grace in payment of premiums, Automatic Paid-up Insurance, etc.

Full information regarding this exceedingly popular and attractive combination of Investment and Protection for any particular age or amount may be obtained by applying to Wann Bros., or write the Home Office and the matter will have immediate attention.

WANN BROS., AGENTS, CONDON, OREGON
