

PERSONAL

Wm Cornett was dangerously ill Wednesday but was reported better as we went to press.

Peter Nash, Sr. of Cecil, is here this week with his family visiting his son, Peter Nash, Jr.

Mr. and Mrs. F. B. Stevens left Saturday morning for Portland to take in the big Fair. They were on the passenger list of the first scheduled train out of Condon.

Dr. Mary Bowerman and Miss Hunsacker left for Portland Saturday morning to visit the Fair and spend a vacation with friends at Salem and other Valley points.

Andrew Neel, of Lone Rock, was in town during the week taking in the celebration. Mr. Neel has just finished a fine barn on his ranch which is one of the very best in the county. The structure is 56x100 and is framed from hewn timbers. It is one of the kind our grandfathers used to build.

Mr. and Mrs. R. H. Robinson, of Arlington, came out Sunday to spend the Fourth in Condon. They expected to make the trip in their new automobile but as they were starting a slight break in the machine made it necessary for them to change their plans and take the old fashioned stage coach.

Andrew Keller, representing the Eastern Oregon Brewery, of The Dalles, was on deck in the parade Tuesday with a big float loaded to the guards with kegs and bottles of the famous Underwies beer. Several hundred small bottles were distributed to the crowd as the parade progressed and everybody had a show to have beer for lunch if they wanted it.

Mrs. M. B. Baker last Saturday closed a deal with L. M. Hawley for the lease of the Condon hotel property and the purchase of the furniture and fixtures. Mrs. Baker has had some experience in the hotel business and with her ability will doubtless make a success of her venture. She will be assisted in the management of the business by her son Charlie.

F. T. Hurlburt, of Shaniko, W. Lord, of The Dalles, and M. W. Hunt, superintendent of the Portland Flouring Mills, came out Monday and spent the Fourth in this city. The gentlemen were here to make final arrangements for the erection of the building for the Gilliam County Milling Co's. plant which will be started at once. The mill will have a capacity of from 200 to 250 barrels of flour a day. The company has contracted for the drilling of a well to supply water for the use of the mill and other industries in which the company or its members may become interested.
