

CONDON GLOBE.

VOL. XV.

CONDON, OREGON, THURSDAY, AUGUST 3, 1905.

NO. 20.

Fred Anderson returned Monday from a trip to Portland and Seaside.

A son was born last Saturday to the wife of George Parrish, of this city.

Louie Comini, the marble man, of The Dalles, was in town during the week.

Charlie Hicks, the well known farmer-journalist-fruitman, of Ajax, was in town during the week on business.

WANTED—Your wheat and barley at the highest price. For grain storage see us. GILLIAM CO. MILLING CO., Condon.

J. A. and Ed Vaughn are expecting their father to arrive in a day or two from Quincy, Illinois, to spend the remainder of the Summer visiting them.

The best drills on earth, also the best discs, the best gangs, the best of everything, especially the best prices for your pocket book. Hunt, the hardware man.

John Williams was brought to town Tuesday suffering from a very severe attack of typhoid. He is at the home of Mr. and Mrs. Harry Greenfield on North Church street.

Mrs. U. Carr and daughter, of Detroit, Michigan, arrived here Monday to visit her niece, Miss Catherine Greiner, and her nephews, Andrew and Paul Greiner. Miss Greiner met them in Portland and visited the fair with them. They expect to remain here about a month.

Earnest Sturr, the nephew of Congressman J. N. Williamson, who took refuge in the Cascade mountains to escape testifying against his uncle in the second land fraud trial, was caught and taken back to the city by U. S. marshals Sunday. He gave his testimony Monday morning.

John A. Eberle, of The Dalles, has leased the new store building in the Plater building adjoining the amusement hall and will, about the last of this month, open a first-class, clean, new stock of high grade clothing and men's furnishing goods. Mr. Eberle will bring his family here and become a permanent resident of the town.

Rev. G. W. Riggs came in on last Thursday's train and has taken charge of the Congregational church at this place. Mr. Riggs is an able, interesting and pleasing speaker who is certainly destined to do much good in this community. His family of three grown children will join him about the first of September. He will hold morning and evening service every Sunday.

While threshing on the ranch of Lou's Couture, in Ferry Canyon Monday evening, the separator belonging to Collins & Couture exploded, took fire and was destroyed. The grain being threshed was smutty and the explosion is accounted for on the theory that the accumulation of dust inside the machine became so great that it ignited and exploded spontaneously. About 25 sacks of wheat were destroyed. A wind storm was raging when the fire occurred and it took quick work to keep the flames from spreading into a general conflagration. The loss will total about \$600.

Dr. Wood and Earle M. Bevis had an experience Monday evening on their return from a trip to Beecher Flat. While coming down the grade to the Maddock ranch on Thirty-mile a heavy heavy hail storm struck them and it was only by a scratch that they got the team unhitched from the buggy before the horses became unmanageable. The team finally broke away and ran several miles before being caught without doing much damage. Hail stones as large as hen eggs fell until the ground was covered to a depth of two or three inches. Much damage was done to the fruit and vegetables on the Maddock ranch but it is not known at this time how extended the storm was.

Jim Dunn, a former well known Condonite, who now calls Phoenix, Arizona, home, has been visiting with his brother, Judge Dunn and family and his sister, Mrs. J. P. Greiner for a week or so. Mr. Dunn left yesterday for Portland where he has two race horses at the Irvington track meet. One of his horses, Procrastinator, was in a hot race there Monday. Mr. Dunn left Condon about 16 months ago and on his return could notice some great changes in the former quiet little town. He now spends his winters in Phoenix and puts in the summers traveling through the west in sections where cooler weather prevails. His health is better than when he last left Oregon.

Mrs. S. A. Pattison who has been quite ill for some time is improving.

Mr. and Mrs. Colby Clark, returned Friday from a trip to Portland and the Coast.

Light and heavy harness, a brand new stock, hand made from first-class material for sale by Hunt, the hardware man.

Judge Dunn left yesterday morning for the Coast where he will establish his family in comfortable quarters for the Summer before returning.

Mrs. M. B. Baker, the new proprietor of the Condon hotel, reports business very good, the last half of her first month being double the first half. She may decide to purchase the building outright a little later.

A new weeder will will soon be in the field. It will be well built and do good work. It will cost the ranchers about one-half as much as the present combinations of high prices and n. g.'s. Of course it will be sold by Hunt, the hardware man.

Peculiar Disappearance.

J. D. Runyan, of Butteville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, poor stomach, headache, constipation, etc. Guaranteed at all druggists, price 25c."

Buggies and wagons, the Mitchell and Moline lines, none better, all others higher priced, for sale by Hunt the hardware man.

W. E. Hines, of Thirtymile, who has been engaged in business at Biggs for several months, is back in Gilliam county looking after the harvesting of his hay crop.

Mrs. W. T. Sherry and Mrs. M. A. Berger, of The Dalles, spent Sunday with their husbands in this city. Mr. Sherry is the popular conductor on the Condon branch and Mr. Berger pulls the throttle on the engine of the same train. Both gentlemen expect to build homes and bring their families here to reside in the near future.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was also weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed at all druggists; price 50c.
