HUNT SUCCEEDS DE HAVEN.

Montana Judge Will Hear Remaining Land Fraud Cases.

Portland, Aug. 4. — Judge William H. Hunt, of the Federal court for the district of Montana, will reach Portland August 28 to take up the land fraud trials where they will be relinquished by Judge J. J. De Haven, who will leave Portland on Saturday for San Francisco and remain there engaged with the business that has arisen in his district. A recess of the Oregon District court will then be taken from the conclusion of the final details incident to the closing of the second trial of Williamson, Gesner and Biggs, until August 28. United States District Attorney Heney will leave for San Francisco tonight, to be gone for a couple of weeks, and upon his return a Federal grand jury will be called to probe further into the irregularities of the land entries of the state and the many and various abuses growing out of the non-observance of the law.

Judge De Haven has found that it will be necessary for him to go to San Francisco at once to attend to business which has arisen in his court in that city. At first it was thought that another judge could be shifted to that district, and Judge De Haven could finish the duty undertaken by him of hearing to the end the land cases now pending. This was found not to be possible, however, by Judge Gilbert, of the Circuit court, and after some negotiations Judge Hunt has been assigned to the Portland court for the remainder of the land cases.

QUARANTINED ON ALL SIDES

Efforts are being made to move the train.

DISCHARGE LIKELY.

Second Jury in Land Fraud Cases Seems Likely to Disagree.

Portland, Aug. 4.—After 33 hours of argument and ineffectual endeavor to agree upon a verdict, the twelve weary men on the Williamson-Gesner-Biggs jury went to what rest could be gained in the crowded and stuffy jury room last night at 11 o'clock. Seven of the men, so it is rumored, hold that the defendants have not been proved to have committed the crime charged in the indictment and wish to return a verdict in accordance with their belief. Five men hold the opposite, that crime has been proved by the evidence of the government, and wish to return a verdict of guilty. One other story has it that the jury is evenly divided, six men wishing to convict and six to acquit. Whether or not either of these stories is true, the fact remains that there is a serious disagreement, and as time has passed, the conviction has growing around the Federal building that there will be no verdict returned.

Victoria, B. C., Aug. 4. — Advice from Canton state that, when a delegate of the Chinese boycott movement against America was explaining to students in Canton schools the nature of the agitation, he pointed out that many students wore tunics made of American cloth. REACH NO VERDICT

Second Trial of Land Fraud Case Proves Fruitless.

30 BALLOTS WITHOUT CHANGE

Proposal to Convict Gesner and Biggs and Clear Williamson Was Defeated by One Juror.

Portland, Aug 5.—John N. Williamson, Dr. Van Gesner and Marion R. Biggs will have to face trial on August 28 for the third time, on the charge of conspiracy to suborn perjury. After having strived for 45 hours to reach some conclusion, the jury in the Williamson case came into court, and upon its own request was discharged by Judge De Haven. At only one time did the government cause hold the majority vote, that being during the first three ballots, when seven of the jurors voted to acquit, the vote then changing to six for conviction and an equal number for acquittal, where it hung without interruption through 30 ballots. At another time those voting to acquit proposed to their comrades to convict Gesner and Biggs, provided Williamson should be acquitted, but Henry J. Keene would not consent to the agreement, and no change was made in the vote. George Kirk, after having voted for three times to convict, changed his ballot to the other hand and refused to make another decision. According to the story told by several of the jurors, it was apparent early in the course of the deliberations that no verdict could be reached, and the subsequent ballots were taken more as a matter of form than with the expectation that any change would be shown.

The bone of contention seemed to be in regard to the existence of a contract, and in the question of intention on the part of the defendants to do wrong.

OFFICIALS FILE ON CLAIMS.

Nome People Much Exercised and Threaten Drastic Measures.

Seattle, Aug 5.—Advice received in this city tonight from Nome by the steamship Ohio state that the people of Nome are up in arms against the government officials and their actions in filing upon valuable mining claims.

Officers of the Ohio report that the people are greatly exercised over the matter and are talking of drastic measures if the authorities at Washington do not investigate the matter.

ALASKA FOREST BURNING.

Dense Pall of Smoke Hanging Over Lynn Canal.

Seattle, Aug. 5. — Forest fires are again raging along the southeastern coast of Alaska, and heavy clouds of smoke hang over the waters of Lynn canal, according to the reports brought to Seattle this afternoon by the steamer City of Seattle, of the Pacific Coast Steamship company's fleet.

Captain Charles O'Brien, master of the Seattle, states that since the short rains which served to extinguish the forest fires which burned in that part of the country a month or more ago, the weather has been hot and dry, and that the fires have started up again, and are as bad as before.
