OREGON STATE ITEMS OF INTEREST

ONTARIO BOOMS.

Values Rise When Short Line Purchases Ten-Acre Terminals.

Ontario—The boom in Ontario real estate, on account of the announcements and predictions in railroad circles in the past few months, is here. The climax came with the announcement of purchase by the Oregon Short Line of terminal grounds here ten acres in extent.

There is only one meaning for such a purchase, in the opinion of almost everyone who hears of it, and that is that Ontario is now irrevocably decided on as the junction point of the proposed east and west line across Oregon with the Oregon Short Line and the Harriman transcontinental system.

The result of the announcement of the purchase was electrifying. Real estate prices at once went soaring. In some instances, it is stated, land has doubled in value in a few days, and there seems to be no let up in the advance as yet. High as the prices are, compared with those of a few months ago, there is still plenty of demand. New men are arriving on every train. Each seems to have some money, and each is apparently anxious to get it invested as speedily as possible.

COUNTY REPORTS SLOW.

Secretary of State Will Ask Legislature to Provide Penalty.

Salem—The summary of the tax valuation of Clackamas county just received at the office of the secretary of state, shows a total valuation of \$9,608,045 for the year 1905, as against \$9,364,000 for the year 1904.

All the counties except Lane, Malheur, Grant and Curry have filed their reports with the secretary of state for this year. According to the law all the reports of the several counties should have been filed not later than November 1, but as there is no penalty for failing to comply with the law, the secretary cannot compel the county courts or the county clerks to send in their reports until they get ready.

It is the intention to ask the next legislature to provide a penalty to be assessed against the counties for neglect in this regard.

Prison Cost \$12,000.

Salem—Secretary Gatens, of the State Prison board, has completed his report, showing the amount expended during the year for improvements at the penitentiary as \$12,185.82. Of this \$6,663.12 came from the "revolving fund" and \$5,522.70 from the general maintenance fund. What is termed the "revolving fund" is made up of the annual rental of the foundry \$2,400. This amount is used to keep the foundry and machine shops in repair. The foundry and machine shops were entirely remodeled during the summer.

Corporations Must Pay Fee.

Salem—Attorney General Crawford, in response to a query from Secretary Dunbar, holds that all corporations must pay the annual license fee from and after the date of filing their incorporation papers with the secretary of state. A number of corporations have not organized for the transaction of business after filing their articles, and they claim exemption from the annual license fee until such time as they shall organize for business.

Must Keep Roads Open.

Weston—Unless people residing on the line of a rural postoffice delivery system keep the roads leading to their places in passable condition they are likely to lose their service. The condition of the mountain roads out of Weston has at times been so bad that it was difficult for Carrier B. F. Somerville to make his trips, and a report of the matter to the authorities at Washington has brought that ultimatum to Postmaster Baker at this place.

Giant Spruce Log Out.

Astoria—One of the largest and finest trees ever cut in the Lower Columbia river district was placed in the water a few days ago by the Gray's Bay Logging company. It was a spruce measuring 105 inches in diameter at the butt and 60 inches at the first limb, 108 feet up. The tree was cut into five logs, which contained 30,921 feet of perfectly clear lumber.

Monster Vegetables From Coos.

Coquille—The fertility of Coos county soil is proved by a turnip and radish on exhibition in this city. The radish came from the garden of J. H. James and weighed 16½ pounds. The turnip came from Fat Elk and was grown by Charles Pendleton. It tipped the scales at 10 pounds. Neither of the monsters had any more than the ordinary cultivation.

Diphtheria at Weston.

Weston—Diphtheria has made its appearance in Weston. James Killgore and a boy in his family are attacked, and Mr. Killgore's condition is reported as serious. A strict quarantine has been established by the city council.

MANY HUNTERS IN OREGON.

Report of Game Warden Baker Gives Some Interesting Statistics.

Salem—Game Warden J. W. Baker's annual report shows that 17,000 of the inhabitants of Oregon are hunters, not taking into consideration the farmers who hunt over their own lands, and are, therefore, not required to pay the yearly tax of \$1.

Fees received amounted to \$17,421, some of which came from nonresident hunters, who paid \$10 for the privilege of killing wild game in the state; \$166.40 was collected as fines for hunting without a license.

The game warden expended \$7,262.25, leaving a balance of \$10,325.15. This will be available at once for deputies as soon as necessary. From the general appropriation fund, the warden received \$1,662.78 for salary and traveling expenses and \$2,499.88 was used for salaries and expenses of deputy wardens, making a total expenditure for the year of \$11,412.91 for the protection and propagation of game.

Violations of the law have been less frequent this year than for some time, but justices of the peace are not inclined to impose severe penalties.

Eighty-four persons were convicted and fined for violation of the game laws, the fines averaging \$15.

That Women May Vote.

Salem—Governor Chamberlain has issued a proclamation notifying the legal voters of this state that an initiative petition has been filed in the office of the secretary of state proposing an equal suffrage amendment to the constitution. The proclamation recites that the petition contains 9,904 signatures, properly certified, and that this number being sufficient, the proposed amendment will be submitted to a vote of the people at the general election on June 4, 1906.

Irrigation Promises Much.

Echo—The announcement that the government would complete the irrigation system here has stimulated business. Work is being rushed on the big Furnish ditch, which is to be taken over by the government when completed. Over 100 men are now employed and nearly as many teams. There are now 10 new buildings under construction, but progress is retarded by the inability of the two lumber companies to furnish material as fast as needed.

Snow a Boon to Wallows County.

Wallowa—There has been a decided fall in temperature since early in December, but snow has fallen to sufficient depth to make sleighing very agreeable. Nearly all the farmers and many others are making good use of the sleighing privilege. The Joseph-Elgin Stage company is now carrying passengers and mail on bobbeds. Much better time is made now than by using their coaches. While the road remains frozen and no chinook occurs, sleighing will be the easiest means to bring in freight from outside points.

PORTLAND MARKETS.

Wheat—Club, 72c; bluestem, 73½c; red, 69c; valley, 73c per bushel.
