MILLIONS TIED UP

San Francisco Suffers at Hands of Insurance Companies.

POLICY HOLDERS BAND TOGETHER

Business of Bay City But One Third of What It Was During Month of May 1905.

San Francisco, June 9.—Interest here has centered in the insurance situation. Business conditions remain uncertain and wait upon the settlement of losses. The time has come when the insurance companies must positively declare themselves. The policies held by San Franciscans call for the payment of about \$200,000,000. So far but little more than \$3,000,000 has been paid, and almost all of this was in small amounts. The \$200,000,000 is needed to enable the people of the city to resume business. How badly the money is needed may be gathered from the clearing house figures. In May, 1905, the clearances in San Francisco amounted to \$147,000,000. For May, 1906, the clearances amounted to \$50,000,000. In other words, one-third as much business was done last month as in the corresponding month a year ago. The policy holders have become weary of the dilatory tactics of the insurance companies. They have refrained from criticism for six weeks, but now are insisting that their claims be paid without further delay. The policy holders of each company have banded together for protection. They have the support of the newspapers, the commercial bodies and the industrial and commercial organizations of every city on the coast. They no longer deal as single individuals with the insurance companies, but present a solid front which is not to be repulsed. This organization will save them in the end.

It is known that millions of dollars are lying dormant in the banks of this city and Oakland to the credit of the insurance companies. The question naturally suggests itself: Why do not the insurance companies pay? The answer is that they are trying to drive the best bargain they can, hoping to bring about a compromise in the end. These are not pretty tactics, but nevertheless they are used.

NOTICE TO SHYLOCK.

State Takes Up Cause of San Francisco Insurance Victims.

San Francisco, June 9.—At a conference today between Insurance Commissioner E. Myron Wolf and F. C. Coogan, attorney of the underwriters, Mr. Wolf warned the latter that he would immediately call for a list of policy holders from every company which failed to sign an agreement to extend to 60 days the time for proof of loss.

The notification is equivalent to a declaration of war on all companies which have not signed. The statute provides \$1,000 penalty for failure to respond to the demand. In effect, the order will compel every company to grant the extension or go out of business in this state.

The sweeping order applies to more than half of the companies doing business in the city, and is designed by Mr. Wolf to complete the work begun when a notice was served on all the companies suggesting that all sign an agreement which would prevent the policies from lapsing through the inability of the insured to get their proofs made out in time.

The policy holders of the Traders' Insurance company will form a corporation to look after their interests in the litigation which will be brought to compel that concern to pay all obligations in full. This was determined at a meeting of the policy holders held in this city today.

Cost of Obedience to Law.

Chicago, June 9.—The improvements at the Union stockyards to be ordered by the city authorities as the result of the recent examination of buildings will cost the packers nearly \$1,000,000, according to estimates made by Building Commissioner Hartzman. It will require an expenditure of about \$500,000, maybe \$200,000 more, to make changes needed to conform with the requirements of the city building ordinances, while the sanitary improvements to be insisted upon will cost about \$300,000.

Wants Island for Terminus.

Sacramento, Cal., June 9.—A concurrent resolution introduced in the senate by Mr. Shortridge and in the assembly by Mr. Atkinson provides that the United States government be requested to cede to the state of California the island in San Francisco bay known as Goat Island, or Yerba Buena, to be used by the state as a terminal for different railroad companies.
