If possible, the Passenger Department of the Oregon Railroad & Navigation Company and Southern Pacific (Lines in Oregon) has surpassed itself in the 1906 issue of its new publication, "Oregon, Washington, Idaho and their resources." The purpose of the publication is to attract homeseekers and investors to the Pacific Northwest and this publication is undoubtedly the best messenger that could be sent by residents of Oregon, Washington and Idaho to their friends in the East and Middle West. Beautiful half tones, printed on superb book paper make the publication, which contains 88 pages and a map of the section, a work of art, but far superior to the typographical make-up in the contents of the book. Under many heads covering practically all the resources of the states are short, pithy stories of what has been accomplished, not what might be done, but actual facts and figures accompanied by names and addresses of well known farmers who are daily laying aside an income that would be a fortune to an Eastern Agriculturist. Wm. McMurry, General Passenger Agent of the O. R. & N. Co. and S. P. Lines in Oregon has favored the editor with a copy of this publication and informed him that the readers of this paper by sending the names and addresses of friends in the East and four cents in postage for each address, may have the book promptly mailed to the address given.
