On their way home while going through North Dakota, Mr. Campbell reports that the train upon which they were traveling collided with a fast freight but luckily they escaped with slight bruises.

(School Editor.)

The public school of Condon is certainly growing larger. Five new pupils started Monday and it is hoped that many more will soon come.

Bessie Searcy of the 6th grade was taken ill Saturday.

The children of Mrs. Berry's room are practicing faithfully for the entertainment they will give at the Armory Hall on the 28th of this month. Come, and bring your friends.

Snow balling has been a favorite sport with the girls and boys for two or three days. They are hoping the weather will continue as it has been for many weeks yet.

Latin was introduced into the ninth and tenth grades Tuesday. Nearly every scholar is delighted with it.

The children of the primary department will give an entertainment in the old school house next Wednesday afternoon at one o'clock. Parents are invited to attend.

## HORNER-HUNSAKER

At the home of the bride's parents at Turner, Oregon, Chas. H. Horner of Condon and Miss Gessie Hunsacker were united in the holy bonds of wedlock on Monday, November 10th. The wedding took place at high noon and only the immediate relatives and friends of the contracting parties witnessed the ceremony which was performed by Rev. Thompson, a Presbyterian clergyman from the East. The bride was formerly a resident of Condon and during the two years that she lived here made a host of friends. The groom has been the assistant postmaster at Condon for the past five years and is now serving his first term as City Recorder. The newly married couple arrived in Condon Wednesday evening and will be at home to their many friends in the cozy cottage in Mann's Addition that was purchased by Mr. Horner a few months ago. The Grooms wishes them a happy life and continued prosperity.

## JOHNSTON LEAVES

H. P. Johnston was one of the passengers on Monday's train for Portland. It will be remembered that Johnston is the man who was convicted in the Justice court about a month ago for obtaining food, board and lodging from the Palace Hotel by fraud. Attorneys Bowerman & Butler took an appeal from the Justice court and Attorney Butler gave his check for \$30 to cover the appeal bond, since that time Johnston has been employed by the Condon Electric Company.

## REV. MOUNT MOBBED AT FOSSIL

**Editor GLOBE:**  
I was severely pounded last Friday night by the young people of this town. When the smoke of battle had cleared away I found scattered all around squashes, cabbage, oat meal and other kinds of mush, soda, salt, rice, macaroni, two sacks of potatoes, and other things too numerous to mention. Wife is made happy and I still survive. We are probably \$25 better fixed for living this winter. Besides this noble act of the young people, the Sunday offerings will amount to over \$25 for the pastor's salary. The people of Fossil take good care of the pastors. Thanksgiving services will be held this year in the Baptist church the pastor preaching the sermon. In addition to the pounding another gift of a Thanksgiving turkey is promised. The snow here is about two inches deep.

Respectfully,  
J. W. MOUNT.

## MISS GREINER ENTERTAINS

The home of Miss Greiner was the scene of a good time last Friday evening when she entertained about thirty guests in honor of Mrs. Kavanaugh of Michigan. The guests assembled shortly after eight o'clock and devoted the greater portion of the evening to progressive pedro. The hostess offered two beautiful plates for the first and second prizes and Mrs. W. H. Hornbrook won the first and Mrs. Kavanaugh the second. Miss Wood won the consolation prize. After the prizes were awarded Miss Greiner served dainty refreshments. The guests departed for their homes at a late hour after spending a most enjoyable evening.

## SCHOOL ENTERTAINMENT

The third and fourth grade pupils of Mrs. Berry's room wish to announce to the public that they will give a Thanksgiving entertainment at Armory Hall on the evening of Wednesday, November 28th, beginning at 8 o'clock sharp. Admission: adults, 25c; children under 12 years, 10c; reserved seats, 35c. The proceeds to be applied to the purchase of a library for this room. The entertainment is of an historical character, representing the original Thanksgiving by the Pilgrims and Indians over two hundred years ago. We feel that the public will not be disappointed in giving us their liberal patronage.

Mrs. G. A. BERRY, Teacher.

Mrs. John Miller, one of the pioneers of Gilliam county, died at The Dalles Wednesday. The body was brought to Condon yesterday and the funeral will take place here today.

Mrs. F. T. Hurlburt and little daughter, Marguerite, accompanied by Miss Welsh, departed Wednesday morning for Portland where they will visit with friends for a few weeks.

## AN INNOVATION

The S. B. Barker Co. have decided to put their store on a cash basis after the first day of January, 1907. "Thirty days' time will be considered the same as cash," said one of the members of the firm to the GLOBE reporter this week, "and we expect to make it a cash store in fact as well as in name." This innovation on the part of one of the oldest merchantile establishments in Gilliam county is significant and marks a beginning at least of a departure from the old credit system which seems to be one of the distinguishing characteristics of all new countries.

## MARSHALL CHOATE CROUCH

The second entertainment of the lecture course will take place at the court house tomorrow evening at 8:30 o'clock. Marshall Choate Crouch who is reputed to be one of the best lecturers on the platform at the present time will speak

upon "The Simple Life." Judging from the favorable comments that have been made by the press and men of influence wherever he has lectured, those who are present tomorrow evening will not be disappointed. Reserved seats on sale at Troxel's Jewelry store.

## STORIES PICKED UP

Mrs. Sarah Platt Decker of Denver said recently that all men, as soon as they had acquired a moderate fortune, should retire from business and devote their lives to the state.

"Then," said Decker, amplifying her views the other day, "politics would be pure. Then there would be no graft in public contracts. Every vote would count. There would be no graft-protected crime.

"As to graft protected crime, have you heard the latest?"

"A police captain was about to raid a gambling den. At midnight taking his place at the head of a squad of men he looked them over carefully he said to his lieutenant:

"Is everything in readiness for this raid?"

"Yes, sir," replied the lieutenant saluting. "Our arms are in first-class order, here are the reports, there are the flashlight camera men, and I notified the proprietor of the place this afternoon."

Two Irishmen, Pat and Mike, stood looking at bricklayers who were working on a building that was being erected when the following conversation was overheard:

Mike—"Pat, kin yez tell me what kapes thim bricks together?"  
Pat—"Sure; the mortar."  
Mike—"Not by a dom sight; that kapes thim apart."

## RANGE ALLOTMENTS

About 200 men, representing sheep, cattle and horses which range in the Eastern Division of the Blue Mountain Reserve, have been in attendance at the allotment meeting at Sampter this week, says the Granite Gem. Because of disagreement between the stockmen as to the distribution of the range it is thought that the officers will be compelled to make many of the allotments and if they are not acceptable they will be readjusted later and given to those willing to take them. In the matter of keeping stock off of range in the vicinity of Granite and reserving the territory for the use of residents, the sheepmen were informed by the superintendent that the rights of residents came first and would be the first considered.

The Hotel Oregon is prepared to give a fine dinner on Thanksgiving day.
