W. F. ALLEN, Consul Commander.

Senator-elect Bourne will soon take his seat at Washington, and those who know him best have no fear but that the people of the great state of Oregon will never have reason to be anything but proud of their junior Senator in Congress. He possesses the energy, ability and ideals of a statesman. He can and will do much for Oregon and the Pacific Northwest.

Bro. Bennett of The Dalles Optimist was unable to accomplish the defeat of Jonathan Bourne but the Sage of Rabbitville should find comfort in the fact that his paper has received a lot of cheap advertising throughout the state.

The report of Postmaster Minto of Portland, which has recently been submitted to the Postmaster General, shows an increase in the business transacted in that office of \$1,000,000.00 during the past year. Thus, does Oregon's metropolis continue to grow and prosper.

A railway commission appointed by the Governor would unquestionably be a good thing for Oregon's chief executive.

The ratification of the people's choice for United States Senator by our State Legislature, is not only a personal triumph for Senator Bourne, but a triumph for the principle that Senators should be elected by the direct vote of the people.

In spite of Senator Bailey's connection with the Standard Oil Co., the Texas Legislature has again returned him to the U. S. Senate. Texas undoubtedly needs a primary law.

The editor of a newspaper who refuses to take a positive stand on matters of local or general interest soon merits the contempt of the thinking men of the community. Such a man is tolerated for the simple reason that he is content to shine in the dim light of his own insignificance.

Steiner of Wheeler and Bowerman of Gilliam have represented this district in the Senate. Isn't it about time for Sherman county to sit up and partake of the Senatorial pie?

Mining is one of the most promising industries in the state and those engaged in the legitimate work thereof ought to be protected against imposition and imposters, says Governor Chamberlain in his message to the Legislature. The Governor called attention to a law which has been recently passed in the state of California which had for its object the punishment of the promoters of wild cat mining companies and recommends that a law of this sort be passed by the state legislature during the present session. There is undoubtedly a pressing need for a law of this character and no member of our law making body can have any plausible excuse for ignoring the Governor's recommendation.

Judging from the stand taken by Bro. Curran in the last issue of the Times, it will hardly be necessary for Senator Bowerman to launch his contemplated third newspaper in Condon.
