AWFUL ATTACKS OF PAIN.

A Most Dreadful Case of Kidney Trouble and How It Was Cured.

Thomas N. McCullough, 321 South Weber St., Colorado Springs, Colo., says: "For twelve or fifteen years I was suffering frequent attacks of pain in the back and kidneys that lasted for three weeks at a time. I would be unable to turn in bed. The urine was in a terrible condition, at times a complete stoppage occurring. I began with Doan's Kidney Pills, and soon felt better. Keeping on, I found complete freedom from kidney trouble. The cure has been permanent; I owe my good health to Doan's Kidney Pills."

Torpid Liver.—Take a quarter-grain of calomel every two hours until cathartic action is produced and follow with pluto, honyadi or epsom salts. The taking of these purgatives is to eliminate the mercurial properties from the body.

Drops.—One pint of bruised mustard seed, one pint of bruised horse radish roots, eight ounces of ligum-vitæ chips and four ounces of bruised Indian hemp root. Put all the ingredients into seven quarts of sweet cider and let simmer over a slow fire until reduced to about four quarts, then strain and bottle. The dose is a wine-glass four times a day or more if required.

Cough.—Take two ounces of sweet spirits of nitre, four ounces of glycerine, two tablespoonfuls of clove powder and put in an eight-ounce bottle. Shake well before using. The dose for an adult is one teaspoonful; children according to age. It is well to mix the clove powder in half an ounce of water before adding to the spirits, as the powder will not mix well with the spirits.

Paper Wind Shield.—Cold weather and winter is the source of much dread on the part of some persons. Pneumonia, grippe and various forms of pulmonary ailments and lung and throat ailments before them at the mention of winter. A cold wind is one of the most disagreeable things to face. No matter how warmly one may be bundled, still the wind seems to strike through the cloth and chill just the same. An old fashioned and almost forgotten way of getting the better of the wind-god is to place a folded newspaper over the chest and under the outer clothing and the same may be located at the back. The close fiber of paper makes it almost impervious to wind. Add to this the fact that it is a poor conductor of heat and we have an ideal cold-proof article. When one is driving against a strong wind nothing will keep the lungs and body so warm as a sheet of newspaper. Put a layer of paper inside of your rubbers before going out for a walk and you will be surprised how warm it will keep your feet.

New Trick in Fur Selling.

Two men, about 23 and 28 years old respectively, affecting an English accent and the dress of petty officers, visited Abraham Greenberg, a lawyer, who has an office in the Pulitzer building. They were accompanied by a negro who carried a large sailor's grip.

The men represented themselves as having just returned from a trip through the Baltic provinces of Russia.

"I've got some fine furs I would like to sell to you," said the spokesman. "I've a lot of bargains, too." Then, looking around the room, he added in a whisper: "I brought the stuff myself to this country—you understand?"

The lawyer said he was not interested in furs, but the man persisted. He displayed a handsome bearskin rug which he said he would sell for \$75. Greenberg didn't care to purchase any furs, but the rug impressed him so much that he finally offered \$35 for it. This was refused, but the man produced a fine silver blue fox muff and collar.

"I'll let you have this for \$500," said the man.

Greenberg bargained with him and eventually bought the set for \$20. He thought he had a prize.

Just as he was about to hand the money to the stranger he found that the muff was damaged. The man readily agreed to exchange it and took what looked like a similar muff from the grip. This looked all right and was accepted.

When the lawyer examined the muff and collar more carefully, however, on rubbing his hand gently over the fur it began to fall out. Greenberg took the garments to an expert and learned that they were made of hair dyed and pasted crudely on a foundation. The value of the garments was about \$1.50.

Since then the lawyer has heard from other victims of the pair. Their game, which is a new one, is being worked successfully in many parts of the city.—New York Times.

Great Picture Won by King.

Sir Lawrence Alma-Tadema's first great picture was exhibited at Antwerp, and was offered as one of the prizes in a lottery. The lucky winner was the king of the Belgians.

"What has kept you out so late?" sternly asked Mrs. Gayman.

"Been a-sitting up with a dying friend, m' dear," answered her affectionate consort.

"That won't do this time," she rejoined. "The old year has been dead several days, to my certain knowledge."

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Safety.

At the crowded downtown corner the frightened pedestrians were scurrying out of the way of street cars, automobiles, delivery wagons, and policemen on horse-back.

"Gosh!" exclaimed the window washer, looking down on them from his perch on the narrow ledge of a fifteenth story window. "I'm glad I ain't in that crowd!"—Chicago Tribunes.

Thoroughly Reliable.

If ever there was a reliable and safe remedy it is that old and famous porous plaster—Alle ck's. It has been in use for sixty years, and is as popular to-day as ever, and we doubt if there is a civilized community on the face of the globe where this wonderful pain reliever cannot be found. In the selection of the ingredients and in their manufacture the greatest care is taken to keep each plaster up to the highest standard of excellence, and so pure and simple are the ingredients that even a child can use them.

Allecks are the original and genuine porous plasters and are sold by Druggists in every part of the civilized world.

Blue Blooded Salvationists.

The Salvation Army bids fair to become an aristocratic body. Major Mary Murray, who supervises the military and naval league of the Salvationists, is a daughter of the late Sir John Murray, K. C. B., and Lieut. Col. Minnie Reid, who recently married Commissioner Booth-Tucker, is a daughter of a former acting governor of Bombay. The commissioner himself resigned a judgeship in India, with all the wealth and special position attached to it, to devote himself to Salvation Army work.

Lady Sarah Sladen is a Salvationist, and the countess dowager of Teasdale is a member of the auxiliary of the army. Two daughters of Mr. Onslow, late member of parliament for Guildford, have together steadily risen in the ranks. Intimately connected with the work in Australasia is the Hon. Mrs. Bird, wife of the former prime minister of Tasmania. She is said to be as ardent as any Salvation Army lass in disposing of the "War Cry." The daughter of the late Lady Galt, wife of the lieutenant governor of Ontario, is working in Canada.—Answers.

"How can you call yourself a Christian," demanded the sanctimonious Mr. Biggot, "if you play golf on the Sabbath?"

"But I don't," replied the mild man.

"What! How dare you say you don't play golf, when this very minute—"

"I say I don't call myself a Christian. My name's Isaacstein."—Philadelphia Press.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by an internal remedy. Deafness is caused by an inflammation of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
