

The Condon Globe

VOL. XVII.

CONDON, OREGON, FRIDAY, JUNE 7, 1907.

NO. 12.

BASEBALL AT CLEM

The Condon baseball team went to Clem Sunday and crossed bats with the team at that place. Thomas Gray, the new pitcher for Condon, did fine work in the box until he was put of commission in the first half of the 8th inning, when he was struck on the head by a pitched ball while batting. The blow rendered him unconscious for several minutes and he was unable to finish the game. Mr. Clarence Wright, brakeman on the Arlington-Condon railroad, then went into the box to take his place but not having had any practice for some time the Clem boys made six runs in the last two innings and won the game by one score. The game was exciting from start to finish as both teams played good ball. Following is the lineup and score.

Condon		Clem
Gray	p	K. Welshons
Parker	c	Crum
Mahaffey	1b	Chandler
Rice	2b	McPherson
Burns	ss	Ashenfelter
Page	3b	F. Welshons
Jarvis	lf	M. Welshons
Kelly	cf	Keeney
McArthur	rf	Bates

Innings	1	2	3	4	5	6	7	8	9	Total
Condon	0	0	0	0	2	0	1	0	2	5
Clem	1	0	0	0	0	0	2	4	0	6

NOTES.

The day was rather warm.
Clem needs a grand stand.
Only a few of Condon's fans were present but they were busy.
C. F. Kennedy and W. E. Patten rode their wheels down but they rode home in the wagon with the players.
There was considerable kicking at the umpire's decisions.
The next game these teams play will be a hummer.
Parker says he was just getting warmed up toward the last of the game.
Clem didn't make a run while Gray was in the box.
Less than half a dozen errors made by both teams.
After the game was over some of the Condon sports expressed their satisfaction in not being able to find anyone to call their bets.
Frank Golden, Paul Balsinger, Fred Bohm, Ed Merrifield, John Randall, Fred Wilson, Marcus Portwood, Fred Anderson, C. F. Kennedy, W. E. Patten and others from Condon attended the game.

FISH STORIES

L. E. Lawrence and Ben Esser, two local sports and fishermen, were over to Thirty mile Sunday and came home Sunday night with forty-three fish. This is no fish story.
L. T. Price and Wm Langhaussen fished in Thirty-mile Sunday. They came home with their baskets filled with good sized trout.

Fred Anderson and Marcus Portwood went to Rock Creek Saturday evening to get some trout but the wary, wiley, wrigglers wouldn't bite.

COUNCIL MEETING

The council met Monday evening and all were present except E. A. Mann. T. D. Sweetin was elected marshal and L. B. Townsend was elected deputy marshal and street commissioner. A saloon license was granted to M. H. Abbey. An ordinance was introduced to license draying companies \$50.00 each but it was not properly made out and was put off until the next meeting. A sewer made of 12-inch iron pipe will be laid down Main street from the Condon National Bank to the septic tank, about 2200 feet in all. A proposition was made to reduce saloon licenses from \$600 to \$400 but did not meet with favor and was turned down. Crushed rock will be put on Main street as soon as possible. Water is now being pumped from Hay Creek and everything is running in good order. The following standing committees were appointed. Water committee: T. G. Johnson, R. E. Myers and J. F. Wood. Street committee: P. H. Stephenson, E. W. Moore and T. G. Johnson. Receipts: Water rent, \$285.00; Licenses, \$300.00; Fines, \$65.00; Sale of water pipe, \$3.00. Bills allowed: Standard Oil Co. \$26.55, W. L. Barker & Co. \$61.96, Crane & Co. \$199.41, Times \$6.50, Condon Electric Co. \$138.96, Condon Drug Co. \$0.50, Jamieson & Marshall \$25.94, J. K. Mersinger \$102.75, J. W. Hire \$5.75, A. L. Lantis \$37.50, Jay Barr \$30.00, J. A. McMorris \$7.50, Gilliam Co. Milling Co. \$1.70, O. A. Macey \$30.35, L. S. Pulliam \$32.00, J. W. Davis \$5.00.

A SERIOUS ACCIDENT

Swanson Erickson who has a homestead northwest of Condon and who has lately been working for John Dysart was thrown from his horse last Saturday morning while trying to run Mr. Dysart's horses in from the field, and sustained injuries that will probably prove fatal. He was riding around a steep side hill when his horse threw him and he struck on his head and shoulders, dislocating his spinal column which caused instantly a complete paralysis of his body. He rolled fifty yards down the hill before coming to a stop against a large rock where he was found about four hours later. Dr. Wood was immediately called and did all he could to ease the sufferer. He was brought to Dr. Woods office Sunday morning and after a complete examination it was decided that an operation was necessary and he was taken to the St. Vincent Hospital in Portland Tuesday by Dr. Wood. The chances for his recovery are very slight as his spinal cord is probably completely severed or at least is bruised in such a manner that when the pressure is removed the inflammation will probably immediately travel to the brain.

A LIVELY RUNAWAY

J. R. Wells and wife had a runaway Saturday evening while going home from town. Mr. Wells was leading a horse and it became frightened at a dog

which ran up behind him, got one leg through the spokes of the rear wheel and trying to extricate itself turned the buggy completely over. Mr. and Mrs. Wells were both thrown to the ground but outside of a few bruises no harm was done. The horses broke the tongue out of the buggy and sprung the axles but "Windy" says he considers himself lucky in getting off with so little damage.

JOAN OF ARC A SUCCESS

The play given last Friday night by local talent, under the auspices of the St. Thomas Aquinas' School, was a decided success in every way. Miss Loreta Burns as Joan, the heroine, and Jas. Burns as King Charles, the hero, were exceptionally good. Miss Mollie Gibbons as Queen Isabella, Miss Pearl Brown as Lady Agnes, Miss Lillie Hughs as Lady Clare, Robert Wehrli as Earl Dunois and Gerald Burns as the Duke of Burgundy played their parts in a way that was satisfactory to everyone. Patrick Murtha in the role of Thibaut made a decided hit and in fact everyone from the star to the smallest page played their parts in a way that showed hard work and careful drilling. The proceeds, after all expenses had been paid, amounted to \$112.00 which goes to the school. Bishop O'Reilly delivered a short address and thanked the audience in behalf of the school for the interest taken as was shown by the large attendance.

For the Benefit of Our Subscribers.

We publish the following for the benefit of those of our readers who may be so unfortunate as to be afflicted with catarrh, hay fever or cold in the head, there are so many patent medicines advertised for these ailments which are absolutely worthless that we, having learned of a simple, inexpensive cure we feel almost duty bound to publish it to the world. The oils which enter into the treatment come from Australia where such a disease as catarrh is unknown. It consists of oil of eucalyptus, thyme and pinus cedensis, and can be had already mixed in the proper proportions at any first-class drug store under the name Muoline in two ounce bottles at 50c each. Two bottles will affect a cure in most cases. Note—The above appeared in an Eastern Magazine and we publish it for your benefit.
