CONDON, OREGON, FRIDAY, JUNE 14, 1907.

NO. 13.

CONDON WINS THE GAME

The Clem boys came up last Sunday and crossed bats with the Condon team on the local diamond. The home team remembered the outcome of the game at Clem two weeks ago and began to make tallies while the game was young. They lined 'em out and trotted around the bases just like clockwork. The visitors did not make a score until their last turn at the bat when Geo. Chandler made a safe hit and scored before three outs were made. Thomas Gray, Condon's twirler, had them guessing from start to finish and the way the visitors fanned the air was beautiful to behold. Following is the lineup and score.

INSTITUTE AT MAYVILLE

A teacher's local institute was held in Mayville Saturday, June 8th, with a goodly number of teachers present considering that so many schools are not now in session. Owing to the great distance that most of the teachers had to travel and that there was a big grange meeting at the same time and the same place, not enough teachers were present in the forenoon to carry out the program prepared for the morning session. At noon the teachers met in joint session with the grangers around a table which extended the full length of the I.O.O.F. hall and fairly groaned under the weight of a bounteous repast such as the Mayville housewives cannot be excelled in preparing. The teachers showed their thorough appreciation of the grange hospitality in the way they partook of the things set before them. After the noon hour the joint session was continued in the way of a program. The meeting opened with a song and grange march, led by Miss Mollie Gibbons and Mr. George Miller, which was a very attractive feature.

"How to teach reading" was introduced by Miss Loony of Fossil, who has just completed a year's training at that place under Miss Naomi Stengel, one of the best primary teachers in the state. Miss Loony began with the child as it enters school and briefly outlined the work as it should be presented in the different stages of the child's development. Little Hester McArthur, a pupil of Miss Ranney's, assisted in exemplifying the work and together they demonstrated the advantages of the new method over the old. With the necessary experience Miss Loony will certainly become an excellent teacher. The last entertainment of the day was a matched game of base ball between the Mayville and the Fossil teams. It was a spicy game with few errors and resulted in a victory for the Mayville boys with a score of 8 to 4.

WILSON-MONTAGUE

A very pretty wedding took place at the 8-mile school house Wednesday morning, June 5th, when Mr. Robert Wilson and Miss Minnie Montague were united in marriage by Rev. A. S. Leitz. The bride wore a beautiful white silk gown trimmed in applique and lace. She carried bouquet of bridal roses. The groom wore the conventional black. The room was decorated with roses. After the ceremony the bridal party repaired to the home of Asher Montague where a dainty lunch was served. Mr. and Mrs. Wilson left Arlington on the afternoon train for Portland, where they go to spend their honeymoon. The presents were many and pretty. The bride is well known in Gilliam county, having been one of our popular teachers for some time. The groom is an influential business man of Rhea Siding where they will make their home. We wish them a long and happy life.

For further particulars consult the O. R. & N. time table on page 2.

Released From Jail.

While a group of men were recently discussing the Haywood trail, one of them remarked that he had served nearly 20 years, not for any crime he had committed but as the result of having neglected his health. He went on to explain that for nearly 20 years he had suffered untold agonies due as he finally discovered entirely to a catarrh condition. It not only gave him almost constant headaches, but interfered with his eyesight and hearing, until one day while glancing over the pages of a magazine he noticed an article about the antiseptic and healing properties possessed by numerous plants growing abundantly in Australia the oils of which had been combined in the proper proportions under the name Mucoline. He said he used three bottles of it and the effect was just like being released from jail.
