

THE CONDON GLOBE

H. A. HARTSHORN
Publisher.

FRIDAY, JULY 12, 1907.

Ed. Bigbee who has been working in the timber in Linn County for the past eight months came up from Lebanon Sunday evening for a two weeks' visit with friends in and around Condon.

Earl Thouvenel has taken a position as assistant type setter in the Globe office.

M. H. Abbey who been in Portland for the past week attending to business matters returned Wednesday evening.

Dr. Donnelly formerly of Fossil passed through town Wednesday morning on his way to Portland. The doctor expects to locate and practice medicine in Condon in the near future.

Geo. Campbell, an expert engineer who formerly lived at Arlington, came in from Portland Wednesday evening to repair G. S. Smith's threshing engine.

J. A. Eberle left Tuesday for Portland and other points in the Valley on a business trip.

Dr. and Mrs. J. F. Wood and little son left Tuesday morning for Seaside to spend a few weeks. The doctor will attend the convention of the State Board of Health and the State Medical Society which meets at Seaside on July 13th.

Mrs. C. F. Kennedy and children left Tuesday for Alba, Oregon, where they will visit with Mrs. Kennedy's parents for a couple of months.

C. F. Kennedy was a Clem visitor Tuesday.

Chas. Wilkins came up from Clem Monday evening and brought a sample of wheat from Henry Wilkins field which stands five feet and ten inches in height. The heads are plump and well filled and in every way it is as good a sample of wheat as can be found anywhere.

Mrs. J. A. Scott left Wednesday morning for Walla Walla, Washington where she will visit all summer with Mr. Scott's parents.

Frank Purdy of Fossil passed through town Wednesday morning on his way to Douglas. Mr. Purdy says he expects to start a dairy ranch in the near future.

P. C. Parker of Oakland, Oregon came in Monday evening for a weeks visit with his son, Attorney Parker. Mr. Parker has been visiting his son at Pilot Rock and is now on his to his home.

The O. R. & N. Co. expects to handle about 1500 cars of wheat on the Arlington-Condon branch this season. This means about 750,000 sacks or 1 1/4 million bushels beside the large amount that will be milled and fed here. They expect about 600 cars from Condon alone.

The Kerr, Gifford Warehouse Co. have handled 805,000 pounds of wool this season. The wool is practically all disposed of and they are now getting ready to take care of part of the big wheat crop.

Jay Bowerman left Wednesday morning for The Dalles to make final proof on the homestead filed on by his brother. From there he will go to Portland and Salem to attend to business matters.

Mr. and Mrs. E. P. Mahaffey left Sunday morning for a week's visit in Portland with friends and relatives. They will also probably spend a week at the springs before returning.

C. K. Andrews has charge of the Arlington-Condon branch during Conductor Mahaffey's absence. Claude says it does him good to get back to Condon.

E. M. Larkin left Tuesday for Ione to unload and set up the combined harvesters he sold in that vicinity. Mr. Larkin has unloaded and set up in the last ten days six in Condon, two at Clem and one at Shuttler.

Rafe Hankins, who spent the fourth in Fossil, passed through town Monday morning on his way to Eugene where he is working for a sawmill company.

Mrs. J. W. Kane who has been in Condon and vicinity for a couple of weeks left Monday morning for The Dalles to make final proof on her homestead. From there she will go to her home in Portland.

Jay Barr, the city water works man, moved his household goods to the city's ranch on Hay Creek where he will have charge of the large engine recently installed there. Mr. and Mrs. Barr will probably remain there all summer.

W. N. Patullo transacted business at Arlington Tuesday.

The First National Bank has installed an up-to-date adding machine.

J. J. Wasson will move his grocery store about August 1 into the room in the Merrifield building now occupied by C. H. Williams.

John Jackson's dog, Piper, was poisoned Wednesday night. It is not supposed that anyone done it intentionally but that he picked up some poisoned meat that someone had thrown out. It is a bad practise to put out poison for anything.

The longest long-distance flight ever attempted by an aeronaut in a dirigible balloon will be undertaken this week by Roy Knabenshue, the Toledo aeronaut. He will undertake to sail his new passenger ship from Toledo to Cleveland, a distance of 123 miles, on an average speed of 20 miles an hour.

D. J. Willson, familiarly known as "Jap" Wilson died at his home on his ranch near the mouth of Thirtymile, Wednesday morning at 3 o'clock. He was suddenly taken sick on Monday morning and Dr. Wood was called. His condition was not serious at that time and after prescribing for him Dr. Wood returned to town. He rapidly became worse and, Dr. Wood having in the meantime left for Seaside, Dr. Gavey was called on Tuesday and found him suffering from acute intestinal obstruction followed by peritonitis which caused his death. He leaves a wife and three children to mourn his loss.

So far as working purposes are concerned, the fiscal year of the government closed on July 5th. The year has been financially, a prosperous one, there being a surplus of \$87,000,000, which is one of the largest net balances ever had.

In three crumbling columns of sandstone, in an almost inaccessible region of Nubia, Professor James Henry Breasted of the Chicago University has discovered the only remaining monument of Ikhnaton, "the greatest of the Pharaohs" and ended a search of more than 3,000 years by the scientists of past centuries. These relics are declared to be the most valuable finds of the present century and are all that is left of the gorgeous Sun Temple of Sesibi, in the buried city of Gm-Ytn.

The Interstate Commerce Commission decision given on July 8, in the case of Georgia Edwards against the Nashville, Chattanooga & St. Louis Railroad, held that where a railroad provided certain accommodations for a first-class passenger of the white race it is commanded by law that the same accommodations shall be provided for negroes who have purchased first-class tickets.

The baseball management is trying to secure a game with the Antelope team to be played at Condon. The Antelope team has been playing good ball this year and when these two teams meet it should be worth coming miles to see. No arrangement has been made as yet but it is safe to say that it will not be long before this game, as both teams are anxious to play.

A few more days of weather like we have had during the past ten days and the wheat will be out of danger from the hot winds which are the terror of farmer. Some of the grain is already ripe enough to cut and with a little more of the hot weather Gilliam County will have the biggest wheat crop in history. Everybody is keeping tab on the wind and getting ready to harvest. There are hundreds of acres in this vicinity which, it is reported, will average forty bushels and the great difficulty will be in securing the help necessary to harvest it.

It is certain that the Japanese in this country have been well treated both before and since the war. During the war with Russia the sympathy of a large majority of the American people was outspokenly in favor of the Japanese but ever since that time they have manifested an inclination to take umbrage on the slightest provocation and there is beginning to be a suspicion that what has heretofore been the cockiness which comes from a brilliant success is in reality a deliberately planned campaign to provoke trouble. But it is with a nation as it is with an individual. Whoever seeks trouble usually has little trouble in finding it. Uncle Sam wants peace but he has a certain amount of self-respect that he must and is quite likely to maintain. Japan is neither discreet nor wise in the way it has managed its internal relations since the recent war but it should be under no misapprehension about the United States. This country fears no other, least of all Japan, and while it will do all it can to honorably avoid trouble, when trouble begins it will be found at the front.—Telegram.

Mr. and Mrs. F. S. McElwee who came here from Vernon, Texas, last fall and afterward went back to Texas have decided that Gilliam County is a pretty good place after all and returned Monday evening.

Geo. S. Smith came up from Arlington Wednesday evening.

R. L. Hunt left Sunday morning on a business trip to Portland. He also attended the druggists convention at Seaside. He returned Wednesday evening.

Polk McPherson was a business visitor at Clem Wednesday.

Coffin Bros. have sold their 58,000-acre farm in Klickitat County, Washington to a Spokane syndicate for \$400,000.00.

A big horse roundup will soon take place in Klickitat and Benton counties. It is estimated that there is between 8000 and 10000 horses upon this range which is one of the largest in the west. About 150 riders will take part in the roundup.

Mrs. G. T. McArthur and two children left Wednesday morning for Mountain Home where they will visit for three weeks with Mrs. McArthur's father and sister.

Evan Anderson left Monday morning for Mikkaloo where he will paint the new store building recently erected by F. Little.

Howard Tobey left Monday morning with ten cars of sheep for Colorado. He will run the sheep on the range in Colorado for a couple of months and will then ship them to Chicago. Emmett Cooney accompanied Mr. Tobey and will go through to Chicago with the sheep.

Geo. Knox of Fossil shipped a car of horses to Portland Monday morning. Steve Thomas went with the horses and will handle them for Mr. Knox.

J. R. Wells was a business visitor at The Dalles Monday and Tuesday.

Mr. and Mrs. Geo. Weigl left this morning for The Dalles where they will visit for a couple of weeks with friends and relatives.

Construction trains are now being run on the north bank road from Pasco almost as far west as Arlington and ties and rails are being laid at the rate of a mile and a half a day. The company promised that they would have trains running as far west as The Dalles in July and it begins to look as if they were going to do it.

The railroad company has awakened to the necessity of having water at the Condon stock yards and the work has been ordered done as soon as possible. The tools are already here and as soon as the men arrive the work will be rushed.

R. H. Robinson left Thursday morning for a few days' visit in Portland. Mrs. Robinson is in Portland and they will probably spend a week at Seaside before returning.

A number of people have expressed their appreciation of the music and place of rest furnished by C. H. Williams in the room in the north side of the Condon National Bank Building during the celebration.

S. B. Hartshorn brought in three turnips this week that averaged twenty-one inches in circumference. One of the turnips weighed four and one-half pounds and would easily make a meal for a good sized family. This is another illustration of what Gilliam County's soil can do when handled in the right way.

Chas. Wilkins of Clem was a Condon visitor Sunday evening.

Eugene E. Schmitz, mayor of San Francisco, was on July 8th sentenced to five years imprisonment in San Quentin penitentiary by Judge Dunne on conviction of the crime of extortion from French restaurants.

Walter May who has been working at Heppner since the first of the month returned Thursday evening.

The Condon base ball team will go to Clem Sunday to play the Clem team. The Clem boys are not satisfied with the showing they made here during the celebration and want a chance to retrieve their reputation.

There is some talk of organizing a troop of rough riders in Condon in view of the trouble between this country and Japan.

H. W. Pauling and R. H. Robinson expect to move their business into the old Gilliam County bank building about the first of August.

Mrs. Gus Burre is on the sick list this week.

Mrs. A. Palmer of Ajax was in town Thursday.

Geronimo, the old Apache warrior, while attending a celebration at Cache, Oklahoma made an attempt to escape into Mexico. He said that he had heard of the Apache troubles near El Paso and wanted to help his people fight.

A new and startling explanation for the sending of the Atlantic fleet to the Pacific ocean, is that American secret agents in Japan have sent sensational information to this country that Japan is active in a certain direction. The Mikado is said to be planning a coup in spite of all appearances to the contrary.—Oregon Journal.

According to statistics recently compiled by the Office of Public Roads in the Department of Agriculture, there are nearly 2,500,000 miles of public roads in this country, only a small percentage of which are improved although an expenditure of nearly \$80,000,000 per annum is applied to the maintenance of these roads.

An advance copy of the Official Call of the Fifteenth National Irrigation Congress has been received by this office. It is issued from the Headquarters of the Congress at Sacramento, Cal. and announces that this important convention will be held in that city from the second to the seventh of next September. The document recites the purposes of the Congress, invites the appointment of delegates by organized bodies of all kinds, and announces special rates over all railway lines to California. The Interstate Irrigation and Forestry Exposition, the California State Fair and special harvest excursions over California are among the entertainment features promised those who attend.
