With five firms selling buggies in the county it would seem as if there was no excuse for our people sending away from home to buy buggies and hacks. Buggy peddlers from the East who pay no taxes and who are of no particular use to us are in the community. A prominent Ferry Canyon rancher recently ordered a buggy from the East and when it came it was not the kind of a buggy he had ordered nor as good quality and was badly broken up. He had obligated himself to pay for it however and had to stand the loss. Had he bought of Hunt the Hardware Man or any other dealer in the county he would have avoided such trickery and loss. Hunt showed by actual comparison that he sold a better hack for \$10 less and he has always made good and always will.

Two more gasoline thresher outfits and two more irrigating plants since the last issue of the GLOBE is the record of Hunt the Hardware Man, notwithstanding the knockers who have never seen one of them work but know more than those do who have. Keep a 'knock-in' boys, it all brings grist to the mill of Hunt the Hardware Man.

## Take Your Choice!

You must choose between the Plumber now or the Doctor later.

Millions of microbes have lain dormant in the drain pipes in your home all winter waiting to be hatched out by the first few days of real hot weather. Now here is the point—was that plumbing properly done?—if not right now is the time to see to it, for to put it off is tempting fate. It's cheaper and far more pleasant to pay a plumber's bill than a doctor's and undertaker's. Think it over, but not too long.
