

NEWS OF THE WEEK

Through the efforts of the people of Spray and of that vicinity, a good road around the Shell Rock grade has just been completed. This road will now make a good route of travel into Spray for the people up the river and will be a boon to them as well as to the enterprising town of Spray. These same "good road builders" are now agitating another improvement, a road around the Black Rock which would put them over five miles nearer Fossil or this city than by the present route of travel. In an editorial the Spray Courier has the following: "We have heard several persons say that they would give both money and work and many more would give work. The business men in Spray and the ranchers around town could well afford to give \$500 in money and as much more in work. With this work completed and the cut off from Winlock to Condon finished our freight depot would be many miles closer than it now is. Then Condon would draw much of the trade from up the river which now goes to Heppner and it would all have to pass through here thus helping our own town. This work will not do itself, so who will be public spirited enough to start a movement with this end in view?"

The work on the streets commenced this week. The old spring which for many years was the only source of water for the town, is being filled up with rock. The rock crusher although having worked a few days on the Jackson place north of town, has not started steady work as yet but will as soon as a sufficient force of men can be found.

A few of the latest improved White sewing machines for sale at a bargain in the old millinery store across from The S. B. Barker Co.'s store.

Our old friend, the fog, silently stole upon us Sunday evening, December 1st, and the fences, telephone wires, trees, etc. have commenced to take on their winter garb of frost and ice. Everyone is wondering what he did with that overcoat he had last winter or what he did with the money he expected to lay up last summer to buy a new one.

If you are in need of a first-class sewing machine at the lowest reduced prices, step into the building formerly occupied by Mrs. Summers' millinery store and Ed Nelson will show you a few of the latest improved White sewing machines.

Advertised Letters

Condon, Ore., Nov. 23, 1907.

1. Dillahunt, George
2. Magee, Hubert
3. Walton, Geo. W.
4. Zacharisen, O. C.
